APPENDIX C

1. ALTERNATE FORM OF PAYMENT FACTORS

Article I
Definitions

- (1) "Accrued Retirement Benefit" means the retirement benefit defined in Article IV, section (A) of these Specifications.
- (2) "Adoption Agreement" means the agreement pursuant to which a Member adopts the Program and the elective provisions thereunder to be applicable to that Member.
- (3) "Anniversary" means any January 1.
- (4) "Basic Benefit" means the benefit described in Article IV.A(1)(c).
- (5) "Board" means the Board of Directors of the Association.
- (6) "Code" means the Internal Revenue Code of 1986, as amended from time to time, and any regulations promulgated thereunder.
- (7) "Committee" means the NTCA Retirement and Security/Savings Plan Trustee Committee that is appointed by the Board; it shall have at least 5 but not more than 10 members.
- (8) "Compensation" for a Plan Year means:
 - (a) In general - For a Participant not described in subparagraph (b), a Participant's wages as defined in Code section 3401(a) for the purposes of income tax withholding at the source, determined without regard to any rules that limit the remuneration included in wages based on the nature or location of the employment or the services performed. Compensation shall also include elective salary reduction contributions which are not includible in gross income of the Participant under Sections 125, 402(e)(3), 402(h), 403(b) or 457(b), and, effective for Plan Years beginning after December 31, 2000, Section 132(f)(4). This definition of Compensation shall apply for Plan Years beginning after December 31, 1987, for purposes of calculating a Participant's benefit in a Plan Year beginning after December 31, 1991 (but only with respect to a Participant who has had contributions to purchase Basic Benefits made on his behalf after December 31, 1991); or
 - (b) Union Participants - In the case of a Participant employed in a unit of employees whose compensation from the Member is the subject of a collective bargaining agreement, the Participant's Effective Salary, but only if (1) the participation of such unit in this Program is evidenced by a separate Adoption Agreement, (2) the definition of Compensation described in subparagraph (a) has not been previously elected in such Adoption Agreement, and (3) the benefits of all Participants in such unit in all NTCA benefit plans are determined on the basis of Effective Salary. A Participating Member that has elected to use Effective Salary may elect, instead, to use Compensation defined in subparagraph (a) for Plan Years beginning on or after the effective date of the election, provided such change does not violate Code section 411(d)(6) or any other applicable legal requirement or Program restriction. Such election may be made in accordance with procedures adopted by the Plan Administrator, and shall be effective only as of January 1 of any Plan Year. Such a change shall be subject to the limitation described in subparagraph (d).

For purposes of the subparagraph (b), Effective Salary means a Participant's annualized regular salary as defined by a Participating Member in accord with applicable law and under uniform procedures adopted by it, on the November 1st preceding said year, and shall not include any overtime, bonuses, commissions, or similar items. Regular salary shall include, however, elective salary reduction contributions which are not includible in gross income of the Participant under sections 125, 402(a)(8) or 457 of the Code. A Participating Member may specify under

uniform procedures adopted by it, a date which is later, by up to two months, then November 1st in lieu thereof.

(c) Limits on Compensation

- (i) In addition to other applicable limitations set forth in the Program, the annual Compensation of each Participant taken into account under the Program in determining benefit accruals in any Plan Year beginning after December 31, 2001, shall not exceed \$200,000, as adjusted by the Commissioner for increases in the cost-of-living in accordance with section 401(a)(17)(B) of the Code. The cost-of-living adjustment in effect for a calendar year applies to annual Compensation for the determination period that begins with or within such calendar year. If a determination period consists of fewer than 12 months, the annual compensation limit will be multiplied by a fraction, the numerator of which is the number of months in the determination period and the denominator of which is 12. For purposes of determining benefit accruals in a Plan Year beginning after December 31, 2001, Compensation for any prior determination period shall be limited as provided by the Participating Member in the Adoption Agreement.
 - (ii) For plan years beginning after 1988 and ending before 1997, in determining the Compensation of a Participant for purposes of this Subsection, the rules of section 414(q)(6) of the Code shall apply, except in applying such rules, the term "family" shall include only the spouse of the Participant and any lineal descendants of the Participant who have not attained age 19 before the close of the year.
 - (iii) The annual compensation of each Participant for any Plan Year beginning after 1988 and ending before 1994 shall not exceed \$200,000, as adjusted by the Secretary at the same time and in the same manner as under section 415(d) of the Code.
- (d) Limited Liability Company Participants - The Compensation of a Participant who is a member of a Limited Liability Company shall equal his "earned income" from that Member, as determined under the principles of Code section 401(c)(2).
- (e) Compensation Cap - If a Participant attains age 55 by the first day of the month next following the Participant's last day of pay for purposes of computing such Participant's High-5 Compensation, the Compensation of a Participant (including disability payments treated as Compensation) for each of the three years immediately preceding the Participant's last day of pay for purposes of computing such Participant's High-5 Compensation (including Compensation annualized pursuant to Article I(18)(d)) shall not exceed the Compensation for the immediately prior Plan Year increased by the greater of (a) 10 percent, or (b) 6 percent plus the increase in the Consumer Price Index for such prior year (but such sum may not exceed 15 percent). Effective January 1, 2022, the foregoing Compensation limitations shall also apply to all Participants born on or after January 1, 1967, regardless of their age. This restriction on Compensation shall be applied before the determination of the Participant's 5 Plan Years in which the Participant's Compensation is the highest, as described in Article I(18). If Compensation for a Plan Year is restricted, the application of the restriction on Compensation in the following Plan Year will be based on the preceding Plan Year's restricted Compensation. The preceding limit shall not apply for the Plan Year next following a Plan Year that includes (i) the Participant's initial date of participation in the Program, or (ii) the Participant's Date of Reemployment, if the Participant was employed by the Member for less than the entire Plan Year that includes the Participant's initial date of participation or Date of Reemployment.
- (f) For Plan Years beginning on and after January 1, 2008, Compensation shall include the following:
- (i) regular Compensation for services that, absent the termination of employment, would have been paid to the former Employee if he had continued in employment with the

Employer, in accordance with Treas. Reg. Section 1.415(c)-2(e)(3)(ii), provided the payment is made within the later of (I) 2½ months after a Participant's termination of employment date or (II) the end of the limitation year that includes the termination of employment date;

- (ii) payments to a former Employee who does not currently perform services for the Employer by reason of qualified military service, to the extent these payments do not exceed the amount the individual would have received if the individual had continued to perform services for the Employer rather than entering qualified military service, in accordance with Treas. Reg. Section 1.415(c)-2(e)(4), but only to the extent the Employer has elected to allow former Employees performing qualified military service to continue to participate, by making an election on its Adoption Agreement, in accordance with Article III.H or I; and
 - (iii) long-term disability payments paid to an Employee or former Employee who is permanently and totally disabled, as defined in Code Section 22(e), in accordance with Treas. Reg. Section 1.415(c)-2(e)(4), but only to the extent the Employer has elected to allow Employees who become Disabled to continue to participate, by making an election on its Adoption Agreement, in accordance with Article III.G.
- (g) For Plan Years beginning on or after January 1, 2011, notwithstanding paragraph (a) above, if a Participating Member elects on the Adoption Agreement, the Compensation of a Highly Compensated Employee shall be determined without regard to any distribution of deferred compensation (including associated amounts, such as income attributable to the cost of insurance protection) from or under a split dollar plan or arrangement.
- (8A) "Controlled Group" means a Member or other person and (a) all corporations which are members of a "controlled group of corporations" (as defined in Code section 414(b)) of which the person is a member, (b) all trades or businesses, whether or not incorporated, which are under "common control" (as defined in Code section 414(c)) with the person, and (c) all members of an "affiliated service group" (as defined in Code section 414(m)) of which the person is a member.
- (9) "Custodial Trustee" means the Custodial Trustee currently acting as such under the Trust Agreement. The Custodial Trustee and its successor or successors, if any, shall be designated by the Board.
- (10) "Date of Employment" means the first day on which an Employee is credited with an Hour of Service.
- (11) "Date of Reemployment" means the first day on which an Employee is credited with an Hour of Service following a Period of Severance.
- (12) "Disabled" means:
- (a) Coverage under NTCA Group Health Program - For a Participant with disability waiver coverage under the NTCA Group Health Program, Disabled means Total Disability as defined in that Program.
 - (b) Other Participants - For all other Participants, Disabled means the definition of "disabled" or a similar term under the disability plan of the Participating Member or, absent such a definition, the inability to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment that may reasonably be expected to be of longstanding and indefinite duration.
- (13) "Early Retirement Date" means the first day of any month during the 10-year period immediately preceding a Participant's Normal Retirement Date, upon which he elects to retire.

- (14) "Eligibility Period" means the waiting period that the Participating Member (in its Adoption Agreement) requires an Employee to serve before he can begin participating in the Program.
- (15) "Employee" means any individual who has applied for and been hired in an employment position and who is employed by an Employer as a common law employee, other than a nonresident alien with no U.S.-source income; provided, however, that Employee shall not include any individual who is not so recorded on the payroll records of the Employer, including any such person who is subsequently reclassified by a court of law or regulatory body as a common law employee of the Employer. For purposes of clarification only and not to imply that the preceding sentence would otherwise cover such person, the term Employee does not include any individual who performs services for the Employer as an independent contractor, or under any other non-employee classification.

Solely for purposes of paragraphs (3), (4), (7), (16), (17) and (26) of section 401(a) of the Code, and of sections 410, 411, 415 and 416 of the Code, a leased employee of an Employer shall be treated as an Employee. The term "leased employee" means any person (other than an employee of the recipient) who pursuant to an agreement between the recipient Employer and any other person ("leasing organization") has performed services for the Employer or for the Employer and related persons (determined in accordance with section 414(n)(6) of the Code) on a substantially full-time basis for a period of at least one year and such services are performed under primary direction and control of the recipient Employer. Contributions or benefits provided by the leasing organization which are attributable to services of the leased employee performed for the recipient Employer shall be treated as provided by the recipient Employer. The preceding sentences of this paragraph shall not apply to any leased employee if: (i) such employee is covered by a money purchase pension plan providing (1) a non-integrated employer contribution rate of at least 10 percent of compensation, as defined in section 415(c)(3) of the Code, but including amounts contributed by the employer pursuant to a salary reduction agreement which are excludable from the employee's gross income under section 125, section 402(a)(8), section 402(h) or section 403(b) of the Code, (2) immediate participation, and (3) full and immediate vesting; and (ii) leased employees do not constitute more than 20 percent of the recipient's non highly compensated work force.

The term "Employee" also shall include a self-employed person who is a member of a Limited Liability Company.

- (16) "Employer" means any Member, the FCC, the REA and (for periods of military service which begin not later than 30 days after a person is credited with an Hour of Service at a Member, the FCC or the REA and which terminate not earlier than 180 days before a person is similarly credited with an Hour of Service) the Armed Forces of the United States.
- (17) "FCC" means the Federal Communications Commission of the Federal Government established by the Communications Act of 1934 and any subsequent revisions thereof.
- (18) "High-5 Compensation" means the average annual Compensation of the Participant as determined under the following rules:
- (a) High-5 formula -
 - (i) If contributions have been made under this Program for 5 or more Plan Years (including partial Plan Years, as described in paragraph (d) below), High-5 Compensation is the annual average Compensation for the 5 Plan Years in which the Participant's Compensation is the highest.
 - (ii) If contributions have been made for fewer than 5 Plan Years, High-5 Compensation is determined based on all such Plan Years.
 - (b) Compensation taken into account, generally -

- (i) Only Compensation for the Plan Year for which High-5 Compensation is being determined and for the nine most recent preceding Plan Years in which the Participant was employed by a Participating Member and for which a Participating Member made contributions to the Program on behalf of the Participant (collectively, "the most recent 10 Plan Year Period") is taken into account in determining High-5 Compensation.
 - (ii) Compensation of the Participant is taken into account only for months for which contributions were made to the Program on the Participant's behalf.
 - (c) Compensation taken into account for certain union Participants - In the case of a Participant employed in a unit of employees whose compensation is the subject of collective bargaining and whose Compensation under the Program is "Effective Salary" as defined in Article I(8)(b), such Compensation shall be taken into account for a full Plan Year for any Plan Year for which contributions were made to the Program on such Participant's behalf, irrespective of whether such contributions were made with respect to the full Plan Year.
 - (d) Calculation of average using partial Plan Years - In determining High-5 Compensation based all or in part on one or more Plan Years for which the Compensation taken into account is less than 12 full months, High-5 Compensation is calculated by dividing the total Compensation paid for the months taken into account in the applicable Plan Year(s) by the total number of such months, and multiplying that result by 12. This effectively annualizes the partial Plan Year of Compensation.
- (19) "Highly Compensated Employee" means highly compensated active employee unless the provision specifically refers to highly compensated former employee.

A highly compensated active employee includes any employee who performs service for the Participating Member during the determination year and who: (i) was a 5 percent owner at any time during the determination year or the look-back year, or (ii) for the look-back year, had compensation as defined in Article V.A(2)(a), from the Participating Member in excess of \$80,000 (as adjusted pursuant to section 415(d) of the Code, except that the base period shall be the calendar quarter ending September 30, 1996) and was in the top 20 percent of employees when ranked on the basis of compensation paid during such year.

A highly compensated former employee includes any employee who separated from service (or was deemed to have separated) prior to the determination year, performs no service for the Participating Member during the determination year, and was a highly compensated active employee for either the separation year or any determination year ending on or after the employee's 55th birthday.

- (20) "Hour of Service" means:
- (a) Each hour for which an Employee is directly or indirectly paid, or entitled to payment, for the performance of duties for the Employer. These hours shall be credited to the Employee for the computation period in which the duties are performed; and
 - (b) Each hour for which an Employee is directly or indirectly paid, or entitled to payment, by the Employer on account of a period of time during which no duties are performed (irrespective of whether the employment relationship has terminated) for reasons such as but not limited to vacation, holiday, illness, incapacity (including disability), layoff, jury duty, maternity or paternity leave, military duty, or leave of absence. No more than 501 Hours of Service shall be credited under this paragraph for any single continuous period whether or not such period occurs in a single Plan Year; and

- (c) Each hour for which back pay, irrespective of mitigation of damages, is either awarded or agreed to by the Employer. The same Hours of Service shall not be credited both under paragraph (a) or paragraph (b), as the case may be, and under this paragraph (c). These hours shall be credited to the Employee for the computation period or periods to which the award or agreement pertains rather than the computation period in which the award, agreement or payment is made.
 - (d) Hours under this section shall be calculated and credited pursuant to paragraphs (b) and (c) of section 2530.200b-2 of the U.S. Department of Labor Regulations which are incorporated herein by reference.
 - (e) Where a Participating Member maintains the plan of a predecessor employer, Hours of Service for such predecessor employer shall be treated as Hours of Service for the Member.
 - (f) Hours of Service will be credited for employment with other members of an affiliated service group (under Code section 414(m)), a controlled group of corporations (under Code section 414(b)), or a group of trades or businesses under common control (under Code section 414(c)), of which a Member is a member.
 - (g) For purposes of Article II.B, an Employee will receive credit for an Hour of Service for each hour of service with a predecessor employer to the extent required by Code section 414(a) or as provided in the following sentence. A predecessor employer includes an employer acquired by a Member pursuant to a stock acquisition or an employer from whom a Member acquires a business unit or assets used in a trade or business, to the extent that the Employee was an employee of the predecessor employer at the time of such acquisition.
- (20A) "Late Retirement Date" means the first day of any month following a Participant's Normal Retirement Date, upon which he elects to retire.
 - (21) "Limited Liability Company" means a limited liability company (as determined under state law) that is treated as a partnership for federal tax purposes. Such term shall not include a limited liability company that is not treated as a partnership for federal tax purposes.
 - (21A) "Member" means a telephone system, telecommunications system, or other entity which is a member of the Association, and the Association itself.
 - (22) "Normal Retirement Date" means the first day of the month in which a Participant attains age 65.
 - (23) "NTCA" and "Association" mean the National Telecommunications Cooperative Association or any successor thereto. NTCA is the 'plan sponsor' for purposes of the Employee Retirement Income Security Act of 1974.
 - (24) "Participant" means each Employee who satisfies the requirements for participation in the Program, and each former Employee who has a nonforfeitable right to a benefit under the Program.
 - (25) "Participant Contributions Account Balance" means the total amount of funds in the Participant Contributions Account defined in Article III, Section (E).
 - (26) "Participating Member" means a Member that adopts this Program and, for purposes of Articles III.A and VII, any successor to such Member, whether by merger, change in legal form, or otherwise. A self-employed person (other than a member of a Limited Liability Company) may not participate in this Program.
 - (27) "Period of Severance" means a continuous period of time during which the Employee is not employed by the Employer. Such period begins on the earlier of: (1) the date he quits, is discharged, retires, or

dies; or (2) the first anniversary of the first date of a period in which an Employee remains absent from service with a Member for any reason other than quit, discharge, retirement, or death. It ends on the date on which he again completes an Hour of Service for a Member. Notwithstanding the foregoing, a Period of Severance shall not commence in the case of an Employee who is absent from service as a reservist called to active military duty, provided the Employee returns to employment with the Member within 90 days of discharge under honorable conditions.

- (28) "Plan Year" means the calendar year.
- (29) "Plan Administrator" means the Committee. Unless otherwise indicated, the Plan Administrator also shall be considered the named fiduciary for the purposes of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").
- (30) "Program" means the NTCA Retirement and Security Program as herein set forth.
- (31) "REA" means the Rural Electrification Administration of the Federal Government established by Executive Order of May 11, 1935, and the Rural Electrification Act of 1936 and any subsequent revisions thereof.
- (32) "Retirement Service" is measured in years and will be credited by one-twelfth for (a) any calendar month in which the Employee was credited with an Hour of Service except for those months in which an Employee was eligible to participate in the Program and chose not to and those months for which a Participant received a benefit under Article IV, Section (A)(1)(c) hereof, and (b) any calendar month not credited under (a) for which a contribution was made under this Program on behalf of the Employee which related to that month. Retirement Service, when credited, shall be nonforfeitable. In accordance with procedures of the Plan Administrator, a benefit may be purchased under Article IV, Section A(1)(c) only once with respect to each calendar month of Retirement Service.
- (33) "Rule-of-85 Provision" means an optional Program feature by which a Participating Member may elect to provide its eligible Participants with enhanced benefits under Article IV, Section (B)(1). A Participating Member may elect in its Adoption Agreement to provide this feature, which shall require the Participating Member to make additional contributions, the amount of which is determined by the Committee (and modified from time to time) based on the recommendation of the Program actuary.
- (34) "Rule-of-85 Service" is measured in years and will be credited as follows:
 - (a) For calendar years after 1981 for persons who became Participants prior to January 1, 1988 - Credits of one-twelfth will be given for calendar months in exactly the same manner as they are given for Retirement Service except that no credit will be given for (i) any month while an Employee was in the employ of a Participating Member (or a Member that had been a Participating Member) that did not participate in the Rule-of-85 Provision for that month or (ii) any month for which an Employer contribution was made that related to that month which was not supplemented in the amount indicated by the procedures adopted under the definition of Retirement Service. Rule-of-85 Service, when credited under this subparagraph, shall be nonforfeitable.
 - (b) For calendar years before 1982 - A portion of pre-1982 Retirement Service will be credited as Rule-of-85 Service; the portion will be pre-1982 Retirement Service multiplied by the ratio of post-1981 Rule-of-85 Service to post-1981 Retirement Service.
 - (c) For persons who first became Participants after December 31, 1987, Rule-of-85 Service shall include only:

- (i) Retirement Service after 1981 to the extent that benefits are associated with such Service under one or more of the provisions of Article IV(A), and with respect to which supplemental contributions to purchase Rule-of-85 credit also have been made.
 - (ii) A portion of Retirement Service before 1982 to the extent that benefits are associated with such Service under one or more of the provisions of Article IV(A); the portion of such Service which is taken into account as Rule-of-85 Service on any date shall be determined by multiplying the ratio of post-1981 Rule-of-85 Service to post-1981 Retirement Service on such date.
 - (iii) A period of military service that began not later than 30 days after a period described in (i) or (ii) above and terminated not earlier than 180 days before a period described in (i) or (ii) above.
- (35) "Supplemental Adoption Agreement" means the agreement pursuant to which a Member elects to participate in the Post-Retirement Medical Benefits Account under Article XI with respect to eligible persons.
- (36) "Trust Agreement" means any contract executed by and between the Program and a Custodial Trustee appointed hereunder; said Trust Agreement shall form a part of the Program.
- (37) "Trust Fund" means the assets held by the Custodial Trustee(s) under the Trust Agreement.
- (38) "USERRA" means the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

Article II

Requirements for Participation

A. Elections by Members to Participate

A Member may become a Participating Member provided:

- (1) Nondiscrimination Requirements - The Member agrees to cover a sufficient number of persons, in a nondiscriminatory manner, so as to satisfy Code sections 401(a)(4), 401(a)(26), and 410(b), and related IRS requirements.
- (2) U.S. Domicile - The Member is domiciled in the United States and takes proper corporate action accepting the provision of the Program.
- (3) Adoption Agreement - The Member makes formal application for enrollment in the Program to the Association in the manner prescribed by the Committee and executes the Adoption Agreement.
- (4) Controlled Group Coverage - The Member elects the same Program provisions in its Adoption Agreement as are in effect for any other Participating Member that is related to it under Code sections 414(b), (c), (m), or (o) (except for a unit of employees whose Compensation from the Member is the subject of a collective bargaining agreement and the participation of such unit in the Program is evidenced by a separate Adoption Agreement) unless the election of different provisions otherwise satisfies subsection (1).

Notwithstanding any provision to the contrary, effective January 1, 2015, Participating Member may elect different rates of Basic Benefits and Participant contributions, described in Article III.A and Article III.B, for different classifications of employees, provided the classifications are based on reasonable and objective criteria, otherwise satisfy subsection (1), and are acceptable to the Plan Administrator.

- (5) Coverage of Employees - The Member agrees to cover all of its Employees under the Program, except that (i) a unit of Employees whose Compensation from the Member is the subject of a collective bargaining agreement shall be covered only to the extent consistent with such agreement, and (ii) any leased employee within the meaning of section 414(n) or (o) of the Code shall be covered only to the extent that the Member has so elected in its Adoption Agreement(s) and (iii) a Member may elect in its Adoption Agreement(s) to exclude from participation all Highly Compensated Employees. Such an election must be made prior to the year during which Highly Compensated Employees will be excluded from participation and will remain in effect until the Member files a new Adoption Agreement(s).
- (6) Effective Date of Participation - The Member's Adoption Agreement is effective as of the first day of the month its participation is to commence.
- (7) Controlled Group Coverage Applicable to Members Commencing Participation Before 1993 - In addition, Members that are related under Code section 414(b), (c), (m), or (o) and which commenced participation in the Program prior to January 1, 1993, shall be subject to subsection (4) to the extent necessary to satisfy the requirements described in subsection (1).
- (8) A Participating Member's continuing participation in the Program is also conditioned on the Participating Member's cooperation in providing the Committee with information required by the Committee to monitor compliance with the requirements described in Subsections (1) through (5) herein and all other requirements under the Code to maintain the Program's tax-qualified status. A Participating Member's failure to provide information requested by the Committee to determine such compliance, and failure to comply with the requirements of the Program and the Code, may, in the discretion of the Committee, result in the termination of participation in the

Program by the Participating Member and its employees effective as of the beginning of the Plan Year for which the Participating Member failed to comply or for which information to determine compliance was requested but not provided.

- (9) In accordance with 23.04 of Revenue Procedure 2020-4 (and the corresponding provision of such Revenue Procedure as updated from time to time), a Participating Member may rely on the IRS determination letter for the Program issued on January 9, 2014, to NTCA as the controlling Member of the Program, except with respect to the requirements of sections 401(a)(4), 401(a)(26), 401(l), 410(b), and 414(s) of the Code, and, if the Member maintains or has ever maintained another plan, sections 415 and 416 of the Code. Regardless, in addition to the requirements provided above, a Participating Member's continuing participation in the Program shall also be subject to the requirements in the Program, and the provisions of the Code and Treasury Regulations, and other regulatory guidance applicable to tax-qualified retirement plans. In the event that a failure to comply with a Program term or tax-qualification requirement occurs with respect to a Participating Member or such Member's Employees, the Participating Member shall cooperate with the Committee to take any necessary and appropriate corrective action, including pursuant to the Employee Plans Compliance Resolution System, currently stated in Revenue Procedure 2019-19 (as may be updated from time to time by the IRS).

B. Requirements for Employee Participation

- (1) Age and Service Requirements - Each Participating Member shall specify in the Adoption Agreement the eligibility period applicable for participation within the following ten provisions: Each Employee who agrees to make the necessary Participant contributions, if any, shall begin participation in the Program effective with the January 1st, April 1st, July 1st, or October 1st, coincident with or next following:
- (a) Immediate participation - his Date of Employment;
 - (b) Participation after three months of service - his completion of a three-month period of service;
 - (c) Participation after six months of service - his completion of a six-month period of service;
 - (d) Participation after one year of service - his completion of a one-year period of service;
 - (e) Participation after two years of service- effective for any Employee who is not a Participant on or before December 31, 2012, his completion of a two-year period of service;
 - (f) Participation after attainment of age 21 effective for any Employee who is not a Participant on or before December 31, 2013, his attainment of the age of 21 years;
 - (g) Participation after three months of service and attainment of age 21 - effective for any Employee who is not a Participant on or before December 31, 2013, the later of (a) his completion of a three-month period of service or (b) his attainment of the age of 21 years;
 - (h) Participation after six months of service and attainment of age 21 - effective for any Employee who is not a Participant on or before December 31, 2013, the later of (a) his completion of a six-month period of service or (b) his attainment of the age of 21 years;
 - (i) Participation after one year of service and attainment of age 21 - effective for any Employee who is not a Participant on or before December 31, 2013, the later of (a) his completion of a one-year period of service or (b) his attainment of the age of 21 years; or

- (j) Participation after two years of service and attainment of age 21 - effective for any Employee who is not a Participant on or before December 31, 2012, the later of (a) his completion of a two-year period of service or (b) his attainment of the age of 21 years.
- (2) Period of Service - For purposes of this Section (B), "period of service" includes (i) a period of service commencing with an Employee's Date of Employment with a Participating Member (or Date of Reemployment, if applicable) and ending with the commencement of a Period of Severance, and (ii) a Period of Severance if the individual has a Date of Reemployment within 12 months of the commencement of Period of Severance. For an individual who is an Employee on December 31, 2003, and who does not terminate employment prior to becoming a Participant, a period of service also includes the first 12 months of any Period of Severance ending before December 31, 2003.
- (3) 1,000 Hours of Service Requirement - Each Participating Member shall elect in the Adoption Agreement whether an Employee who has not completed and is not scheduled to work at least 1,000 Hours of Service during any Year of Service is eligible for participation in the Program. For purposes of this Article II, "Year of Service" for an Employee means the one-year period beginning on his Date of Employment or Date of Reemployment, or, in any year in which do not occur his Date of Employment or Date of Reemployment, the Plan Year, as applicable. Notwithstanding the preceding paragraphs of this Section, if a Participating Member has elected a 1,000 Hours of Service requirement, an Employee who has not completed 1,000 Hours of Service during any Year of Service shall not be deemed to have completed his Eligibility Period until (1) he has satisfied the requirements of the preceding paragraphs of the Section, and (2) the earlier of the time that (i) the Participant completes 1,000 Hours of Service during a Year of Service, or (ii) the Participant is scheduled to work at least 1,000 Hours of Service during a Year of Service.
- (4) Retroactive Retirement Service - In any case where this Section (B) would provide retroactive credit for Retirement Service upon the satisfaction of the eligibility requirements elected by a Participating Member, and such Participating Member also requires Participant contributions as a condition of participation, then such retroactive credit shall be given only if an Employee, upon satisfaction of the appropriate eligibility requirements, makes the required contributions for the period of retroactive credit.

C. Elections by Employees to Participate

- (1) Application to Participate - To become a Participant while employed at a Member which requires Participant contributions, an eligible Employee must file with the Committee, on a form prescribed by it within 31 days after he first becomes eligible, an application for participation authorizing the payroll deductions of any contributions required from him. An Employee who fails to file a timely application may apply at a later date, with benefits accruing from the date his application is accepted by the Committee.
- (2) Changing an Election - Participation by Employees while employed at a Member which requires Participant contributions shall be voluntary and said contributions may be stopped by the Employee on the first day of any calendar month. An employee who has ceased Participant contributions may resume such contributions as of the first day of the month coincident with or following the date his reapplication to make Participant contributions is accepted by the Committee.
- (3) Participation of Rehired Former Participants - A former Participant may resume active participation as of the first day of the month coincident with or following his date of reemployment with a Participating Member subject to the provisions of Article III.M regarding Freeze of Program Eligibility.

- (4) Waiver of Participation - An eligible Employee or Participant who is a Highly Compensated Employee may voluntarily waive participation in the Program for any Plan Year, but only if the Participating Member has demonstrated to the satisfaction of the Plan Administrator that it would otherwise be unable to satisfy the non-discrimination rules under Code section 401(a)(4), the minimum coverage rules under Code section 410(b), or the minimum participation rules under Code section 401(a)(26) for such Plan Year.

D. [Reserved]

Article III
Contributions

A. Member Election of Employer Basic Contributions

- (1) Employer Contributions (Plan Years Before 2022) - Except as otherwise provided herein, contributions to the Program are calculated as a percentage of Compensation. Each Participating Member shall make Employer contributions to the Program for each Plan Year based on the percentage of Participating Member's contributions percentage ("Employer Contribution Percentage") and other elections in its Adoption Agreement plus any Surcharge Contribution required under Section III.A(4), III.A(5) III.A(6), III.A(7) and III.A(8). Notwithstanding any other provision of this Program, (A) the Employer Contribution Percentage described in the preceding sentence is deemed to be reduced by a percentage, not to exceed one-quarter of one percent, designated by the Board ("Designated Percentage") and such percentage required to be paid directly by each Employer to the Association to defray certain costs associated with the Program, and (B) the unreduced Employer Contribution Percentage elected in the Adoption Agreement (i) shall continue to be used to calculate the amount of any required Surcharge contributions and (ii) shall constitute the Gross Payment set forth in Appendix B.

Employer Contributions (Plan Years After 2021) – Except as otherwise provided herein, each Participating Member shall make Employer contributions to the Program for each Plan Year corresponding to the Basic Benefit and other elections in its Adoption Agreement. Notwithstanding any other provision of this Program, the Employer contributions otherwise payable to the Program as described in the preceding sentence are deemed to be reduced by an amount, not to exceed one-quarter of one percent of those Employer contributions, designated by the Board ("Designated Percentage") and such amount required to be paid directly by each Employer to the Association to defray certain costs associated with the Program.

Effective for Adoption Agreements taking effect after December 31, 2021, the minimum Basic Benefit that a Member may elect in its initial or any successor Adoption Agreement is .5% of High-5 Compensation, the maximum Basic Benefit is 4.5% of High-5 Compensation, and a Member may elect any percent between the minimum and maximum in intervals of .10.

- (a) Pre-1987 Plan Years - For Plan Years prior to 1987, the first 0.6% of this contribution shall be deemed a consideration that is applied to purchase pre-retirement death benefits under Article IV, Section (F)(2) of the Program and the remaining contribution shall be deemed a consideration that is applied to purchase retirement benefits under Article IV, Section (A)(1)(c) of the Program.
- (b) 1987 Plan Year - For 1987, the percentage of such contribution specified in Appendix B shall be deemed a contribution that is applied to purchase pre-retirement death benefits under Article IV, Section (F)(2) of the Program, and the remaining contribution shall be deemed a contribution that is applied to purchase retirement benefits under Article IV, Section (A)(1)(c) of the Program.
- (c) For Plan Years After 1987 and Before 2012- for Plan Years after 1987 and before 2012, the percentage of such contributions specified in Appendix B shall be deemed a contribution that is applied to purchase pre-retirement death benefits under Article IV, Section (F)(2) of the Program, and the remaining contributions shall be deemed a contribution that is applied to purchase retirement benefits under Article IV, Section (A)(1)(c) of the Program.
- (d) Post-2011 Plan Years – for Plan Years after 2011, the percentage specified as the Basic Benefit Contributions in Appendix B shall be deemed a contribution that is applied to

purchase retirement benefits under Article IV, Section (A)(1)(c). The contribution applied to purchase pre-retirement death benefits under Article IV, Section (F)(2) of the Program shall be equal to the Gross Payment (described in Appendix B) less (i) the Designated Percentage (described in Article III.A(1)) and (ii) the Basic Benefit Contribution (described in Appendix B).

- (e) Post-2016 Plan Years – For Plan Years after 2016, the percentage specified as the Basic Benefit Contributions in Appendix B shall be deemed a contribution that is applied to purchase retirement benefits under Article IV, Section (A)(1)(c). The contribution applied to purchase pre-retirement death benefits under Article IV, Section (F)(2) of the Program shall be equal to the Gross Payment (described in Appendix B) less (i) the Designated Percentage (described in Article III.A(1)) and (ii) the Basic Benefit Contribution (described in Appendix B).
 - (f) Post-2021 Plan Years – For Plan Years after 2021, required Employer contributions shall be determined by the Committee (pursuant to Article VIII.G) on a basis that corresponds to the Basic Benefit (and other provisions) elected by the Member in the Adoption Agreement (which shall include the amount required to provide pre-retirement death benefits under Article IV).
- (2) No Benefit for Certain Months - Benefits shall not accrue for any month in which the corresponding Participant contributions specified in Article III.B below are not made, except as provided in accordance with Paragraph (a) or (b) below:
- (a) Top-heavy Contributions – Even if Participant contributions are not made, minimum benefits may be required to accrue pursuant to the rules of Article V.B for top-heavy Members; and
 - (b) Contributions in Year of Retirement – Benefits accrue even if Participant contributions are not made, to the extent the Member has so elected in the Adoption Agreement. Such an election shall be subject to the following provisions:
 - (i) General Rule – Except for an election made by a Participating Member on its initial Adoption Agreement, an election under this Article III.A(2)(b) to make or not make such contributions may be effective only as of the first day of a Plan Year. Regardless of when the election is made, it must remain in effect for a period of at least five Plan Years before it may be changed.
 - (ii) Special Election for 2005 – Notwithstanding any provision in Paragraph (i), and in accordance with procedures adopted by the Committee, a Participating Member may make an election to provide contributions for Non-Highly Compensated Participants in the year of retirement under this Article III.A(2)(b), or may revoke a prior election, to be effective January 1, 2005. A Participating Member that does not timely file an election for the 2005 Plan Year will be deemed to have made the same election as in effect for the 2004 Plan Year.
 - (iii) Notice to Committee – Any change in a Participating Member's election under this Article III.A(2)(b) will not become effective unless the Participating Member has provided the Committee with notice at least 30 days in advance of the effective date of the change.
 - (iv) Effective Date of Election – Any new election will be effective with respect to Non-Highly Compensated Participants retiring after the effective date of the election change.

- (3) Special Rule Applicable to Certain Union Members - In the event that one or more Participants with respect to a Member are not entitled to benefits under Article IV, Section (A)(3)(b) by reason of the application of the third condition therein, then an amount corresponding to the value of such benefits (as determined by the Committee) shall be applied by such Member to provide additional Program benefits on a nondiscriminatory basis or to reduce its future contributions for retirement benefits under this Section.
- (4) Surcharge Contribution (Plan Years 2004 through 2007)
- (a) Surcharge Contribution. For each Plan Year from 2004 through 2007, each Participating Member described in Section A(4)(e) shall contribute to the Program a Surcharge Contribution. The Surcharge Contribution for each such Plan Year shall be the sum of (i) the product of the Participating Member's Surcharge Contribution Percentage times the Compensation of the Participating Member's Participants for the Plan Year, plus (ii) the amount of any Surcharge contributions for the Plan Year by the Participating Member on behalf of Disabled Participants, as determined under Section A(4)(c).
- (b) Surcharge Contribution Percentage. The Surcharge Contribution Percentage for 2004 through 2007 for a 6/9/03 Participating Member is the product of (i) 20% times (ii) the sum of the percentages elected under or pursuant to Section C, Rule-of-85; Section F, Member Contributions; and Section F, Participant Contributions of the 6/9/03 Participating Member's Adoption Agreement as in effect on June 9, 2003. The Surcharge Contribution Percentage for 2004 through 2007 for a Participating Member that is not a 6/9/03 Participating Member is the highest Surcharge Contribution Percentage of any 6/9/03 Participating Member in the same Controlled Group as such Participating Member.
- (c) Member Surcharge contributions for Disabled Employees. If a Participating Member described in Section A(4)(e) is making contributions to the Program under Section III.G(2) on behalf of one or more Disabled Participants, then the Participating Member must make Surcharge contributions on behalf of such Disabled Participants in accordance with Section A(4)(a). The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of contributions being made on behalf of the Disabled Participant on June 9, 2003, or, if later, at the time that contributions on behalf of the Disabled Participant begin under Section III.G(2), and (ii) in accordance with the method in Section A(4)(b) for calculating the Surcharge Contribution Percentage of a 6/9/03 Participating Member. The Surcharge Contribution of a Participating Member determined under this Section A(4)(c) shall be the sum, for each such Disabled Participant of the Participating Member, of the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation.
- (d) GHP Waiver Contributions. If contributions as described in Section III.G(1) ("waiver contributions") are being made to the Program by the NTCA Group Health Program on behalf of a Disabled Participant of a Participating Member described in Section A(4)(e), then, for Plan Years from 2004 through 2007, the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation shall be subtracted from the waiver contributions made on behalf of the Disabled Participant in determining the level of benefits purchased by such contributions. The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of waiver contributions being made on behalf of the Disabled Participant on June 9, 2003, or, if later, at the time that waiver contributions on behalf of the Disabled Participant begin, and (ii) in accordance with the method in Section A(4)(b) for calculating the Surcharge Contribution Percentage of a 6/9/03 Participating Member.

- (e) Participating Members. A Participating Member shall be subject to the Surcharge Contribution requirements of this Section A(4) if it is a 6/9/03 Participating Member or if the Participating Member, at the time that Compensation is paid that gives rise to a contribution obligation to the Program, is part of the Controlled Group of a 6/9/03 Participating Member. A Participating Member is not described in the preceding sentence (i) to the extent that it is not a 6/9/03 Participating Member and has become a member of the Controlled Group of a 6/9/03 Participating Member after June 9, 2003, as a result of a bona fide acquisition, or (ii) for any period after the effective date of its withdrawal from the Program in accordance with Article VII.
 - (f) Definitions. "6/9/03 Participating Member" means a Participating Member in the Program subject to an Adoption Agreement in effect on June 9, 2003. "Controlled Group" means a Participating Member and all entities that are treated as part of a single employer with the Participating Member in accordance with Code sections 414(b), (c), and (m). "Compensation" of a Disabled Participant means the Compensation in effect when the Participant becomes Disabled, as estimated by the Participating Member in a written submission to the Plan Administrator shortly before the year the Participant becomes Disabled.
- (5) Surcharge Contribution (Plan Years 2010 through 2013)
- (a) Surcharge Contribution. For each Plan Year from 2010 through 2013, each Participating Member described in Section A(5)(e) shall contribute to the Program a Surcharge Contribution. The Surcharge Contribution for each such Plan Year shall be the sum of (i) the product of the Participating Member's Surcharge Contribution Percentage times the Compensation of the Participating Member's Participants for the Plan Year, plus (ii) the amount of any Surcharge contributions for the Plan Year by the Participating Member on behalf of Disabled Participants, as determined under Section A(5)(c).
 - (b) Surcharge Contribution Percentage. The Surcharge Contribution Percentage for 2010 through 2013 for a 5/14/2009 Participating Member is the product of (i) 20% times (ii) the sum of the following percentages elected under or pursuant to the 5/14/2009 Participating Member's Adoption Agreement: Section C, Rule-of-85, and Section G, Member Contributions and Participant Contributions, in effect on May 14, 2009. The Surcharge Contribution Percentage for 2010 through 2013 for a Participating Member that is not a 5/14/2009 Participating Member is the highest Surcharge Contribution Percentage of any 5/14/2009 Participating Member in the same Controlled Group as such Participating Member.
 - (c) Member Surcharge contributions for Disabled Employees. If a Participating Member described in Section A(5)(e) is making contributions to the Program under Section III.G(2) on behalf of one or more Disabled Participants, then the Participating Member must make Surcharge contributions on behalf of such Disabled Participants in accordance with Section A(5)(a). The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of contributions being made on behalf of the Disabled Participant on May 14, 2009, or, if later, at the time that contributions on behalf of the Disabled Participant begin under Section III.G(2), and (ii) in accordance with the method in Section A(5)(b) for calculating the Surcharge Contribution Percentage of a 5/14/2009 Participating Member. The Surcharge Contribution of a Participating Member determined under this Section A(5)(c) shall be the sum, for each such Disabled Participant of the Participating Member, of the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation.
 - (d) GHP Waiver Contributions. If contributions as described in Section III.G(1) ("waiver contributions") are being made to the Program by the NTCA Group Health Program on

behalf of a Disabled Participant of a Participating Member described in Section A(5)(e), then, for Plan Years from 2010 through 2013, the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation shall be subtracted from the waiver contributions made on behalf of the Disabled Participant in determining the level of benefits purchased by such contributions. The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of waiver contributions being made on behalf of the Disabled Participant on May 14, 2009, or, if later, at the time that waiver contributions on behalf of the Disabled Participant begin, and (ii) in accordance with the method in Section A(5)(b) for calculating the Surcharge Contribution Percentage of a 5/14/2009 Participating Member.

- (e) **Participating Members.** A Participating Member shall be subject to the Surcharge Contribution requirements of this Section A(5) if it is a 5/14/2009 Participating Member or if the Participating Member, at the time that Compensation is paid that gives rise to a contribution obligation to the Program, is part of the Controlled Group of a 5/14/2009 Participating Member. A Participating Member is not described in the preceding sentence (i) to the extent that it is not a 5/14/2009 Participating Member and has become a member of the Controlled Group of a 5/14/2009 Participating Member after May 14, 2009, as a result of a bona fide acquisition, or (ii) for any period after the effective date of its withdrawal from the Program in accordance with Article VII.
 - (f) **Definitions.** "5/14/2009 Participating Member" means a Participating Member in the Program subject to an Adoption Agreement in effect on May 14, 2009. "Controlled Group" means a Participating Member and all entities that are treated as part of a single employer with the Participating Member in accordance with Code sections 414(b), (c), and (m). "Compensation" of a Disabled Participant means the Compensation in effect when the Participant becomes Disabled, as estimated by the Participating Member in a written submission to the Plan Administrator shortly before the year the Participant becomes Disabled.
- (6) **Surcharge Contribution (Plan Years 2014 and 2015)**
- (a) **Surcharge Contribution.** For the 2014 and 2015 Plan Years, each Participating Member described in Section A(6)(e) shall contribute to the Program a Surcharge Contribution. The Surcharge Contribution for each such Plan Year shall be the sum of (i) the product of the Participating Member's Surcharge Contribution Percentage times the Compensation of the Participating Member's Participants for the Plan Year, plus (ii) the amount of any Surcharge contributions for the Plan Year by the Participating Member on behalf of Disabled Participants, as determined under Section A(6)(c).
 - (b) **Surcharge Contribution Percentage.** The Surcharge Contribution Percentage for the 2014 and 2015 Plan Years for a 5/16/2013 Participating Member is the product of (i) 25% times (ii) the sum of the following percentages elected under or pursuant to the 5/16/2013 Participating Member's Adoption Agreement: Section C, Rule-of-85, and Section G, Member Contributions and Participant Contributions for active Employees, in effect on May 16, 2013. The Surcharge Contribution Percentage for 2014 and 2015 Plan Years for a Participating Member that is not a 5/16/2013 Participating Member is the highest Surcharge Contribution Percentage of any 5/16/2013 Participating Member in the same Controlled Group as such Participating Member.
 - (c) **Member Surcharge contributions for Disabled Employees.** If a Participating Member described in Section A(6)(e) is making contributions to the Program under Section III.G(2) on behalf of one or more Disabled Participants, then the Participating Member must make Surcharge contributions on behalf of such Disabled Participants in accordance with Section A(6)(a). The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of contributions being made

on behalf of the Disabled Participant on May 16, 2013, or, if later, at the time that contributions on behalf of the Disabled Participant begin under Section III.G(2), and (ii) in accordance with the method in Section A(6)(b) for calculating the Surcharge Contribution Percentage of a 5/16/2013 Participating Member. The Surcharge Contribution of a Participating Member determined under this Section A(6)(c) shall be the sum, for each such Disabled Participant of the Participating Member, of the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation.

- (d) **GHP Waiver Contributions.** If contributions as described in Section III.G(1) ("waiver contributions") are being made to the Program by the NTCA Group Health Program on behalf of a Disabled Participant of a Participating Member described in Section A(6)(e), then, for the 2014 and 2015 Plan Years, the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation shall be subtracted from the waiver contributions made on behalf of the Disabled Participant in determining the level of benefits purchased by such contributions. The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of waiver contributions being made on behalf of the Disabled Participant on May 16, 2013, or, if later, at the time that waiver contributions on behalf of the Disabled Participant begin, and (ii) in accordance with the method in Section A(6)(b) for calculating the Surcharge Contribution Percentage of a 5/16/2013 Participating Member.
 - (e) **Participating Members.** A Participating Member shall be subject to the Surcharge Contribution requirements of this Section A(6) if it is a 5/16/2013 Participating Member or if the Participating Member, at the time that Compensation is paid that gives rise to a contribution obligation to the Program, is part of the Controlled Group of a 5/16/2013 Participating Member. A Participating Member is not described in the preceding sentence (i) to the extent that it is not a 5/16/2013 Participating Member and has become a member of the Controlled Group of a 5/16/2013 Participating Member after May 16, 2013, as a result of a bona fide acquisition, or (ii) for any period after the effective date of its withdrawal from the Program in accordance with Article VII.
 - (f) **Definitions.** "5/16/2013 Participating Member" means a Participating Member in the Program subject to an Adoption Agreement in effect on May 16, 2013. "Controlled Group" means a Participating Member and all entities that are treated as part of a single employer with the Participating Member in accordance with Code sections 414(b), (c), and (m). "Compensation" of a Disabled Participant means the Compensation in effect when the Participant becomes Disabled, as estimated by the Participating Member in a written submission to the Plan Administrator shortly before the year the Participant becomes Disabled.
- (7) **Surcharge Contribution (Plan Years 2016 and 2017)**
- (a) **Surcharge Contribution.** For the 2016 and 2017 Plan Years, each Participating Member described in Section A(7)(e) shall contribute to the Program a Surcharge Contribution. The Surcharge Contribution for each such Plan Year shall be the sum of (i) the product of the Participating Member's Surcharge Contribution Percentage times the Compensation of the Participating Member's Participants for the Plan Year, plus (ii) the amount of any Surcharge contributions for the Plan Year by the Participating Member on behalf of Disabled Participants, as determined under Section A(7)(c).
 - (b) **Surcharge Contribution Percentage.** The Surcharge Contribution Percentage for the 2016 and 2017 Plan Years for a 5/19/2015 Participating Member is the product of (i) 25% times (ii) the sum of the following percentages elected under or pursuant to the 5/19/2015 Participating Member's Adoption Agreement: Section C, Rule-of-85, and Section G, Member Contributions and Participant Contributions for active Employees, in

effect on May 19, 2015. The Surcharge Contribution Percentage for the 2016 and 2017 Plan Years for a Participating Member that is not a 5/19/2015 Participating Member is the highest Surcharge Contribution Percentage of any 5/19/2015 Participating Member in the same Controlled Group as such Participating Member.

- (c) Member Surcharge contributions for Disabled Employees. If a Participating Member described in Section A(7)(e) is making contributions to the Program under Section III.G(2) on behalf of one or more Disabled Participants, then the Participating Member must make Surcharge contributions on behalf of such Disabled Participants in accordance with Section A(7)(a). The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of contributions being made on behalf of the Disabled Participant on May 19, 2015, or, if later, at the time that contributions on behalf of the Disabled Participant begin under Section III.G(2), and (ii) in accordance with the method in Section A(7)(b) for calculating the Surcharge Contribution Percentage of a 5/19/2015 Participating Member. The Surcharge Contribution of a Participating Member determined under this Section A(7)(c) shall be the sum, for each such Disabled Participant of the Participating Member, of the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation.
 - (d) GHP Waiver Contributions. If contributions as described in Section III.G(1) ("waiver contributions") are being made to the Program by the NTCA Group Health Program on behalf of a Disabled Participant of a Participating Member described in Section A(7)(e), then, for the 2016 and 2017 Plan Years, the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation shall be subtracted from the waiver contributions made on behalf of the Disabled Participant in determining the level of benefits purchased by such contributions. The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of waiver contributions being made on behalf of the Disabled Participant on May 19, 2015, or, if later, at the time that waiver contributions on behalf of the Disabled Participant begin, and (ii) in accordance with the method in Section A(7)(b) for calculating the Surcharge Contribution Percentage of a 5/19/2015 Participating Member.
 - (e) Participating Members. A Participating Member shall be subject to the Surcharge Contribution requirements of this Section A(7) if it is a 5/19/2015 Participating Member or if the Participating Member, at the time that Compensation is paid that gives rise to a contribution obligation to the Program, is part of the Controlled Group of a 5/19/2015 Participating Member. A Participating Member is not described in the preceding sentence (i) to the extent that it is not a 5/19/2015 Participating Member and has become a member of the Controlled Group of a 5/19/2015 Participating Member after May 19, 2015, as a result of a bona fide acquisition, or (ii) for any period after the effective date of its withdrawal from the Program in accordance with Article VII.
 - (f) Definitions. "5/19/2015 Participating Member" means a Participating Member in the Program subject to an Adoption Agreement in effect on May 19, 2015. "Controlled Group" means a Participating Member and all entities that are treated as part of a single employer with the Participating Member in accordance with Code sections 414(b), (c), and (m). "Compensation" of a Disabled Participant means the Compensation in effect when the Participant becomes Disabled, as estimated by the Participating Member in a written submission to the Plan Administrator shortly before the year the Participant becomes Disabled.
- (8) Surcharge Contribution (Plan Years After 2017)
- (a) Surcharge Contribution. For Plan Years after 2017, each Participating Member described in Section A(8)(e) shall contribute to the Program a Surcharge Contribution.

The Surcharge Contribution for each such Plan Year shall be the sum of (i) the product of the Participating Member's Surcharge Contribution Percentage times the Compensation of the Participating Member's Participants for the Plan Year, plus (ii) the amount of any Surcharge contributions for the Plan Year by the Participating Member on behalf of Disabled Participants, as determined under Section A(8)(c).

- (b) **Surcharge Contribution Percentage.** The Surcharge Contribution Percentage after Plan Year 2017 for an 8/24/2015 Participating Member is the product of (i) 50% times (ii) the sum of the following percentages elected under or pursuant to the Participating Member's Adoption Agreement: Section C, Rule-of-85, and Section G, Participating Member Contributions and Participant Contributions for active Employees, in effect on August 24, 2015. The Surcharge Contribution Percentage for Plan Years after 2017 for a Participating Member that is not an 8/24/2015 Participating Member is the highest Surcharge Contribution Percentage of any 8/24/2015 Participating Member in the same Controlled Group as such Participating Member.
- (c) **Member Surcharge Contributions for Disabled Employees.** If a Participating Member described in Section A(8)(e) is making contributions to the Program under Section III.G(2) on behalf of one or more Disabled Participants, then the Participating Member must make Surcharge contributions on behalf of such Disabled Participants in accordance with Section A(8)(a). The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of contributions being made on behalf of the Disabled Participant on August 24, 2015, or, if later, at the time that contributions on behalf of the Disabled Participant begin under Section III.G(2), and (ii) in accordance with the method in Section A(8)(b) for calculating the Surcharge Contribution Percentage of an 8/24/2015 Participating Member. The Surcharge Contribution of a Participating Member determined under this Section A(8)(c) shall be the sum, for each such Disabled Participant of the Participating Member, of the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation.
- (d) **GHP Waiver Contributions.** If contributions as described in Section III.G(1) ("waiver contributions") are being made to the Program by the NTCA Group Health Program on behalf of a Disabled Participant of a Participating Member described in Section A(8)(e), then, for Plan Years after 2017, the product of the Disabled Participant's Surcharge Contribution Percentage times the Disabled Participant's Compensation shall be subtracted from the waiver contributions made on behalf of the Disabled Participant in determining the level of benefits purchased by such contributions. The Surcharge Contribution Percentage for such a Disabled Participant shall be calculated (i) based on the rate of waiver contributions being made on behalf of the Disabled Participant on August 24, 2015, or, if later, at the time that waiver contributions on behalf of the Disabled Participant begin, and (ii) in accordance with the method in Section A(8)(b) for calculating the Surcharge Contribution Percentage of an 8/24/2015 Participating Member.
- (e) **Participating Members.** A Participating Member shall be subject to the Surcharge Contribution requirements of this Section A(8) if it is an 8/24/2015 Participating Member or if the Participating Member, at the time that Compensation is paid that gives rise to a contribution obligation to the Program, is part of the Controlled Group of an 8/24/2015 Participating Member. A Participating Member is not described in the preceding sentence (i) to the extent that it is not an 8/24/2015 Participating Member and has become a member of the Controlled Group of an 8/24/2015 Participating Member after August 24, 2015, as a result of a bona fide acquisition, or (ii) for any period after the effective date of its withdrawal from the Program in accordance with Article VII.

- (f) Definitions. "8/24/2015 Participating Member " means a Participating Member in the Program subject to an Adoption Agreement in effect on August 24, 2015. "Controlled Group" means a Participating Member and all entities that are treated as part of a single employer with the Participating Member in accordance with Code sections 414(b), (c), and (m). "Compensation" of a Disabled Participant means the Compensation in effect when the Participant becomes Disabled, as estimated by the Participating Member in a written submission to the Plan Administrator shortly before the year the Participant becomes Disabled.
- (9) Surcharge Contribution (Plan Years After 2021) – For Plan Years after 2021, a percentage of the Surcharge Contribution calculated under subsection (8) shall be determined by the Committee and be payable as the Surcharge Contribution for such Plan Year pursuant to Article VIII.G.

B. Member Election of Employee Basic Contributions

- (1) Amount of Employee Basic Contributions - The Participating Member shall designate in the Adoption Agreement the amount of any Participant contributions to the Program. The entire amount of this contribution shall be deemed a consideration that is applied to purchase retirement benefits under Article IV, Section (A)(1)(c) of the Program.
- (2) Limit on Contribution Rate –
 - (a) On or after January 1, 2013, and before January 1, 2022 – A Participating Member may not require an Employee to make contributions at a rate in excess of 100% of the rate of Employer contributions, but this limitation shall not apply to any Participating Member whose Adoption Agreement in effect on January 1, 2013 provides for Participant contributions at a rate in excess of such limitation. If a Participating Member whose Adoption Agreement is described in the prior sentence changes the rate of Employer or Participant contributions on or after January 1, 2013, the new rate or rates will be subject to the limitation in the first sentence.
 - (b) On or after January 1, 2022 - A Participating Member may not require an Employee to make contributions at a rate that would exceed 50% of the aggregate Member and Participant contributions for Basic Benefits for the Plan Year.

C. Contributions for Prior Service

- (1) Additional Contribution Required - If any Member elects to provide Prior Service Benefits under Article IV(A)(1)(a) on behalf of a Participant, the Member and, if applicable, the Participant, it shall contribute an amount which is the actuarial equivalent of the benefits to be provided, computed on the actuarial basis last adopted by the Committee. The contributions for benefits so elected shall be assessed against such Member and/or Participant in accordance with procedures adopted by the Committee and shall be apart from and in addition to any other contributions.
- (2) Committee Discretion to Terminate Assessment of Additional Contributions - In the event that the Committee determines, in its sole discretion, that all or any portion of such contributions are no longer required to fund the benefits elected, the Committee shall adopt uniform procedures under which further contributions for such benefits shall not be required or under which a Member may direct that such prior contributions be reapplied to provide additional Program benefits (including Basic Benefits) to its Participants in lieu of making further contributions in whole or in part. Any additional benefits so provided shall be specified in an amendment to the Adoption Agreement and shall not be provided on a discriminatory basis. Nothing contained in this provision (or any other provision of this Program) shall be construed to require the Committee to consider making, or to actually make, any such determination.

D. Administration of Contributions

- (1) Contributions by Payroll Deduction - The Participating Member by which a Participant is employed shall make payroll deductions of any contributions due from him.
- (2) Transfer of Contributions to the Committee - All contributions by Participants shall be transmitted by the Participating Member to the Committee at such times and in such manner as the Committee may direct. Any Participating Member may at any time advance the amount of such contributions anticipated from the current calendar year and thereafter reimburse itself from the deductions under paragraph (1).
- (3) Timing of Contributions - Member and Participant contributions to the Program shall be payable periodically during the year in such amounts and in such manner as the Plan Administrator determines. If a Participating Member or a Participant commences (or withdraws from) active participation in the Program during any month other than January (or December), these annual contributions shall be adjusted to reflect the number of months of active participation (including as full months, months of partial participation).
- (4) Contributions on Behalf of Transferred Participants - Where a Participant transfers from one Participating Member to another Participating Member during a Plan Year beginning after 1988, contributions made by or on behalf of the Participant shall reflect the Participant's actual period of service and Compensation with each Member for the applicable portion of such Year.
- (5) Deposit of Contributions - All contributions received by the Committee shall be deposited by it in an account with a depository designated by the Committee. Such depository shall be a bank or trust company organized under the laws of the United States or any of its states.
- (6) Election Forms - Elections with respect to contributions shall be made on forms prescribed by the Committee. Initial elections shall be made in the Adoption Agreement by which a Member enrolls in the Program.
- (7) Adjustment of Employer Contributions - The Committee may adopt such uniform procedures as it deems necessary to reasonably adjust the amount of Employer contributions where the associated benefits may not be payable or may not accrue (by reason of any limitation contained in this Program or by operation of law) provided that any such adjustments are otherwise permitted by law.
- (8) Delinquent Contributions - In the event that a Participating Member does not make contributions in a timely manner, the Plan Administrator shall take such steps as are necessary to collect the delinquent contributions and interest as provided in the Program collection policy. In the event that contributions are not made within 60 days of the due date, the Participating Member's participation in this Program may be terminated. Any such involuntary termination shall constitute a withdrawal for purposes of the Program (including Article VII). Notwithstanding the failure of a Participating Member to make contributions in a timely manner, any amounts required to be contributed by a Participating Member pursuant to its Adoption Agreement and these Specifications shall be treated as contributed for purposes of Article IV, Section A(1)(c).
- (9) Estimate of Contributions - Employer contributions and, where applicable, Participant contributions, shall be based on a Participant's estimated Compensation for purposes such as year-of-retirement funding (as described in Article III(A)), prior service or supplemental benefits (as described in Article III(C)), disabled Participants (as described in Article III(G)), and such other limited purposes as the Committee shall determine.

E. Participant Contributions

- (1) **Mandatory Participant Contributions** - A separate account shall be maintained for each Participant's contributions (if any) under Section B. The value of such account may be distributed at such times and under such circumstances as permitted under Article IV, and is determined as follows:
 - (a) Step one - Determine the total amount of contributions made by a Participant as a condition of participation in the Program;
 - (b) Step two - Add to the amount in step one interest, if any, required by the terms of the Program to be paid on such contributions up to December 31 1975;
 - (c) Step three - Add to the sum of the amounts determined in steps one and two interest compounded annually at the rate of 5% from January 1, 1976 or the date the Participant began participation in the Program, whichever is later, to the end of the last Plan Year beginning before January 1, 1988 or the Participant's Normal Retirement Date, whichever is earlier;
 - (d) Step four - Add to the sum of the amounts determined in steps one, two, and three interest compounded annually -
 - (i) at the rate of 120 percent of the Federal mid-term rate (as in effect under section 1274 of the Code for the first month of the Plan Year) from the beginning of the first Plan Year beginning after December 31, 1987, and ending with the date on which the determination is being made, and
 - (ii) at the interest rate which would be used under the Program under section 417(e)(3) of the Code (as of the determination date) for the period beginning with the determination date and ending on the Participant's Normal Retirement Date;
 - (e) Step five - The amount in step 4 will be converted into the normal form of benefit using the interest rate that would be used under the Program under section 417(e)(3) of the Code.
- (2) **Rollover Contributions**
 - (a) **General rule** – The Program will accept a Participant's eligible rollover distribution (as that term is defined in the Code) in accordance with the following provisions:
 - (i) **Direct Rollovers** - The Program will accept a direct rollover of an eligible rollover distribution from:
 - (A) a qualified plan described in section 401(a) or 403(a) of the Code, including after-tax Participant contributions;
 - (B) an annuity contract described in section 403(b) of the Code, excluding after-tax Participant contributions; and
 - (C) an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.
 - (ii) **Participant Rollover Contributions from Other Plans** - The Program will accept a Participant contribution of an eligible rollover distribution from:

- (A) a qualified plan described in section 401(a) or 403(a) of the Code;
 - (B) an annuity contract described in section 403(b) of the Code; and
 - (C) an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state.
- (iii) Participant Rollover Contributions from IRAs - The Program will accept a Participant rollover contribution of the portion of a distribution from an individual retirement account or annuity described in section 408(a) or 408(b) of the Code (including SEPs and SIMPLE IRAs after 2 years of participating in the SIMPLE IRA) that is eligible to be rolled over and would otherwise be includible in gross income.

Rollover contributions must be made, under uniform procedures adopted by the Committee, in a direct rollover or within 60 days of the individual's receipt of the distribution, and do not include amounts that are attributable to self-employment income.

Rollover contributions must be irrevocably applied to purchase retirement benefits under Section A(1)(g) of Article IV.

- (b) Rollover Contributions Excluded from Participant Contributions Account Balance - Rollover contributions under this Section shall not be included in the Participant Contributions Account Balance under any provision of Article IV.
- (c) Application of limits described in Articles V(A) and V(B) - Neither the rollover contributions, nor the benefits purchased with rollover contributions, shall be taken into account for purposes of Article V(A) (limitation on benefits) and Article V(B) (top-heavy provisions). Notwithstanding the preceding sentence, a portion of the benefit purchased with rollover contributions made pursuant to Article IV.G(3) shall be taken into account for purposes of Article V.A to the extent required by the regulations under Code section 415.
- (d) Notwithstanding any other provision, rollover contributions under this section will be accepted only from Participants who are (i) otherwise eligible to participate in this Program, (ii) electing to retire at an early, normal or late retirement age under the Program, and (iii) electing to apply such rollover contributions for the immediate purchase and distribution of additional benefits under the provisions of Article IV.A(1)(e).

F. No Contributions for Participants Who Do Not Satisfy Minimum Hours Requirement

Notwithstanding any other provision of this Program, no Member or Participant contributions shall be made by or with respect to any Employee who is not scheduled to work 1,000 Hours of Service during a Plan Year or has not completed at least than 1,000 Hours of Service during a Plan Year, and no benefits shall accrue to such Employee for such year, if the Member has so elected in its Adoption Agreement.

G. Certain Disabled Participants

A Participating Member may elect in its Adoption Agreement to allow Participants who become Disabled while employed by a Participating Member to continue to participate in the Program, subject to the following limitations and conditions:

- (1) Coverage under NTCA Group Health Program - If the Participant is employed by a Participating Member that has elected long-term disability waiver coverage from the NTCA Group Health

Program and the Participant has made any required contributions so he has such long-term disability coverage as of the date he is Disabled, payments of Program contributions from the NTCA Group Health Program, including any required Participant contributions to the R&S Program, will be accepted by this Program in lieu of any contributions to the Program by the Employer or Participant;

- (2) Requirements Applicable to Contributions - If the Participating Member has elected to make Program contributions directly while the Participant is Disabled, such continuing contributions will be subject, if applicable, to the Participant's continuing to make required Participant contributions. If at any time the Participant fails to make required Participant contributions in a timely manner, as determined by the Plan Administrator or its delegate, such Participant shall not be entitled to make additional Participant contributions, and the Participating Member shall not make additional Program contributions on behalf of such Participant. Whether or not the Participating Member has elected long-term disability waiver coverage under the NTCA Group Health Program (GHP), if the Participating Member has an election in effect to provide ongoing accruals for Disabled Participants, then Program contributions will continue on the basis of the Program Basic Benefit, contribution percentages, and rate of Compensation in effect when the Participant became Disabled. To the extent that any waiver contributions from GHP are not sufficient to fund the accruals for a Disabled Participant, the Participating Member is required to make any further contributions;
- (3) Lack of Coverage under the NTCA Group Health Program - Program contributions will not be made with respect to a Participant employed by a Participating Member that has elected long-term disability waiver coverage from the NTCA Group Health Program if the Participant had no such coverage as of the date he became Disabled because he did not make contributions required for long-term disability waiver coverage;
- (4) Cessation of Contributions - Program contributions will cease if the Disabled Participant elects a distribution of his Accrued Retirement Benefit or ceases to be a Disabled Participant;
- (5) Disabled Participant Need Not Be Employee - Programs contributions are not conditioned on the Disabled Participant's status as Employee;
- (6) Nondiscrimination Testing - Program contributions pursuant to this Article III.G are not subject to Code section 401(a)(4);
- (7) Withdrawal of Participating Member - If a Participating Member withdraws from the Program pursuant to Article VII, a Participant who is Disabled, and on whose behalf required contributions are being made to the Program by the NTCA Group Health Program pursuant to long-term disability coverage thereunder, shall not be transferred pursuant to Article VII but shall remain in the Program and continued contributions shall be made to the Program on the Participant's behalf in accordance with the NTCA Group Health Program and this Article III.G; and
- (8) Election Regarding Continued Participation by Disabled Participants –
 - (a) General Rule – Except for any election made by a Participating System on its initial Adoption Agreement, an election under this Article III.G to make or not make such contributions may be effective only as of the first day of a Plan Year. Regardless of when the election is made, it must remain in effect for a period of at least five Plan Years before it may be changed.
 - (b) Special Election for 2005 – Notwithstanding any provision in Paragraph (a), and in accordance with procedures adopted by the Committee, a Participating System may make an election to provide ongoing accruals for Disabled Participants under this Article

III.G, or may revoke a prior election, to be effective January 1, 2005. A Participating System that does not timely file an election for the 2005 Plan Year will be deemed to have made the same election as in effect for the 2004 Plan Year.

- (c) Special Election for 2006 – Notwithstanding any provision in Paragraph (a), and in accordance with procedures adopted by the Committee, a Participating System may make an election to provide ongoing accruals for Disabled Participants under this Article III.G, or may revoke a prior election, to be effective January 1, 2006. A Participating System that does not timely file an election for the 2006 Plan Year will be deemed to have made the same election as in effect for the 2005 Plan Year.
 - (d) Notice to Committee – Any change in a Participating Member's election under this Article III.G will not become effective unless the Participating Member has provided the Committee with notice at least 30 days in advance of the effective date of the change.
 - (e) No Effect on Current Disabled Participants – Any Disabled Participant being credited with contributions in accordance with a Participating Member's election will continue to be credited with contributions in accordance with the Basic Benefit in effect at the time the Participant becomes Disabled, even if the Participating Member subsequently elects to change its Basic Benefit or not to provide for continued contributions for Participants who become Disabled in the future.
- (9) *Contributions for long term disability coverage under the Program are not considered after-tax contributions unless actually withheld from the amounts reported as W-2 wages of the Participant for federal tax purposes.*

H. Certain Reservist Participants

- (1) Employer Contributions - A Participating Member shall fund the same Basic Benefit it provides to active Participants under this Article on behalf of any Participant during the period the Participant is a reservist called to active military duty ("Reservist Participant") except that the percentage of Member contributions made to purchase pre-retirement death benefits shall be three-tenths of one percent (0.3%) of Compensation. This Member contribution shall be made regardless of whether the Reservist Participant makes the Participant contributions, if any, required under Article III section (B) during this period of military leave.
- (2) Participant Contributions –
 - (a) Contributions by Participating Member – A Participating Member that requires Participant contributions may elect in its Adoption Agreement to fund the Basic Benefit associated with the applicable Participant contributions during the period of military leave on behalf of a Reservist Participant. Such an election shall be subject to the following provisions:
 - (i) General Rule – Except for any election made by a Participating Member on its initial Adoption Agreement, an election under this Article III.H to make or not make such contributions may be effective only as of the first day of a Plan Year. Regardless of when the election is made, it must remain in effect for a period of at least five Plan Years before it may be changed.
 - (ii) Special Election for 2005 – Notwithstanding any provision in Paragraph (i), and in accordance with procedures adopted by the Committee, a Participating Member may make an election to make the applicable Participant contributions during the period of military leave on behalf of a Reservist Participant under this Article III.H, or may revoke a prior election, to be effective January 1, 2005. A Participating

Member that does not timely file an election for the 2005 Plan Year will be deemed to have made the same election as in effect for the 2004 Plan Year.

- (iii) Notice to Committee – Any change in a Participating Member's election under this Article III.H will not become effective unless the Participating Member has provided the Committee with notice at least 30 days in advance of the effective date of the change.
- (iv) Effective Date of Election – Any new election will be effective with respect to Reservist Participants returning to employment after the effective date of the election change.
- (b) Contributions by Participant – A Reservist Participant on whose behalf Participant contributions are not made under Paragraph (a) above may make up the Participant contributions not made during the period of military service, provided such contributions must be paid to the Program within one year of the return of the Reservist Participant to employment with the Participating Member.
- (3) Compensation for Reservist Participant - The Compensation for any Plan Year for purposes of determining the contributions to be made under this Section (H) by or on behalf of a Reservist Participant shall be the Compensation last in effect for such Reservist Participant.
- (4) Accrual of Benefits - Benefits for the period of military service for which contributions are made under this Section (H) shall not accrue unless and until the Reservist Participant returns to employment with the Participating Member within 90 days of discharge under honorable conditions.
- (5) Adjustment of Employer Contributions - Participating Member contributions made under subsections (1) or (2) on behalf of a Reservist Participant who does not satisfy the requirements of Subsection (4) shall be accounted for pursuant to Article III (D) (7) except for contributions made towards the pre-retirement death benefit.
- (6) Military Date after December 12, 1994 - The last sentence of Article I(27) and Paragraphs (1) - (5) of this Article III.H shall not apply with respect to periods of active military duty beginning after December 12, 1994.

I. Employer Contributions for Participants Covered by USERRA

- (1) Employer Contributions – If an Employee whose employment rights are protected by USERRA is reemployed by a Participating Member and such Employee's benefits under the Program are increased pursuant to Section J of Article IV, such Participating Member shall fund Basic Benefits under the Program on behalf of such Employee based on the applicable rate in effect under Section A of this Article III for the Plan Year(s) during which the Employee was engaged in qualified military service (as defined under USERRA).
- (2) Participant Contributions –
 - (a) Contributions by Participating Member – A Participating Member that requires Participant contributions may elect in its Adoption Agreement to make the applicable Participant contributions during the period of qualified military leave on behalf of an Employee. Such an election shall be subject to the following provisions:
 - (i) General Rule – Except for any election made by a Participating Member on its initial Adoption Agreement, an election under this Article III.I to make or not make such contributions may be effective only as of the first day of a Plan Year.

Regardless of when the election is made, it must remain in effect for a period of at least five Plan Years before it may be changed.

- (ii) Special Election for 2005 – Notwithstanding any provision in Paragraph (i), and in accordance with procedures adopted by the Committee, a Participating Member may make the applicable Participant contributions during the period of qualified military leave on behalf of an Employee under this Article III.I, or may revoke a prior election, to be effective January 1, 2005. A Participating Member that does not timely file an election for the 2005 Plan Year will be deemed to have made the same election as in effect for the 2004 Plan Year.
- (iii) Notice to Committee – Any change in a Participating Member's election under this Article III.I will not become effective unless the Participating Member has provided the Committee with notice at least 30 days in advance of the effective date of the change.
- (iv) Effective Date of Election – Any new election will be effective with respect to Employees returning to employment from a period of qualified military leave after the effective date of the election change.
- (b) Contributions by Participant – An Employee on whose behalf Participant contributions are not made under Paragraph (a) above may make up the Participant contributions not made during the period of qualified military service, provided such contributions must be paid to the Program within the period, immediately following the Employee's return to service with the Participating Member, of the lesser of five years or three times the period of qualified military service.

J. Employer Contributions for Correction of Nondiscrimination Issue

In the event a Participating Member must retroactively cover additional Employees in order to satisfy the requirements of Code section 401(a)(26) or 410(b), the Participating Member shall contribute such amounts as the Committee determines are necessary to fund benefits for any additional covered Employee.

K. Employer Election to Prepay Surcharge Contributions

- (1) A Participating Member may make a "Prefunding Election" in accordance with these Specifications and such other rules and policies as the Committee may prescribe from time to time.
- (2) A "Prefunding Election" is a written election to prefund the Participating Member's expected Program Surcharge contributions (a) for the period designated by the Committee, (b) that is made on or before the date prescribed by the Committee, and (c) that has been accepted by the Committee by written notice to the Member. Once the expected Surcharge contributions have been paid, the Prefunding Election becomes irrevocable.
- (3) Consequences of Prefunding
 - (a) A Participating Member that has a balance in its Prefunding Account under paragraph (4) shall not be required to make the Surcharge contributions otherwise payable for a Plan Year under Article IIIA.
 - (b) As set forth in the Program's written policy governing PBGC premiums, (i) a Participating Member who pays to the Program the amount described in paragraph (2) on or before September 15, 2016 shall not be assigned a share of the Program's variable rate PBGC premiums for the years 2016 through 2029 and (ii) a Participating Member who pays the

amount described in paragraph (2) between September 16, 2016 and September 15, 2017 shall not be assigned a share of the Program's variable rate PBGC premiums for the years 2017 through 2029.

- (4) A notional Prefunding Account shall be maintained for each Participating Member who has made a Prefunding Election in accordance with the following rules:
 - (a) The Participating Member shall pay the amount described in paragraph (2) on or before September 15, 2017, unless extended by the Committee.
 - (b) The Prefunding Account shall be adjusted annually, including for investment gains and losses, as determined by the Committee.
 - (c) Amounts shall be deemed to be withdrawn from such Account to make Surcharge contributions otherwise due under Article IIIA until the balance of such account becomes zero, at which time, Surcharge contributions may be required to resume.
 - (d) If Surcharge contributions under Article IIIA are no longer payable by any Participating Member, any remaining amounts shall be applied under the Program toward the Member's Employer Contributions for Basic Benefits, as prescribed by the Committee, but may not be returned to such Member.
 - (e) To the extent that Surcharge Contributions under Article III.A are payable at a lower rate for a Plan Year after 2021 than provided in Article III.A.(8), a Member may withdraw from the Prefunding Account an amount equal to the prior Surcharge Contribution calculated under Article III.A.(8) and apply such amount to fund Surcharge Contributions and Basic Benefits for that year.
 - (f) The amount in the Prefunding Account shall be taken into account in determining a Member's "allocable assets" under Article VII (relating to spinoffs and withdrawals). However, if a spinoff does not satisfy Article VII.B(2)(c), such amount shall be included in the Member's allocable assets solely for purposes of Article VII.C(4) (relating to the annuity purchase method).
 - (g) A Participating Member may request an accounting of its notional Prefunding Account once per year as permitted by the Committee.
- (5) In the case of a significant event affecting the funding of the Program, as determined by the Committee in its sole discretion – including a significant reduction in the value of Program assets or a change in federal law that materially increases minimum funding requirements for the Program – the Committee may modify any of the provisions of this paragraph in its sole discretion.
- (6) The Committee may provide additional rules and procedures associated with Prefunding Elections in the Program policy manual or other written documents in its sole discretion.

L. Post-2017 Employer Election to Prepay Contributions

- (1) A Participating Member may make a "Post-2017 Prefunding Election" in accordance with these Specifications and such other rules and limitations as the Committee may prescribe from time to time.
- (2) A "Post-2017 Prefunding Election" is a written election to prefund the Participating Member's expected Program surcharge or expected additional contributions (a) that is made on or after October 1, 2018 and before any deadline established by the Committee, and (b) that has

been accepted by the Committee by written notice to the Member. Once such contributions have been paid, the Post-2017 Prefunding Election becomes irrevocable.

- (3) A notional Prefunding Account shall be maintained for each Participating Member who has made a Post-2017 Prefunding Election in accordance with the following rules:
 - (a) Limitations on Amount of Contribution Made Pursuant to a Post-2017 Contribution Election
 - (i) Minimum Contribution: The minimum amount for a Post-2017 Contribution Election shall be the greater of (i) \$50,000 and (ii) the present value of the Participating Member's expected Surcharge Contributions, except that the minimum amount shall be \$50,000 for a contribution made pursuant to a Post-2017 Prefunding Election made after 2021.
 - (ii) Maximum Contribution: A Post-2017 Prefunding Election shall not be permitted to the extent that the proposed contribution would cause a Participating Member's aggregate prefunded contributions under the Program (including those made pursuant to a prior Prefunding Election) to exceed the present value of the Member's expected contributions, including Surcharge Contributions at the time of such contribution.
 - (b) The Prefunding Account shall be adjusted annually, including for investment gains and losses, as determined by the Committee. No amount in such Account shall be payable to the Member at any time.
 - (c) Amounts shall be deemed to be withdrawn from such Account (i) to make Surcharge Contributions otherwise due under Article III.A in Plan Years before 2022, and (ii) beginning with the 2022 Plan Year, to the extent that Surcharge Contributions under Article III.A are payable at a lower rate after 2021 than provided in Article III.A(8), a Member may withdraw from the Prefunding Account an amount equal to the Surcharge Contribution provided in Article III.A(8) and apply such amount to fund Surcharge Contributions and Basic Benefits for that year.
 - (d) The amount in the Prefunding Account shall be taken into account in determining a Member's "allocable assets" under Article VII (relating to spinoffs and withdrawals). However, if a spinoff does not satisfy Article VII.B(2)(c), such amount shall be included in the Member's allocable assets solely for purposes of Article VII.C(4) (relating to the annuity purchase method).
 - (e) A Participating Member may request an accounting of its notional Prefunding Account once per year as permitted by the Committee.
 - (f) A Participating Member that makes a Post-2017 Prefunding Election will not qualify for a PBGC variable rate premium waiver on the basis of such election.
- (4) The Committee shall provide rules to coordinate a Participating Member's prior Prefunding Election and Post-2017 Prefunding Election to the extent appropriate, including combining into a single Prefunding Account contributions made pursuant to both such Elections.
- (5) In the case of a significant event affecting the funding of the Program, as determined by the Committee in its sole discretion – including a significant reduction in the value of Program assets or a change in federal law that materially increases minimum funding requirements for the Program – the Committee may modify any of the provisions of this paragraph in its sole discretion.

- (6) The Committee may provide additional rules and procedures associated with Prefunding Elections in the Program policy manual or other written documents in its sole discretion.

M. Freeze of Program Eligibility (“Soft Freeze”)

- (1) A Participating Member shall be permitted to elect to exclude from Program Eligibility all Employees hired or rehired on or after the first day of any month (“Freeze Date”). A Participating Member desiring to implement a Soft Freeze shall, prior to the first day of the Plan Year in which the Freeze Date shall occur, execute an Adoption Agreement, effective as of the first day of such Plan Year, that reflects the Soft Freeze. Notwithstanding Article V.B(2)(c), such Adoption Agreement shall reflect that any top-heavy minimum benefit due for a Plan Year under Article V.B(2)(a) to a Participant covered under any other plan or plans of the Participating Member, including the Savings Plan for Employees of NTCA and Its Members (if applicable), shall be satisfied under the other plan or plans. An Employee hired or rehired before the Freeze Date but who has not satisfied the eligibility requirements in Article II as of such Freeze Date, shall not be eligible to become a Participant in the Program. In addition, a Participant who terminates employment with a Participating Member and is employed by another Participating Member that is not a member of the first Participating Member’s Controlled Group and has adopted a Soft Freeze shall be excluded from Program Eligibility.

Notwithstanding the foregoing, a Participant who

- (a) terminates employment with a Participating Member but remains employed within the Participating Member’s Controlled Group before returning to employment with the Participating Member; or
- (b) terminates employment with a Participating Member and its Controlled Group and returns to service with the Participating Member (or a member of its Controlled Group that is a Participating Member) prior to, the expiration of 12 months from the date the Participant terminated service (or the first date the Participant was otherwise absent from service, as applicable)

shall again become a Participant in accordance with Article II.C(3) regardless of whether the Participating Member that rehires the Participant has adopted a Soft Freeze.

- (2) A Participating Member that has elected to exclude newly hired or rehired Employees from the Program, as described in Subsection (1) above, must make an annual additional contribution on behalf of the Participants who remain eligible for Program contributions equal to 20% of the Employer basic Contribution described in Article III.A(1), as well as any Employee Basic Contributions described in Article III.B, for the Plan Year during which the Freeze Date occurs and each succeeding Plan Year it remains a Participating Member. Such additional contribution shall be paid in accordance with procedures adopted by the Committee. Any Participating Member with a notional Prefunding Account, as described in Article III.K(4), may elect to apply amounts credited to such Prefunding Account towards the additional contribution described in this paragraph (2).

Article IV
Plan Benefits

A. Accrued Retirement Benefit

- (1) General Rule - A Participant's Accrued Retirement Benefit is the sum of the amounts determined under (a), (b), (c), (d), (e), (f), and (g) below, increased where applicable by subsections (2), (3), (4), (5), and (6) and further increased where appropriate (as determined upon the Participant's cessation of participation in the Program) by any minimum accruals to which the Participant is entitled under Article V, section (B)(2). Any annuity payments made under the Program shall be made on a monthly basis and may not increase after commencement (except as a result of any increase in the Participant's Accrued Retirement Benefit attributable to additional accruals as determined in accordance with the provisions of this Article IV). A Participant's Accrued Retirement Benefit shall be fully vested and nonforfeitable at all times.
 - (a) Prior Service Benefit - An amount related to Retirement Service credited to a Participant. Prior Service Benefits must be purchased on a basis that satisfies the applicable non-discrimination requirements under Code section 401(a)(4). Prior Service Benefits may be purchased on a contributory basis only if the then-existing regular contribution formula of the Employer is contributory; such an Employer may purchase prior Service Benefits under (i) its then-existing regular contribution formula, (ii) the contributory formula in effect in the year(s) with respect to which Prior Service Benefits are being purchased, or (iii) a formula requiring contributions only from the Employer. A Participating Member may elect in the Adoption Agreement or an amendment thereto to purchase Prior Service Benefits, the amount of which shall be expressed (1) as a fixed amount, (2) as a percentage of High-5 Compensation, or (3) in the case of an acquisition, on a basis that coordinates benefits under a prior plan with benefits provided under this Program. Subject to IRS limits, Prior Service Benefits may be purchased in any amount up to the following maximum: the amount which would have been accrued under paragraphs (b) and (c) had the Member's and its Participants' current Basic Benefit contribution rates been in effect throughout the period of the Participant's Retirement Service, less the percentage actually accrued.
 - (b) Original Program and Pre-Program Benefits - An amount related to Retirement Service attributable to periods before 1968 (including periods prior to the establishment of the Program). The only Participants who may receive retirement benefits under this paragraph (b) are those Participants who had accrued a retirement benefit with respect to this service on or before December 31, 1983 (under the terms of the Program as it then existed) and who were Participants in this Program on January 1, 1984. The amount of this benefit shall be expressed as a percentage of High-5 Compensation; the percentage shall be determined by multiplying (i) times (ii) times (iii), as follows:
 - (i) the related years of Retirement Service for which a benefit had been purchased (whether or not for a period when the individual was a Participant in this Program and including a benefit purchased pursuant to a transfer from or merger with another retirement plan and this Program) on or before December 31, 1983;
 - (ii) 0.1818; and
 - (iii) the percentage of 1984 Effective Salaries contributed to the Program during 1984 to purchase Basic Benefits for such Participant under paragraph (c) below, except that, if the Participant ceased the accrual of Basic Benefits prior to 1984, then the percentage of Effective Salaries contributed to the Program for the most recent year for which the Participant accrued a Basic Benefit shall be applied.

Notwithstanding anything contained in this paragraph, a Participant (or his beneficiary) who is receiving a benefit on October 1, 1986 shall not be entitled to a benefit which exceeds the greater of (1) the benefit payable to such Participant (or beneficiary) on September 1, 1986, or (2) the benefit to which the Participant would have been entitled on his actual retirement date, if this paragraph (as amended) had been in effect as part of the Specifications of this Program as of such retirement date.(*)

Note: (*) This provision is effective on and after October 1, 1986. However, in the case of a Participant who commenced the receipt of benefits under the Program before such date, benefits also shall be payable in accordance with this provision for the period commencing January 1, 1984 (or, if later, commencing with the first month for which the Participant began to receive retirement benefits under the Program).

- (c) Basic Benefit - An amount accrued each Plan Year by each Participant, computed as a percentage of his High-5 Compensation. Such percentage shall be prorated in the case of a partial year of Retirement Service in a Plan Year. Each Participant's total accrued Basic Benefit is the sum of the percentage determined below for each year of participation, multiplied by his High-5 Compensation.
- (i) Before 1975 - The percentage that accrues for a full year of Retirement Service in a Plan Year after 1967 and before 1975 is computed as the product of (1) 0.1515, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Compensation for the Plan Year that a Participant has contributed to the Program on his own behalf.
 - (ii) Before 1987 - The percentage that accrues for a full year of Retirement Service in a Plan Year after 1974 and before 1987 is computed as the product of (1) 0.1818, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Effective Salary for the Plan Year that a Participant has contributed to the Program on his own behalf.
 - (iii) After 1986 - The percentage that accrues for a full year of Retirement Service in a Plan Year after 1986 is computed as the product of (1) 0.2105, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Compensation for the Plan Year that a participant has contributed to the Program on his own behalf.
 - (iv) After 1995 - The percentage that accrues for a full year of Retirement Service in a Plan Year after 1995 and before 2008 is computed as the product of (1) .2168, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Compensation for the Plan Year that a participant has contributed to the Program on his own behalf.

- (v) After 2007 – The percentage that accrues for a full year of Retirement Service in a Plan Year after 2007 is computed as the product of (1) .2091, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Compensation for the Plan Year that a participant has contributed to the Program on his own behalf.
- (vi) After 2013 – The percentage that accrues for a full year of Retirement Service in a Plan Year after 2013 is computed as the product of (1) .1855, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Compensation for the Plan Year that a participant has contributed to the Program on his own behalf.
- (vii) After 2016 – The percentage that accrues for a full year of Retirement Service in a Plan Year after 2016 is computed as the product of (1) .1531, multiplied by (2) the percentage of a Participant's Compensation for the Plan Year that a Participating Member has contributed (or has caused to be contributed) to the Program on behalf of the Participant for Basic Benefits; plus the percentage of a Participant's Compensation for the Plan Year that a participant has contributed to the Program on his own behalf.
- (viii) After 2021 – The percentage that accrues for a full year of Retirement Service in a Plan Year after 2021 is specified in the Member's Adoption Agreement as a percentage of a Participant's High-5 Compensation taking into account both Employer and Participant funded portions of such benefit.
- (ix) Minimum Benefit for Certain Participants - For Plan Years beginning after December 31, 1991, the benefit that accrues under clause (iii) on behalf of a Participant who makes contributions to the Program and who is not employed in a unit of Employees whose Compensation from the Member is the subject of a collective bargaining agreement, shall not be less than the accrued benefit derived from Participant contributions made for Plan Years beginning after December 31, 1991 [determined in accordance with Code section 411(c)], plus 50 percent of the total benefit accrued in Plan Years beginning after December 31, 1991 (determined without regard to the amount intended to satisfy the minimum benefit requirements of this clause). For Plan Years beginning after December 31, 1994, a Participating Member with one or more Participants subject to this clause shall make such additional contributions as the Committee determines are necessary to provide the minimum benefits described in the preceding sentence to such Participants.

Notwithstanding the foregoing, no amount shall accrue in any Plan Year with respect to any Employee who is otherwise treated as a Participant if such Employee is not scheduled to work 1,000 Hours of Service during a Plan Year or does not complete 1,000 Hours of Service during the Plan Year and if the Participating Member has elected in its Adoption Agreement not to make contributions on behalf of Employees who do not satisfy this minimum hours requirement.

- (d) Excess Benefit - An amount related to the Program's "Excess Benefit" provisions which were in effect on December 31, 1977. The only Participants who may receive a benefit under this paragraph (e) are those Participants who had accrued a retirement benefit

under these provisions on December 31, 1977. The amount shall be the amount so accrued on December 31, 1977.

- (e) Savings and Rollover benefits - An amount related to benefits which are payable under the Savings Plan for Employees of NTCA and its Member Members or Rollover contributions made under Article III.E(2). The only individuals who may receive a benefit under this paragraph (e) are Participants who are eligible for distribution at early, normal or late retirement, and the surviving spouses of deceased Participants who are entitled to receive benefits under the Savings Plan or make Rollover contributions under Article III.E(2) and who voluntarily elect to make a direct rollover of all or a portion of the Savings Plan benefits or Rollover benefits available to them to the Program as a consideration for the immediate purchase of additional monthly benefits under the Program subject to the following rules:
 - (i) The amount of the accrued benefit purchased shall be expressed as a percentage of High-5 Compensation.
 - (ii) The amount of the accrued benefit purchased shall be determined on the basis of the interest rate described in the first sentence of Article IV.G(2)(d)(i) and the mortality table prescribed by the Secretary under Section 417(e)(3) of the Code.
 - (iii) The Participant's Program benefit shall be increased by this Savings Plan or Rollover benefit effective as of this same date. Once the amount of a Participant's 10-year certain (and life thereafter) benefit is determined, it may be converted to a form of benefit other than a 10-year certain and life annuity pursuant to the provisions of Article IV(C).
 - (iv) Any Savings or Rollover benefit purchased by a surviving spouse under this paragraph shall be added to any death benefits which such surviving spouse may be entitled to receive under Article IV(F) as a result of the deceased spouse's participation in this Program.
- (f) Merger benefit - An amount related to benefits payable under other pension plans which were merged into the Program.
 - (i) Each Participant shall be entitled to a benefit immediately following the merger which is at least equal to the benefit that the Participant was entitled to under the prior pension plan immediately before the merger, in accordance with Code section 414(l). The merger shall not reduce any Participant's accrued benefit, within the meaning of Code section 411(d)(6), except to the extent an optional form of benefit may be eliminated pursuant to regulations issued under that section. The amount of merger benefits and the Participants eligible for same shall be determined as of the date of the merger, based on information in the Adoption Agreement that the Member bringing merger benefits with it completes at the time it adopts this Program. Such information must specify each Participant who is to receive merger benefits and the precise amount of merger benefits such Participant is entitled to receive.
 - (ii) The Member which elects a merger shall establish to the satisfaction of the Committee that the prior pension plan is tax-qualified under section 401(a) of the Code, and shall satisfy such other uniform conditions as the Committee may establish to preserve the tax-qualified status of the Program and otherwise protect the Program against unanticipated claims or other liabilities.

- (iii) Upon the merger of a Member's plan into the Program, the Program's actuary shall determine the amount of contributions which, together with current plan assets, are necessary to fund the Program benefits of the Member's Employees who will become Participants upon the merger.

The Committee may establish such other uniform rules regarding the procedures for merger as it deems necessary.

- (g) Rollover benefit - An amount related to benefits payable as a result of Rollover Contributions made under Section E(2) of Article III.
- (2) 1987 Benefit Improvements - The benefit increases provided below shall, subject to the limitations of Article V(A), take effect for benefits payable on or after January 1, 1987.
- (a) Retired Participants and beneficiaries - The monthly pension payable to a retired Participant or beneficiary shall be increased by twenty-five percent (25%), if the following two conditions are satisfied. First, the Participant's Retirement Date for purposes of this Program (or date of death, in the case of death prior to retirement) must have been prior to January 1, 1987. Second, the last Member with respect to which contributions were made to this program on behalf of such Participant must not have withdrawn from this Program as of January 1, 1987. A beneficiary shall receive a twenty-five percent (25%) increase in monthly payments, if the above two conditions are satisfied with respect to the deceased Participant who accrued the benefit.
 - (b) Active Participants - The benefits accrued on behalf of a Participant under any paragraph of subsection (1) above shall be increased as provided below, if the following two conditions are satisfied. First, the benefit must have accrued on behalf of such Participant on or before December 31, 1986. Second, a Participating Member must have made a contribution to the Program to purchase Basic Benefits on behalf of the Participant for January 1, 1987. If these two conditions are satisfied, then
 - (i) a fixed benefit accrued under subsection (1) above shall be increased by twenty-seven and four-tenths percent (27.4%); and
 - (ii) a benefit accrued under subsection (1) above as a percentage of High-5 Compensation shall, first, be increased by multiplying the sum of the percentages of Compensation used to compute such benefit by one and one-tenth (1.1) [and, if the resulting increased percentage is not a multiple of one-tenth (1/10) of a percent, by rounding it to the next highest one-tenth (1/10) of a percent], and second, such a benefit accrued as a percentage of High-5 Compensation shall be multiplied by (0.2105/0.1818).
 - (c) Other Participants and beneficiaries - No benefits shall be increased under this subsection (2) except as provided above.
- (3) 1988 Benefit Improvements - The benefit increases provided below shall, subject to the limitations of Article V(A), take effect for benefits payable on or after January 1, 1988.
- (a) Retired Participants and beneficiaries - The monthly pension payable to a retired Participant or beneficiary shall be increased by five percent (5%) if the following two conditions are satisfied. First, the Participant's Retirement Date for purposes of this Program (or date of death, in the case of death prior to retirement) must have been prior to January 1, 1988. Second, the last Member with respect to which contributions were made to this Program on behalf of such Participant must not have withdrawn from this Program as of January 1, 1988. A beneficiary shall receive a five percent (5%) increase

in monthly benefits if the above two conditions are satisfied with respect to the deceased Participant who accrued the benefit.

- (b) Active Participants - The benefits accrued on behalf of a Participant under any paragraph of subsection (1) above (including any increase in such benefits to which the Participant may be entitled after applying subsection (2) above) shall be increased as provided below if the following conditions are satisfied. First, the benefit must have accrued on behalf of such Participant on or before December 31, 1987. Second, a Participating Member must have made a contribution to the Program to purchase Basic Benefits on behalf of the Participant for January 1988. Third, if the Participant is employed in a unit of employees whose compensation from the Member is the subject of a collective bargaining agreement, and if the participation of such unit in this Program is evidenced by a separate Adoption Agreement in effect as of January 1, 1988, then either the first such agreement which is entered into after December 31, 1987, must provide that this benefit improvement applies to such unit, or the Participating Member must notify the Committee in writing by June 1, 1988, that this benefit improvement applies to such unit. If the applicable conditions are satisfied, then
 - (i) a fixed benefit accrued under subsection (1) and (2) above shall be increased by ten percent (10.0%); and
 - (ii) a benefit accrued under subsections (1) and (2) above as a percentage of High-5 Compensation shall be increased by multiplying the sum of the percentages of Compensation used to compute such benefit by one and one-tenth (1.1) [and, if the resulting increased percentage is not a multiple of one-tenth (1/10) of a percent, by rounding it to the next highest one-tenth (1/10) of a percent].
 - (c) Other Participants and beneficiaries - No benefits shall be increased under this subsection (3) except as provided above.
- (4) 1990 Benefit Improvements - The benefit increases provided below shall, subject to the limitations of Article V(A), take effect for benefits payable on or after December 1, 1990.
- (a) Retired Participants and beneficiaries - The monthly pension payable to a retired Participant or beneficiary shall be increased by five percent (5%) if the following two conditions are satisfied. First, the Participant's Retirement Date for purposes of this Program (or date of death, in the case of death prior to retirement) must have been prior to January 1, 1990. Second, the last Member with respect to which contributions were made to this Program on behalf of such Participant must not have withdrawn from this Program as of December 1, 1990. A beneficiary shall receive a five percent (5%) increase in monthly benefits if the above two conditions are satisfied with respect to the deceased Participant who accrued the benefit.
 - (b) Certain surviving spouses - The minimum benefit being paid to a surviving spouse of a married Participant who died prior to August 23, 1984, where the last Member with respect to which contributions were made to this Program on behalf of such Participant had not withdrawn from this Program as of December 1, 1990, shall be equal to the greater of (i) one hundred dollars (\$100) per month, or (ii) the current monthly benefit being paid to the surviving spouse.
- (5) 1995 Benefit Improvements - The benefit increases provided below shall, subject to the limitations otherwise imposed by the Program, take effect as specified therein.
- (a) Retired Participants and beneficiaries - The monthly pension payable to a retired Participant or beneficiary on and after January 1, 1995, shall be increased by the

percent specified in the following schedule if the following two conditions are satisfied. First, the Participant's Retirement Date for purposes of this Program (or date of death, in the case of death prior to retirement) must have been prior to January 1, 1995. Second, the last Member with respect to which contributions were made to this Program on behalf of such Participant must not have withdrawn from this Program as of January 1, 1995. A beneficiary shall receive the same percentage increase in monthly benefits if the above two conditions are satisfied with respect to the deceased Participant who accrued the benefit.

<u>Retired Before</u>	<u>% Increase</u>
-----------------------	-------------------

1995	1.25
1994	2.50
1993	3.75
1992	5.00
1991	6.25

- (b) Other Participants and beneficiaries - No benefits shall be increased under this subsection (5) except as provided above.
- (6) 1996 Benefit Improvements - The benefit increases provided below shall, subject to the limitations otherwise imposed by the Program, take effect as specified herein.
- (a) Active Participants - The benefits accrued on behalf of a Participant under any paragraph of subsection (1) above (including any increase in such benefits to which the Participant may be entitled after applying subsections (2) and (3) above) shall be increased as provided below only if the following conditions are satisfied. First, the benefit must have accrued on behalf of such Participant on or before December 31, 1995. Second, a Participating Member must have made a contribution to the Program to purchase Basic Benefits on behalf of the Participant for January 1996. Third, if the Participant is employed in a unit of employees whose compensation from the Member is the subject of a collective bargaining agreement, and if the participation of such unit in this Program is evidenced by a separate Adoption Agreement in effect as of January 1, 1996, then either the first such agreement which is entered into after December 31, 1995 and before June 2, 1996, must provide that this benefit improvement applies to such unit, or the Participating Member must notify the Committee in writing by June 1, 1996, that this benefit improvement applies to such unit. If the applicable conditions are satisfied, then
 - (i) a fixed benefit accrued as of December 31, 1995 under subsections (1), (2), and (3) above shall be increased by three percent (3%); and
 - (ii) a benefit accrued under subsections (1), (2), and (3) above as a percentage of High-5 Compensation shall be increased by using an aggregate factor of .2168, rather than an aggregate factor of .2105 pursuant to subsections (1)(c) and (2)(b)(ii) of this Article IV.A, in calculating the amount of such benefits.
 - (b) Certain retired Participants, terminated Participants, and beneficiaries - The monthly pension payable on and after January 1, 1996 to a retired Participant, a terminated Participant receiving an annuity, or a beneficiary shall be increased by 1.25 percent if the following two conditions are satisfied. First, the Participant's retirement date (or, in the case of a terminated Participant receiving an annuity, the Participant's termination date or, in the case of a deceased Participant, the Participant's date of death) for purposes of this Program must have been no earlier than January 1, 1995 and no later than January 1, 1996. Second, the last Member with respect to which contributions were made to this

Program on behalf of such Participant must not have withdrawn from this Program as of January 1, 1996. A beneficiary shall receive the same percentage increase in monthly benefits if the above two conditions are satisfied with respect to the deceased Participant who accrued the benefit.

- (c) Other Participants and beneficiaries - No benefits shall be increased under this subsection (6) except as provided above.
- (7) Payment of Accrued Retirement Benefits - Each Participant shall be eligible to receive his Accrued Retirement Benefit in the form of an annualized pension that is payable monthly beginning on his Normal Retirement Date. As provided in Section (B) below, a Participant may also elect to retire on an Early Retirement Date or on the first day of any month following his Normal Retirement Date, in which case appropriate adjustments to the Participant's annualized pension will be made as described in section (B) below. Further adjustments to a Participant's annualized pension may also be made as described in Section (C) below depending on the form in which benefits are paid.

A Participant's Accrued Retirement Benefit shall not be less than that accrued at any prior time and shall not be less than the largest periodic benefit that would have been payable to the Participant upon separation from service prior to his Normal Retirement Date (without regard to ancillary benefits not directly related to retirement benefits). For purposes of comparing periodic benefits not in the same form, commencing prior to and at the Participant's Normal Retirement Date, the greater benefit is determined by converting the benefit payable prior to the Normal Retirement Date into the same form of annuity benefit payable at the Normal Retirement Date and comparing the amount of such annuity payments. In the case of a top-heavy Member, the Accrued Retirement Benefit shall not be smaller than the minimum benefit to which the Participant is entitled under Section V.B(2).
- (8) Basic Benefit Accrual Provisions - Appendix B sets out in tabular form the allocation of the gross payments made in connection with the Program among the various Program benefits and describes the Basic Benefit accrual provisions of the Program in relation to the contributions made with respect to such Basic Benefits.

B. Early and Late Retirement

A Participant may elect to retire on his Normal Retirement Date, on an Early Retirement Date, or [subject to Section (E) below] on the first day of any month following his Normal Retirement Date. In the case of a Participant who does not retire on his Normal Retirement Date, his annualized pension shall be adjusted as follows:

- (1) Early Retirement Adjustment
 - (a) General rule - The annualized pension of a Participant who retires on an Early Retirement Date shall be adjusted by multiplying such pension by a percentage, which shall be computed as 100% less $\frac{1}{4}\%$ for each month that his early retirement date precedes his Normal Retirement Date less an additional $\frac{1}{4}\%$ for each month in excess of 36, if any, that his Early Retirement Date precedes his Normal Retirement Date. In the case of a Participant whose Early Retirement Date is after December 31, 1987, and on whose behalf a contribution to purchase Basic Benefits was made for January 1988 or any month thereafter, the preceding sentence shall be applied by substituting the number "60" for the number "36".
 - (b) Rule-of-85 - Notwithstanding the preceding sentence, if the sum of a Participant's Rule-of-85 Service plus his age, the latter being measured in years and months (and counting

partial months as full months), equals or exceeds 85 years on his Early Retirement Date, then the percentage shall be 100%.

- (2) Late Retirement Adjustment - The annualized pension of a Participant who retires on a Late Retirement Date shall be adjusted by multiplying such pension by a percentage, which shall be computed as 100% plus 1/4% for each month that his Late Retirement Date exceeds his Normal Retirement Date; provided, however, that in no event will the Accrued Retirement Benefit of a Participant who retires on a Late Retirement Date be less than his Accrued Retirement Benefit determined as of his Normal Retirement Date, increased by 5% per annum until payments commence.

C. Normal and Optional Forms of Payment; Joint and Survivor Annuity Requirements

- (1) Normal Form of Payment - Unless an optional form of benefit is selected pursuant to a qualified election within the 180-day period ending on the date the benefit payments would commence, a married Participant's benefits will be paid in the form of a qualified joint and survivor annuity, and an unmarried Participant's benefits will be paid in the form of a life annuity with payments guaranteed for 10 years (as provided in paragraph (3)(a) below). In the absence of a written election to the contrary, a married Participant's benefits will be paid in the form of a qualified joint and survivor annuity with a 50% continuation as provided in paragraph (3)(c) below, but such Participant may elect in writing at any time prior to retirement without spousal consent to receive benefits in the form of a qualified joint and survivor annuity with a 75%, or a 100% continuation as provided in paragraphs (3)(d) and (3)(e) below, or a qualified joint and survivor annuity with either 50%, 75% or 100% continuation, with either a 10-years certain feature, as described in paragraphs, (3)(g), (3)(h), and 3(i) respectively or a guaranteed feature, as described in paragraph (3)(j). Payments to a married Participant in the normal form shall be actuarially equivalent to payments to a single Participant in the normal form. For a Participant with one Hour of Service on or after January 1, 2011, actuarial equivalence shall be based on the relevant table under Appendix C. For the sole purpose of the prior sentence, a Disabled Participant who continues to participate in the Program in accordance with Article III.G shall continue to be credited with Hours of Service until he ceases to be Disabled or elects a distribution of his Accrued Retirement Benefit. The actuarial basis for such tables is 6% interest and the mortality table prescribed under section 417(e) of the Code in effect for 2009. Notwithstanding the prior sentence, in no event shall a Participant's benefit be less than the benefit determined as of December 31, 2010, based on the actuarial factors in effect on that date. Once the election of a form of payment has been made, any right to revoke has passed, and benefit payments have commenced the Participant's election becomes irrevocable.

- (2) Definitions - The following definitions shall apply for purposes of this Section (C):

- (a) "Qualified election" means a waiver of a qualified joint and survivor annuity or a qualified pre-retirement survivor annuity. The waiver must be in writing and must be consented to by the Participant's spouse. The spouse's consent to a waiver must be witnessed by a notary public and if benefits are to be paid to an alternate beneficiary, must be limited to a benefit for a specific alternate beneficiary or beneficiaries.

Notwithstanding this consent requirement, if the Participant establishes to the satisfaction of the Committee that such written consent may not be obtained because there is no spouse, because the spouse cannot be located, or because of such other circumstances as may be provided in Treasury regulations, a waiver will be deemed a qualified election. Any consent (or establishment that consent is not required) necessary under this provision will be valid only with respect to such spouse, but may not be revoked by such spouse. A revocation of a prior waiver may be made by a Participant without the consent of the spouse at any time before the commencement of benefits.

The number of revocations by a Participant shall not be limited. Any new waiver or change of beneficiary will require a new spousal consent.

The Committee will provide each Participant, between 30 and 180 days prior to the commencement of benefits, a written explanation of (i) the terms and conditions of a qualified joint and survivor annuity, (ii) the Participant's right to make, and the effect of, an election to waive the qualified joint and survivor annuity form of benefit, (iii) the rights of a Participant's spouse, (iv) the Participant's right to make (and the effect of) a revocation of a previous election to waive the qualified joint and survivor annuity, and (v) the material features and relative amounts of the various optional forms of benefit.

A participant has the right to a period of at least 30 days to decide whether to waive the qualified joint and survivor annuity or to commence distribution prior to the Participant's Normal Retirement Date. A Participant may waive this 30-day period by making an affirmative distribution election; however, distribution of the Participant's benefit cannot commence before the expiration of a 7-day period that begins on the day after the Participant received the written explanation of the qualified joint and survivor annuity. Additionally, the Participant has the right to revoke an affirmative distribution election until the date benefits commence, or, if later, until the expiration of the 7-day period referred to in the preceding sentence.

- (b) "Qualified joint and survivor annuity" means an annuity for the life of the Participant with a survivor annuity for the life of the spouse which is not less than 50 percent and not more than 100 percent of the amount of the annuity which is payable during the joint lives of the Participant and the spouse.
- (c) "Spouse" or "surviving spouse" means the spouse or surviving spouse of the Participant, provided that a former spouse will be treated as the spouse or surviving spouse to the extent provided under a qualified domestic relations order as described in section 414(p) of the Code.
- (3) Optional Forms of Payment - Subject to subsection (1) above, a Participant may elect to receive benefits in any one of the following forms (or in the form described in subsection (4) below), which shall be actuarially equivalent to the normal form of payment for a single Participant. For a Participant with one Hour of Service on or after January 1, 2011, actuarial equivalence shall be based on the relevant table under Appendix C, unless expressly stated otherwise below. The actuarial basis for such tables is 6% interest and the mortality table prescribed under section 417(e) of the Code in effect for 2009. Notwithstanding the prior sentence, in no event shall a Participant's benefit payable in any form be less than the benefit payable in that form, determined as of December 31, 2010, based on the actuarial factors in effect on that date.
 - (a) 10-year certain payment - Payments shall be made for 10 years and thereafter during the Participant's lifetime only.
 - (b) Lifetime payments - Payments shall be made during the Participant's lifetime only.
 - (c) Qualified joint and 50% spousal survivor annuity - Payments shall be made in the form of a qualified joint and survivor annuity with 50% of the amount payable during the Participant's lifetime continuing after his death to the person he is married to on his retirement date (his spouse) during the spouse's lifetime.
 - (d) Qualified joint and 75% spousal survivor annuity – Payments shall be made in the form of a qualified joint and survivor annuity with 75% of the amount payable during the Participant's lifetime being continued after his death to his spouse during the spouse's lifetime.

- (e) Qualified joint and 100% spousal survivor annuity - Payments shall be made in the form of a qualified joint and survivor annuity with 100% of the amount payable during the Participant's lifetime being continued after his death to his spouse during the spouse's lifetime.
- (f) Lump sum payment - Payments shall be made in the form of in a single sum. Under this option a Participant's benefit will be equal to the actuarial equivalent of the Participant's annualized pension when computed on the basis of (i) the interest rate determined under section 417(e)(3) of the Code for the month of August immediately preceding the calendar year that includes the annuity starting date and (ii) the mortality table prescribed under section 417(e)(3)(B) of the Code as in effect on the first day of the Plan Year or as otherwise required under published IRS guidance.

Notwithstanding the foregoing, a single sum distribution from the Program with an annuity starting date between January 1, 2000 and December 31, 2000 shall not be less than the actuarial equivalent computed by using (i) the average yield on 30-year Treasury securities for the second month preceding the annuity starting date, and (ii) the GAM 83 mortality table, assuming 50% males and 50% females.

For purposes of this section, "annuity starting date" has the meaning set forth in Article IV.G(2)(d).

- (g) Qualified joint and 50% spousal survivor annuity with 10-years certain - Payments shall be made in the form of a qualified joint and survivor annuity with 50% of the amount payable during his lifetime being continued after his death to the person he is married to on his retirement date (his spouse) during the spouse's lifetime, provided that if the Participant does not receive payments for 10 years, the amount being paid on the date of his death shall continue to be paid to his spouse or if the spouse does not survive, to the Participant's beneficiary, in accordance with Article IV.F(2)(g), for the remainder of the 10-year period.
- (h) Qualified joint and 75% spousal survivor annuity with 10-years certain – Payments shall be made in the form of a qualified joint and survivor annuity with 75% of the amount payable during his lifetime being continued after his death to the person he is married to on his retirement date (his spouse) during the spouse's lifetime, provided that if the Participant does not receive payments for 10 years, the amount being paid on the date of his death shall continue to be paid to his spouse or if the spouse does not survive, to the Participant's beneficiary, in accordance with Article IV.F(2)(g), for the remainder of the 10-year period.
- (i) Qualified joint and 100% spousal survivor annuity with 10-years certain - Payments shall be made in the form of a qualified joint and survivor annuity with 100% of the amount payable during his lifetime being continued after his death to his spouse during the spouse's lifetime, provided that if the Participant and spouse do not receive payments for 10 years, the amount being paid shall continue to be paid to the Participant's beneficiary, in accordance with Article IV.F(2)(g), for the remainder of the 10-year period.
- (j) Guaranteed annuity - Payments shall be made in the form of a guaranteed annuity. Under this option a Participant may elect a form of benefit described in paragraph (b), (c), (d) or (e) above, and if the Participant and, if applicable, the Participant's spouse, die before the amount determined under (f) is distributed, the difference shall be paid to the Participant's beneficiary in a lump sum determined by subtracting (ii) from (i) below, where:

- (i) is the dollar amount of the lump sum value of the Participant's benefit determined in accordance with Article IV.C(3)(f) as of the Participant's annuity starting date, and
 - (ii) is the total dollar amount of annuity payments actually paid to the Participant and, if applicable, the Participant's spouse, without any actuarial adjustment.
- (k) Leveling Option – Payments shall be made in the form of an annualized pension (i) increased by a temporary supplement payable until either age 62 or the applicable Social Security retirement age (as defined in Article V.A(1)(m)), as elected by the Participant, and (ii) reduced by the actuarial value of the temporary supplement for pension payments made after the date Participant attains (or, in the event of death, would have attained) either age 62 or the applicable Social Security retirement age, as so elected. The amount of the temporary supplement shall be elected by the Participant, but shall not exceed the amount of the Participant's estimated Social Security benefit as determined by the Contract Administrator and shall not have the effect of increasing the value of the annualized pension otherwise payable.
- (4) Combination Lump Sum and Annuity - Subject to subsection (1) above, a Participant, who does not elect to receive benefits in a complete distribution pursuant to subsection (3)(f) above, may elect to receive benefits in a partial distribution pursuant to subsection (3)(f) and in any other form described in subsection (3) above. The annualized pension payable in this form shall equal the greater of:
 - (i) the annualized pension that would have been payable entirely in the elected annuity form beginning as of the annuity starting date, as if the Participant had not elected to receive a portion of his payment as a lump sum, minus a fraction, the numerator of which is the amount of the lump sum payable pursuant to the Participant's election, and the denominator of which is the present value factor for an annual pension payable in the form of the elected annuity beginning as of the annuity starting date; and
 - (ii) a fraction, the numerator of which is the present value of the annualized pension that the Participant could receive in the form of a 10-year certain payment described in subsection (3)(a) beginning on the later of the annuity starting date or the Participant's Normal Retirement Date, minus the amount of the lump sum payable pursuant to the Participant's election, and the denominator of which is the present value factor for an annual pension payable in the form of the elected annuity beginning as of the annuity starting date.

For purposes of this subsection (4), the present value factor shall be determined based on (i) the interest rate determined pursuant to Article IV.G(2)(d) and (ii) the 2008 Applicable Mortality Table or such other mortality table as may be required under section 417(e) of the Code. Notwithstanding the preceding, the annualized pension in the elected form of payment will not be less than the annualized pension that was earned as of December 31, 2003, when the present value factor was determined based on the mortality table described in Rev. Rul. 95-6 (referred to herein as the "GAM 83 mortality table, assuming 50% males and 50% females"), instead of the 2008 Applicable Mortality Table or such other mortality table as may be required under Section 417(e) of the Code.

D. Mandatory Distributions

Unless otherwise elected in writing by a Participant, distribution of benefits will begin not later than sixty days after the close of the Plan Year in which the latest of the following occurs:

- (1) Normal Retirement Date - the Participant's Normal Retirement Date,

- (2) Tenth Anniversary - the tenth anniversary of the date the Participant commenced participation in the Program, or
- (3) Termination of Employment - the termination of the Participant's employment by a Participating Member.

Notwithstanding the foregoing, the failure of a Participant or beneficiary to consent to a distribution shall be deemed to be an election to defer the payment of any Accrued Retirement Benefit.

Notwithstanding Article IV.E:

- (4) A Participant who terminates employment before his Normal Retirement Date may not defer the payment of his Accrued Retirement Benefit beyond his Normal Retirement Date. If such a Participant does not file a distribution request, on the appropriate forms and in accordance with Program procedures, with the Contract Administrator within 120 days of his Normal Retirement Date, the distribution of his Accrued Retirement Benefit shall commence, effective as of the Participant's Normal Retirement Date, in the normal form described in Article IV.C(1).
- (5) A Participant who terminates employment on or after his Normal Retirement Date may not defer the payment of his Accrued Retirement Benefit beyond his Late Retirement Date. If such a Participant does not file a distribution request, on the appropriate forms and in accordance with Program procedures, with the Contract Administrator within 120 days of his Late Retirement Date, the distribution of his Accrued Retirement Benefit shall commence, effective as of the Participant's Late Retirement Date, in the normal form described in Article IV.C(1).

E. Limitation on Optional Times or Forms of Payment

- (1) General Rule - Notwithstanding any other Program provision, benefits shall be (or shall begin to be) distributed to the Participant no later than the Required Beginning Date, or over a period not extending beyond the life expectancy of the Participant or the joint and last survivor life expectancies of the Participant and the Participant's spouse in accordance with the final Treasury regulations under Code Section 401(a)(9). Any distribution shall comply with the incidental death benefit requirement of Code section 401(a)(9)(G). The provisions of this Article IV.E shall take precedence over any inconsistent provision in the Plan, except that benefits shall be (or shall begin to be) distributed in accordance with Article IV.D if such distribution would begin prior to the date benefits would be (or would begin to be) distributed pursuant to this Article IV.E
- (2) Required Beginning Date – Effective January 1, 2023, Required Beginning Date means April 1 of the calendar year following the later of the calendar year in which the Participant attains age 73 (*age 70½ for a Participant who was born before July 1, 1949; age 72 if the Participant was born July 1, 1949 – December 31, 1950*) or the calendar year in which the Participant retires; however, in the case of a Participant who is a 5 percent owner (within the meaning of section 416(i) of the Code), Required Beginning Date means the April 1 of the calendar year following the calendar year in which the Participant attains age 73 (*age 70½ for a Participant who was born before July 1, 1949; age 72 if the Participant was born July 1, 1949 – December 31, 1950*). A Participant (other than a 5 percent owner) who attains age 73 (*age 70½ for a Participant who was born before July 1, 1949; age 72 if the Participant was born July 1, 1949 – December 31, 1950*) while employed by a Member and does not retire by the end of such year has a one-time option to irrevocably elect to have benefit payments commence beginning no later than April 1 of the following calendar year. If no such affirmative election is received by the Plan Administrator by March 1 of the calendar year following the calendar year during which the Participant attains age 73 (*age 70½ for a Participant who was born before July 1, 1949; age 72 if the Participant was born July 1, 1949 – December 31, 1950*), the Participant shall be deemed to have elected to defer benefit commencement until retirement.

- (3) Actuarial Adjustment to Post-Age 73/72/70½ Payments - If a Participant who has attained age 73 (70½ for a Participant who was born before July 1, 1949; *age 72 if the Participant was born July 1, 1949 – December 31, 1950*) is employed by a Member after April 1 of the calendar year following the calendar year in which *the Participant* attains age 73 (70½ if the Participant was born before July 1, 1949; *age 72 if the Participant was born July 1, 1949 – December 31, 1950*), the Participant's Accrued Retirement Benefit at the end of that or any subsequent Plan Year shall be no less than (i) the Participant's Accrued Retirement Benefit as of April 1 of the calendar year following the calendar year in which *the Participant* attains age 73 (70½ if the Participant was born before July 1, 1949; *age 72 if the Participant was born July 1, 1949 – December 31, 1950*), increased by 5% per annum, plus (ii) the excess of benefit accruals for such Plan Year over the increase, by 5% per annum, of the Participant's Accrued Retirement Benefit from the end of the prior Plan Year to the end of the current Plan Year, minus (iii) the present value, determined based on an interest rate of 5% per annum, of any distributions made with respect to the Participant's Accrued Retirement Benefit during such Plan Year.
- (4) Required Distributions Where Participant Dies After Payment of Benefits - If the Participant dies after distribution of his interest has commenced, the remaining portion of such interest will continue to be distributed at least as rapidly as under the method of distribution being used prior to the Participant's death.
- (5) Required Distributions Where Participant Dies Before Payment of Benefits - If the Participant dies before distribution of his or her interest commences, the Participant's entire interest will be distributed no later than five years after the date of the Participant's death, except that:
- (a) Spousal beneficiary - if the beneficiary is the Participant's surviving spouse, distributions shall begin by the later of (i) the December 31 of the calendar year immediately following the calendar year in which the Participant died, and (ii) the December 31 of the calendar year in which the Participant would have attained age 73 (70½ if the Participant was born before July 1, 1949; *age 72 if the Participant was born July 1, 1949 – December 31, 1950*), and shall be made over a period not exceeding the life expectancy of such spouse; or
 - (b) Non-spousal beneficiary - if any portion of the benefit is payable to a designated beneficiary, distributions shall begin on or before the December 31 of the calendar year immediately following the calendar year in which the Participant died, and shall be made over a period not exceeding the life expectancy of such designated beneficiary.
- (6) Form of Payment - Distributions made to married Participants pursuant to this section shall be in the form of a 50 percent qualified joint and survivor annuity as defined under Article IV(C)(3)(c). Distributions made to unmarried Participants pursuant to this section shall be made in the form of a 10-year certain annuity as defined under Article IV(C)(3)(a).

F. Death Benefits

- (1) Death Benefits for Retired Participants - In the event of the death of a retired Participant, benefits will continue to be paid only if (1) the form of benefits is a qualified joint and survivor annuity and the Participant is survived by his spouse, or (2) the form of benefits provides for a guaranteed period of payments and such period has not yet expired, in which case the remaining guaranteed payments shall be paid to the Participant's designated beneficiary. A surviving spouse or designated beneficiary of a Participant who dies after retirement may elect, in writing, to immediately receive a single sum equal to the present value of such payments. For purposes of this option, present value shall be determined as provided in Section (G)(2) of this Article IV. If the total of all pension payments made under the form of pension being paid are less than the sum of a Participant's Participant Contributions Account Balance plus his

transfers under Article IV(A)(1)(f) at the time payments commenced, then the amount by which they are less shall be payable in a single sum.

(2) Death Benefits for Non-Retired Participants - In the event of the death of a non-retired Participant, benefits will be paid solely as described below.

(a) Death after earliest retirement age - Effective for deaths on or after January 1, 2022, if a married Participant dies after the earliest retirement age, the Participant's surviving spouse will, except as provided in paragraph (c) below, receive the same benefit that would be payable if the Participant had retired with an immediate qualified joint and survivor annuity with 100% continuation (as described in Section (C)(3)(e) above) on the day before the Participant's date of death. Effective for deaths on or after September 30, 1985, the benefit payable to a surviving spouse shall not be less than (i) the annuity that would be payable to the surviving spouse under the preceding sentence had the deceased Participant withdrawn his entire Participant Contributions Account Balance immediately prior to his death, increased by (ii) the full value to the surviving spouse of such Participant Contributions Account Balance in the form of an annuity. Further, a surviving spouse of a Participant who dies on or after age 55 may elect, in writing, to immediately receive a single sum equal to the present value of such payments. For purposes of this option, present value shall be determined as provided in Section (G)(2) of this Article IV.

(b) Death before earliest retirement age - Effective for deaths on or after January 1, 2022, if a married Participant dies on or before the earliest retirement age, the Participant's surviving spouse will, except as provided in paragraph (c) below, receive the same benefit that would be payable if the Participant had:

- (i) survived to the first day of the calendar month in which he would have attained age 55 (the earliest retirement age),
- (ii) retired with an immediate qualified joint and 100% survivor annuity at the earliest retirement age, and
- (iii) died on the day after the earliest retirement age.

Effective for deaths on or after September 30, 1985, the benefit payable to a surviving spouse shall not be less than (i) the annuity that would be payable to the surviving spouse under the preceding sentence had the deceased Participant withdrawn his entire Participant Contributions Account Balance immediately prior to his death, increased by (ii) the full value to the surviving spouse of such Participant Contributions Account Balance in the form of an annuity. A surviving spouse will ordinarily begin to receive payments at the Participant's Normal Retirement Age; however, a surviving spouse may elect, in writing, to receive payments beginning on the first of any month on or after the deceased Participant's Early Retirement Date. Further, a surviving spouse of a Participant who dies prior to age 55 may elect, in writing, to immediately receive a single sum equal to the present value of such payments. For purposes of this option, present value shall be determined as provided in Section (G)(2) of this Article IV.

In the event the benefit to the surviving spouse commences after the participant would have attained his earliest retirement age, such benefit shall be calculated as if the participant had survived until such later date.

(c) Designation of non-spousal beneficiary for Participant Contributions Account Balance - A non-retired Participant's surviving spouse may consent, pursuant to a qualified election as described in Section (C)(2)(a), to the payment of the Participant Contributions

Account Balance to a designated beneficiary, and the corresponding reduction in the spouse's annuity by the value of said balance.

- (d) Payment of Participant Contributions Account Balance - Upon the death prior to January 1, 1997, of an unmarried Participant or the death prior to August 23, 1984 of a married Participant, his Participant Contributions Account Balance will be paid to his designated beneficiary. Upon the death of a married Participant after August 23, 1984, his surviving spouse will receive a survivor annuity, computed in accordance with paragraph (a) or (b) above, whichever is applicable, except that such annuity will be reduced by the value of his Participant Contributions Accounts Balance, pursuant to paragraph (c) above.
- (e) Improved benefits for certain active Participants at time of death - Upon the death on or after January 1, 1987, of a Participant who, at the time of death, (1) was either employed (or was last employed) by a Participating Member or was on a leave to perform qualified military service described in section 414(u)(5) of the Code and (2) on whose behalf contributions to purchase Basic Benefits were being made by a Participating Member, improved death benefits shall be payable under this paragraph (e), and paragraphs (a), (b), (c), and (d) above shall not apply except as set forth below. Contributions may be made on behalf of a Disabled Participant only in accordance with Article III.G., and not under clause (2) in the prior sentence. The beneficiary(ies) of such a Participant shall receive benefits with a present value of the greater of the following two amounts. The first amount is 100 times the monthly pension that would have been payable, had such Participant survived until his Normal Retirement Date (or to the first day of the month following death, if later) and retired at that time with benefits payable in form of a single life annuity with ten years certain [option (a) of Article IV, Section (C)(3)]. For purposes of this calculation, it shall be assumed that the Participant continued to receive the amount of Compensation payable at the time of death, and that contributions on behalf of Participant continued at the rate in effect at the time of death. The second amount is amount that would be payable in the form of a single sum under Article IV. C(3)(f) if the Participant had terminated employment and elected an immediate single sum on the day before his date of death. However, the amount payable with respect to a Participant who has attained age 65 is always the amount described in the immediately preceding sentence.
 - (i) Death resulting from self-inflicted injury - Notwithstanding the above, the death benefit provided by this paragraph, in the event death results from an intentional self-inflicted injury and contributions to purchase Basic Benefits on behalf of the Participant have not been made for at least the last consecutive 24 months, shall be limited to the greater of the following two amounts: the present value of the Participant's Accrued Retirement Benefit; or the lesser of \$25,000 or 100 times the monthly pension that otherwise would have been payable to the Participant.
- (f) Optional forms of payment - The following options shall be available for the payment of death benefits provided under paragraph (e) above:
 - (i) Lump sum - A beneficiary may elect to receive benefits in a lump sum, in which case payment shall be made as soon as practicable after the Participant's death. Effective for distributions commencing on or after May 1, 2013, if the value of the death benefit payable to the beneficiary as of the date of death does not exceed \$5,000, the death benefit automatically shall be paid in the form of a lump sum as soon as practicable after the Participant's death and the other distribution options under this Paragraph (f) shall not be available. Further, if the beneficiary is the Participant's estate, the death benefit shall be paid in the form of a lump sum and the other distribution options under this paragraph (f) shall not be available.

- (ii) Single life annuity - This option shall apply, if no other form of payment is elected. A beneficiary may elect to receive benefits in an annuity payable for the life of that beneficiary. The amount of the monthly annuity payable shall be calculated using the assumptions used for purposes of Sections (A)(1)(f) and (C)(3)(b) of Article IV. An annuity payable hereunder to a beneficiary other than a surviving spouse shall commence as soon as practicable after the death of the Participant, effective as of the first day of the first month following such Participant's death. A surviving spouse will begin to receive payments effective as of the later of the day the Participant would have attained Normal Retirement Age or the first day of the first month following the Participant's death, unless such surviving spouse elects, in writing, to receive payments beginning on the first day of any prior month. If the beneficiary is the Participant's estate, this option shall not be available.
- (iii) Period certain annuity - A beneficiary may elect to receive benefits in an annuity payable over a period certain not to exceed the lesser of 10 years or the beneficiary's life expectancy (based on the beneficiary's attained age in the calendar year during which required distributions commence in accordance with Article IV(E)). In the event the beneficiary dies before the expiration of this period, the contingent beneficiary (if any) may elect, in writing, to receive a single sum equal to the present value of the remainder of the payments, which shall be determined as provided in Subsection G(2) of this Article IV, or elect to continue the payments for the remainder of such period. The amount of the monthly annuity payable shall be calculated under the same assumptions as the Program uses in calculating annuity benefits. An annuity payable hereunder shall be subject to the same commencement requirements as described in (ii) above. If the beneficiary is the Participant's estate, this option shall not be available.
- (iv) Married participant - A married Participant may designate a person other than his or her spouse to receive death benefits. However, if spousal consent to such designation was not obtained in the form of a qualified election [as defined in Section (C)(2)(a) of this Article IV], the surviving spouse shall be entitled to receive benefits as provided in paragraphs (a), (b) or (c) above, whichever are appropriate, and the value of benefits payable to the surviving spouse shall reduce the death benefits payable to the designated beneficiary. Also, if a surviving spouse is the sole beneficiary of a deceased Participant, such surviving spouse may elect to receive part of the death benefit payable in the amount and forms provided by paragraphs (a), (b) or (c) above, whichever are appropriate, and the remainder in either a lump sum or single life annuity pursuant to subparagraphs (i) and (ii) above. If a designated beneficiary is the sole beneficiary of a deceased Participant, and such beneficiary is not the Participant's estate, such designated beneficiary may elect to receive the death benefit payable in either a lump sum or an annuity pursuant to subparagraphs (i), (ii), or (iii) above, or any combination thereof. If such designated beneficiary is the Participant's estate, the death benefit shall be payable in the form of a lump sum under subparagraph (i) and the other distribution options under this paragraph (f) shall not be available.
- (v) Unmarried participant - The sole designated beneficiary of a deceased unmarried Participant may elect to receive the death benefit payable in either a lump sum or an annuity pursuant to subparagraphs (i), (ii) or (iii) above, or any combination thereof, provided such designated beneficiary is not the Participant's estate. If such designated beneficiary is the Participant's estate, the death benefit shall be payable in the form of a lump sum under subparagraph (i) and the other distribution options under this paragraph (f) shall not be available.

- (g) Death benefit for certain unmarried participants - This paragraph (h) applies solely with respect to unmarried Participants who were not accruing benefits at the date of death and who die on or after January 1, 1997. If the Participant dies after attaining the earliest retirement age, the death benefit payable to the Participant's beneficiary shall have a value equal to the actuarial equivalent of the annuity determined under the first two sentences of Section F(2)(a). If the Participant dies on or before the earliest retirement age, the death benefit payable to the Participant's beneficiary shall have a value equal to the actuarial equivalent of the annuity determined under the first two sentences of Section F(2)(b). A beneficiary to whom this paragraph (h) applies may elect to begin receiving a distribution in the form of a single life annuity commencing no later than December 31 of the calendar year immediately following the calendar year in which the Participant dies, or a lump sum, payable no later than 5 years after the date of the Participant's death, consistent with the requirements of Article IV.E.
- (h) Form of death benefit payable to non-spousal beneficiary of a married Participant – If, in accordance with Article IV.F(2)(g), a married Participant designates a non-spousal beneficiary to receive the death benefit provided for in accordance with Article IV.F(2)(a) or (b), the death benefit is paid in the form of either a single life annuity, commencing no later than December 31 of the calendar year immediately following the calendar year in which the Participant dies, or a lump sum, payable no later than five years after the date of the Participant's death, consistent with the requirements of IV.E.

G. Withdrawals, Cash-Outs and Transfers

- (1) Refund of Participant Contributions Account Balance upon Termination of Employment - When a Participant ceases to be employed by a Participating Member, he may elect, with the written consent (or excused consent) of his spouse, if he is married, pursuant to a qualified election as described in Section (C)(2)(a) above, to receive a refund of all or a portion of his Participant Contributions Account Balance. If he so elects, his Accrued Retirement Benefit will be reduced by the value of his withdrawn accumulation. His residual Accrued Retirement Benefit (or his full Accrued Retirement Benefit if no withdrawal is made) will be payable under the same conditions as retirement from active employment.
- (2) Payment of Benefits
 - (a) Cash-out of small benefits - Effective for distributions made on or after May 1, 2013, if a Participant (other than a Disabled Participant) ceases to be employed by a Participating Member for any reason, and the present value at such time of the Participant's Accrued Retirement Benefit, or of the benefit payable as a result of the Participant's death, is not greater than \$5,000, the present value of such benefit will be distributed to the Participant or beneficiary within a reasonable time after employment ceases. In the event of a distribution pursuant to the preceding sentence of an amount greater than \$1,000, if the Participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the Participant, pursuant to Article IV.H, or to receive the distribution directly, then the Program shall pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator.
 - (b) Payment of benefits before normal retirement - Effective for distributions made on or after May 1, 2013, if a Participant ceases to be employed by a Participating Member before his Normal Retirement Date, and the present value of the Participant's Accrued Retirement Benefit payable on his normal retirement date is greater than \$5,000, such Participant may elect, in writing, to immediately receive (or begin to receive) such present value in any of the forms of payment available under Article IV.C, subject to the

conditions generally imposed by that section (including the provision of a qualified election in the case of a married Participant).

- (c) Payment of benefit on or after normal retirement - If a Participant who is an Employee has attained his Normal Retirement Date, the Participant may elect, in writing, to immediately receive (or begin to receive) his Accrued Retirement Benefit in any of the forms of payment available under Article IV Section (C), subject to the conditions generally imposed by that section (including the provision of a qualified election in the case of a married Participant). A Participant who elects to commence the payment of benefits under this paragraph (c) shall not be credited with any additional benefits under this Program and shall be treated as retired for purposes of Section (F), and subsection (G)(4) of Article IV, and Article III(A) where the Member has elected in its Adoption Agreement to provide benefits for the entire calendar year in which a Participant who is not a highly compensated employee retires.

- (d) Actuarial equivalence –

For purposes of this section (and for purposes of the calculation of the actuarial equivalence of any single sum under Article IV.C(3)(f) or Article V.A(1)(a)), for any distribution with an annuity starting date on or after January 1, 2008, present value shall be calculated on the basis of the interest under Code section 417(e)(3) for the month of August immediately preceding the calendar year that includes the annuity starting date. For purposes of this section (and for purposes of the calculation of the actuarial equivalence of any single sum under Article IV.C(3)(f) or Article V.A(1)(a)), for any distribution with an annuity starting date on or after January 1, 2000 and before January 1, 2008, present value shall be calculated on the basis of the average yield on 30-year U.S. Treasury securities for the month of August immediately preceding the calendar year that includes the annuity starting date. For distributions with annuity starting dates on or after January 1, 2004, 'average yield on 30-year Treasury securities' in the preceding sentence shall be construed to mean the interest rate under section 417(e)(3) of the Code as determined in accordance with published guidance from the Internal Revenue Service. For any distribution with an annuity starting date prior to January 1, 2000, to be made after December 31, 1999, present value shall be calculated on the basis of the interest rate which would be used by the Pension Benefit Guaranty Corporation to value benefits under an insufficient trustee single employer plan with a termination date that coincides with the annuity starting date.

- (e) Annuity starting date – The "annuity starting date" shall be the first period for which an amount is paid as an annuity or any other form, in accordance with the procedures of the Contract Administrator.

- (3) Right of Repayment upon Reemployment - A Participant who returns to the employ of a Participating Member shall have the option to redeposit with the Committee all or a portion of: (i) any withdrawal from the Participant Contributions Account Balance made pursuant to paragraph (1) above; or (ii) a distribution or series of distributions made or begun before the Participant attained age 55. This re-deposit must be made before the end of the fifth Plan Year following his re-employment and it shall include a payment of interest that is compounded annually from the date of distribution at the rate of 120 percent of the Federal mid-term rate (as in effect under Code section 1274 for the first month of the Plan Year). Upon receipt by the Committee of a Participant re-deposit, the portion of his Accrued Retirement Benefit corresponding to same shall be restored. Such re-deposit may be made in whole or in part with rollover contributions described in Article III.E(2).
- (4) Transfer of Benefit to Savings Plan - A Participant may elect, with the written consent of his spouse, if he is married, pursuant to a qualified election as described in Article IV(C)(2)(a), to

roll over, pursuant to Article IV.H, his entire accrued benefit under the Program to his account under the Savings Plan for Employees of the National Telecommunications Cooperative Association (the "Savings Plan"), subject to the provisions of such Plan, provided he has (i) terminated employment or attained his Normal Retirement Date, (ii) has not commenced benefit under this Program, and (iii) is also a participant in the Savings Plan. A roll over made pursuant to this subsection shall fully discharge the obligation of the Program to the Participant and any spouse.

H. Eligible Rollover Distributions

- (1) General Rule - Notwithstanding any provision of the Program to the contrary that would otherwise limit a distributee's election under this Article, a distributee may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

- (2) Definitions - The following definitions apply for purposes of subsection (1):

"Eligible rollover distribution" means any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income. A portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax Participant contributions that are not includible in gross income. However, such portion may be transferred only to an individual retirement account or annuity described in section 408(a) or (b) of the Code, or to a qualified plan described in section 401(a) or 403(a) of the Code, or to an annuity contract described in section 403(b) of the Code, and such plan or contract agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

"Eligible retirement plan" means an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, an annuity contract described in section 403(b) of the Code, an eligible plan under section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Program, or a qualified trust described in section 401(a) of the Code; provided that such plan accepts the distributee's eligible rollover distribution. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code. An eligible retirement plan shall also include a SIMPLE individual retirement account under section 408(p) of the Code, provided the two-year holding requirement applicable to a SIMPLE individual retirement account under section 72(t)(6) of the Code has been satisfied.

"Distributee" means a Participant. In addition, the Participant's surviving spouse and the Participant's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, are distributees with regard to the interest of the spouse or former spouse.

“Direct rollover” means a payment by the Program to the eligible retirement plan specified by the distributee.

- (3) Special Rule for Designated Non-Spousal Beneficiary – Effective January 1, 2008, a Participant's non-spousal beneficiary may elect to transfer a distribution that would be an eligible rollover distribution if it were made to a spousal beneficiary to an IRA described in Code section 408(a) or (b) that will be treated as an inherited IRA, within the meaning of Code section 408(d)(3)(C), pursuant to a direct rollover. A trust can be a designated beneficiary if it meets the requirements of Code section 401(a)(9)(E).
- (4) Rollover to Roth IRA – Effective for distributions made on or after January 1, 2008, a distributee or non-spousal Beneficiary may elect, at any time and in the manner prescribed by the Committee, to have all or any portion of a distribution that is eligible for a direct rollover pursuant to Article IV.H(1) or (3) paid directly to a Roth IRA described in section 408A of the Code, subject to the limitations set forth in section 408A of the Code. The Committee is not responsible for assuring that the distributee or non-spousal Beneficiary is eligible to make a rollover under this Section.

I. Early Retirement Incentive Benefit

A Participating Member may elect, pursuant to uniform procedures established by the Committee (including, but not limited to, a requirement to describe the additional benefits being provided in an amendment to its Adoption Agreement), to offer an Early Retirement Incentive Benefit (“ERI Benefit”) to a group of its Employees who are Participants. An ERI Benefit program must comply with the qualification rules under section 401(a) of the Code and with other applicable law and the ERI Benefit formula must satisfy the nondiscrimination requirements of Treasury regulation section 1.401(a)(4)-3 (or any successor regulation) either as a safe harbor formula or because the formula benefits only non-Highly Compensated Employees. A Participating Member may require, as a condition of qualifying for an ERI Benefit, that an otherwise qualifying Participant execute a waiver and release of claims against the Participating Member and the Program, to the extent permitted by applicable law.

J. Special Rules Relating to Veterans’ Reemployment Rights

Effective December 12, 1994, if an Employee whose Employment rights are protected by USERRA is reemployed by a Participating Member, such Employee's benefits under this Program shall be calculated as if the Employee had remained employed by the Participating Member during the period of “qualified military service” (as defined under USERRA). Any such Employee shall, for purposes of this Section J, be treated as receiving Compensation equal to the Compensation the Employee would have received during such period if the Employee were not in qualified military service, determined based on the rate of pay the Employee would have received but for the absence; provided, however, if the Compensation the Employee would have received during such period is not reasonably certain, Compensation for this purpose shall equal the Employee's average Compensation during the 12 months immediately preceding the qualified military service (or, if shorter, the period of employment immediately preceding the qualified military service).

K. Qualified Disclaimers by Beneficiaries

Any beneficiary, following the Participant's death, may disclaim all or part of the distribution the beneficiary otherwise would be entitled to receive, if such disclaimer constitutes a qualified disclaimer under Code section 2518(b) and applicable State law, and would not constitute a prohibited assignment or alienation under Code section 401(a)(13).

L. Designation of Beneficiary

- (1) General Rule - If any death benefits under the Program are to be paid to a person other than the surviving spouse, such beneficiary designation shall be made by the Participant in such form,

and in accordance with such procedures, as the Committee may prescribe, and shall be accompanied by a qualified election if necessary.

A qualified election which is furnished before the first day of the Plan Year in which the Participant attains age 35 becomes invalid on that date with respect to benefits which a surviving spouse is entitled to receive under Article IV.F(2) (a) or (b) above (as applicable); a new qualified election must be furnished after the first day of the first Plan Year in which the Participant attains age 35 if such death benefits are to be payable to any beneficiary other than the surviving spouse.

From time to time the Participant may change his beneficiary or beneficiaries in this same manner. Such designation or change shall take effect to the extent permitted by this Program upon receipt of such beneficiary designation by the Committee retroactive to the date the Participant signs such designation, whether or not he is living at the time of such receipt, and without prejudice on account of any payment made under the Program before such receipt.

In the event a deceased Participant fails to designate a beneficiary, or to the extent a beneficiary designation lapses or fails for any reason, the beneficiary or next-in-line beneficiary is the following person in the numbered order of priority: (1) the remaining primary beneficiaries, in equal shares; (2) the remaining contingent beneficiaries, in equal shares; (3) the surviving spouse; (4) the deceased Participant's estate, if such estate is still open under State law; (5) the issue per stirpes, in equal shares; (6) the siblings per stirpes, in equal shares. If a designated beneficiary dies before the Participant, or dies after the Participant, but before receiving all amounts to which the beneficiary would otherwise be entitled under the Program, such beneficiary designation is deemed to lapse, and such amounts shall be paid to the next-in-line beneficiary and not to a beneficiary of such beneficiary.

- (2) Spousal Beneficiary Designation Invalid Upon Divorce – Upon a Participant's divorce, a Participant's beneficiary designation on file with the Committee is invalid to the extent it designates his former spouse as his beneficiary. If the former spouse is named as the primary beneficiary, the contingent beneficiaries become the primary beneficiary. If the former spouse is named as a contingent beneficiary, the designation is not given effect. This provision does not prohibit a Participant from filing a new beneficiary designation form after his divorce that names his former spouse as his designated beneficiary. In addition, a former spouse designated as a beneficiary will be treated as a beneficiary to the extent provided for in a qualified domestic relations order as described in section 414(p) of the Code.

Special Benefit Adjustments

A. Limitation on Benefits

- (1) General Rule – The amount of annual benefit credited to a Participant for any limitation year shall not exceed the lesser of (i) \$160,000, as adjusted, effective January 1 of each year, under section 415(d) of the Code, and payable in the form of a straight life annuity, or (ii) 100% of a Participant's highest average compensation. In applying this limitation, the Program incorporates the limitation on allocations described in Code section 415, and the regulations thereunder, by reference.
- (2) Definitions - For purposes of this limitation, the following definitions apply:
 - (a) "Compensation"
 - (i) For a Participant who is not a member of a Limited Liability Company, the Participant's earned income, wages, salaries, and fees for professional services and other amounts received for personal services actually rendered in the course of employment with the Participating Member (including, but not limited to, commissions paid to salesmen, compensation for services on the basis of a percentage of profits, commissions on insurance premiums, tips and bonuses), and including such amounts that would have been received except for an elective deferral as defined in Code section 402(g)(3) or a pre-tax deferral pursuant to Code section 125 or 457, or, for Plan Years beginning after December 31, 2000, Code section 132(f)(4), and excluding the following:
 - (A) Member contributions to a plan of deferred compensation which are not includible in the employee's gross income for the taxable year in which contributed, (other than the elective or pre-tax deferrals described earlier in this subsection) employer contributions under a simplified employee pension plan to the extent such contributions are deductible by the employee, or any distributions from a plan of deferred compensation;
 - (B) Amounts realized from the exercise of non-qualified stock options, or when restricted stock (or property) held by the employee either becomes freely transferable or is no longer subject to a substantial risk of forfeiture;
 - (C) Amounts realized from the sale, exchange or other disposition of stock acquired under a qualified stock option; and
 - (D) Other amounts that received special tax benefits.
 - (ii) For a Participant who is a member of a Limited Liability Company, the Participant's earned income (within the meaning of Code section 401(c)(2)) received from the Participating Member, but without regard to any exclusion under Code section 911.
 - (iii) For limitation years beginning on and after January 1, 2008, compensation shall be subject to the limit on compensation in Code section 401(a)(17) and shall include the following:
 - (A) regular compensation for services that, absent the termination of employment, would have been paid to the former Employee if he had continued in employment with the Employer, in accordance with Treas.

Reg. Section 1.415(c)-2(e)(3)(ii), provided the payment is made within the later of (A) 2½ months after a Participant's termination of employment date or (B) the end of the limitation year that includes the termination of employment date;

- (B) payments to a former Employee who does not currently perform services for the Employer by reason of qualified military service, to the extent these payments do not exceed the amount the individual would have received if the individual had continued to perform services for the Employer rather than entering qualified military service, in accordance with Treas. Reg. Section 1.415(c)-2(e)(4), but only to the extent the Employer has elected to allow former Employees performing qualified military service to continue to participate, by making an election on its Adoption Agreement, in accordance with Article III.G; and
 - (C) long-term disability payments paid to an Employee or former Employee who is permanently and totally disabled, as defined in Code Section 22(e), in accordance with Treas. Reg. Section 1.415(c)-2(e)(4), but only to the extent the Employer has elected to allow Employees who become Disabled to continue to participate, by making an election on its Adoption Agreement, in accordance with Article III.E.
- (b) “Highest average compensation” means the average compensation for the three consecutive calendar years with the Participating Member that produces the highest average. If a death benefit is paid in accordance with Section F(2)(e) of Article IV, the period after the Participant’s death shall be disregarded for purposes of determining the Participant’s highest average compensation.
 - (c) “Limitation year” means the calendar year. All qualified plans maintained by the Participating Member must use the same limitation year.
- (3) Minimum Benefit Preserved –
- (a) In the case of an individual who was a Participant in one or more defined benefit plans of the employer as of the first day of the first limitation year beginning after December 31, 1986, the application of the limitations of this Article shall not cause the maximum permissible amount for such individual under all such defined benefit plans to be less than the individual’s current accrued benefit. The preceding sentence applies only if such defined benefit plans met the requirements of section 415 of the Code for all limitation years beginning before May 6, 1986.
 - (b) No provision in this Article V.A shall reduce the accrued benefit of any Participant below the Participant’s accrued benefit as of December 31, 2007 under the provisions both adopted and in effect before April 5, 2007, provided such provisions satisfied the applicable requirements of statutory provisions, regulations, and other published guidance relating to Code Section 415 in effect as of December 31, 2007, as described in Treasury Regulation Section 1.415(a)-1(g)(4).

B. Top-Heavy Provisions

If any Participating Member is or becomes top-heavy in any Plan Year beginning after December 31, 1983, then, for the Participants employed by such Member, the provisions of this section will supersede any conflicting provisions in the Program or Adoption Agreement.

- (1) Definitions - Certain terms, when used in this Section (B), are defined as follows:

- (a) “Key employee” means any Employee or former Employee (including any deceased employee) who at any time during the Plan Year that includes the determination date was an officer of the Participating Member having annual Compensation, as defined in Article V.A(2)(a), greater than \$130,000 (as adjusted under section 416(i)(1) of the Code for plan years beginning after December 31, 2002), a 5-percent owner of the Participating Member, or a 1-percent owner of the Participating Member having annual Compensation of more than \$150,000. The determination of who is a key employee will be made in accordance with section 416(i)(1) of the Code and the applicable regulations and other guidance of general applicability issued thereunder.
- (b) “Top-heavy Member” means for any Plan Year beginning after December 31, 1983, a Participating Member is top-heavy if any of the following conditions exists:
 - (i) If the top-heavy ratio for this Program with respect to such Member exceeds 60 percent and this Program is not part of any required aggregation group or permissive aggregation group of plans for such Member,
 - (ii) If this Program is a part of a required aggregation group of plans for such Member (but which is not a part of a permissive aggregation group for such Member) and the top-heavy ratio for the group of plans with respect to such Member exceeds 60 percent, or
 - (iii) If this Program is a part of a required aggregation group of plans for such Member and part of a permissive aggregation group for such Member and the top-heavy ratio for the permissive aggregation group with respect to such Member exceeds 60 percent.
- (c) “Top-heavy ratio”
 - (i) If the Participating Member maintains one or more defined benefit plans and the Participating Member has never maintained any defined contribution plans (including any Simplified Employee Pension Plan) which during the 5-year period ending on the determination date has or has had account balances, the top-heavy ratio (for any required or permissive aggregation group as appropriate) is a fraction, the numerator of which is the sum of the present values of accrued benefits of all key employees as of the determination date(s) and the denominator of which is the sum of the present values of all accrued benefits of all Participants, determined in accordance with section 416 of the Code.
 - (ii) If the Participating Member maintains one or more defined benefit plans and the Participating Member maintains or has maintained one or more defined contribution plans (including any Simplified Employee Pension Plan) which during the 5-year period ending on the determination date has or has had accrued benefits, the top-heavy ratio (for any required or permissive aggregation group as appropriate) is a fraction, the numerator of which is the sum of account balances under the aggregated defined contribution plan or plans for all key employees as of the determination date(s) plus the sum of the present value of accrued benefits under the aggregated defined benefit plan or plans for all key employees, determined in accordance with (i) above, and the denominator of which is the sum of the account balances under the aggregated defined contribution plan or plans for all Participants as of the determination date(s), plus the sum of the present value of accrued benefits under the aggregated defined benefit plan or plans, determined in accordance with (i) above, for all Participants as of the determination date(s), all determined in accordance with section 416 of the Code.

- (iii) The accrued benefit of a Participant other than a key employee shall be determined under (a) the method, if any, that uniformly applies for accrual purposes under all defined benefit plans maintained by the Employer, or (b) if there is no such method, as if such benefit accrued not more rapidly than the slowest accrual rate permitted under the fractional rule of section 411(b)(1)(C) of the Code.
- (iv) The present values of accrued benefits and the amounts of account balances of an employee as of the determination date shall be increased by the distributions made with respect to the employee under the plan and any plan aggregated with the plan under section 416(g)(2) of the Code during the 1-year period ending on the determination date. The preceding sentence shall also apply to distributions under a terminated plan which, had it not been terminated, would have been aggregated with the plan under section 416(g)(2)(A)(i) of the Code. In the case of a distribution made for a reason other than severance from employment, death, or disability, this provision shall be applied by substituting 5-year period for 1-year period.
- (v) The accrued benefits and accounts of any individual who has not performed services for the employer during the 1-year period ending on the determination date shall not be taken into account.
- (d) "Permissive aggregation group" means the required aggregation group of plans plus any other plan or plans of the Participating Member which, when considered as a group with the required aggregation group, would continue to satisfy the requirements of sections 401(a)(4) and 410 of the Code.
- (e) "Required aggregation group" means (i) each qualified plan of the Participating Member in which at least one key employee participates or participated at any time during the determination period (regardless of whether the plan terminated), and (ii) any other qualified plan of the Participating Member which enables a plan described in (i) to meet the requirements of sections 401(a)(4) and 410 of the Code.
- (f) "Determination date" means for any Plan Year subsequent to the first Plan Year, the last day of the preceding Plan Year. For the first plan year of a plan, the last day of that year.
- (g) "Valuation date" means January 1.
- (h) "Present value" means, for Plan Years beginning on or after January 1, 2007, for purposes of establishing present value to compute the top-heavy ratio, the present value of any benefit of a defined benefit plan based on mortality and interest rate assumptions that are consistent with the assumptions used to calculate Participants' Program benefits.
- (i) "Compensation" means the definition of compensation in Section (A) shall also apply for purposes of this Section (B).
- (2) Minimum Accrued Benefit
 - (a) Amount - Notwithstanding any other provisions in this Program except (b) and (c) below, for any Plan Year in which a Participating Member is top-heavy, each Participant who is then employed by such top-heavy Member, who is not a key employee, and who has completed 1,000 Hours of Service will accrue a benefit (determined in accordance with

Article IV.A(1), provided solely by Participating Member contributions, and expressed as a life annuity commencing at his Normal Retirement Date) of not less than two percent of his highest average compensation for the five consecutive Plan Years for which the Participant had the highest compensation. For purposes of this Article V.B(2)(a), "compensation" shall mean Compensation as defined in Article V.A(2)(a). This minimum accrual is determined without regard to any social security contribution. The minimum accrual applies even though under other Program provisions the Participant would not otherwise be entitled to receive an accrual for the year because (i) the non-key employee fails to make mandatory contributions to the Program, (ii) the non-key employee's compensation is less than a stated amount, or (iii) the non-key employee is not employed on the last day of the Plan Year. For a Participant who terminates service on or after January 1, 1989, and on or before December 31, 1991, who is not a key employee, and who completes 1,000 Hours of Service, minimum accruals (as described in the previous sentences) will be provided regardless of whether his Participating Member is top-heavy for the Plan Year.

For purposes of satisfying the minimum benefit requirements of section 416(c)(1) of the Code and the plan, in determining years of service with the Participating Member, any service with the Participating Member shall be disregarded to the extent that such service occurs during a plan year when the Program benefits (within the meaning of section 410(b) of the Code) no key employee or former key employee.

- (b) Maximum amount - No additional benefit accruals shall be provided pursuant to (a) above to the extent that the total accruals on behalf of the Participant attributable to Participating Member contributions will provide a benefit expressed as a life annuity commencing at Normal Retirement Date that equals or exceeds 20 percent of the Participant's highest average compensation for the five consecutive Plan years for which the Participant had the highest compensation.
- (c) Minimum benefit provided under another plan - The provisions in (a) above shall not apply to any Participant to the extent that the Participant is covered under any other plan or plans of the Participating Member and the Member has provided in the Adoption Agreement that the minimum allocation or benefit requirement applicable to this top-heavy Member will be met in the other plan or plans.
- (d) Accruals counted in determining minimum benefit - All accruals of employer derived benefits, whether or not attributable to years for which the Participating Member is top-heavy, may be used in computing whether the minimal accrual requirements of subsection (b) above are satisfied.
- (e) Top-heavy vesting schedule - Notwithstanding any other provision in this Program, persons becoming Participants after December 31, 1990, (other than Participants employed by a Member that has elected a 2-year waiting period under Article II(B)) shall have their nonforfeitable percentage in any top-heavy minimum benefits accrued under this subsection determined as follows:

<u>Period of service</u>	<u>Nonforfeitable percentage</u>
2 years	20
3 years	40
4 years	60
5 years	80
6 or more years	100

“Period of service” shall have the meaning provided in Article II(B). Notwithstanding the above, (i) a Participant’s entire top-heavy minimum benefit shall be nonforfeitable upon reaching his Normal Retirement Date while an Employee, (ii) in the event of the termination or partial termination of the Program, the rights of all affected Participants to their entire top-heavy minimum benefit accrued to the date of such termination or partial termination (to the extent funded as of such date) shall be nonforfeitable, and (iii) to the extent required by Code section 416(b), top-heavy minimum benefits may not be forfeited under Code section 411(a)(3)(B) or 411(a)(3)(D).

- (3) Actuarial Adjustment if Minimum Benefit Not Paid as Single Life Annuity - If the form of benefit is other than a single life annuity, the Participant must receive an amount that is the actuarial equivalent [determined per Article IV(C)(3)] of the minimum single life annuity benefit. If the benefit commences at a date other than at Normal Retirement Date, the participant must receive at least an amount that is the actuarial equivalent [determined per Article IV (B)] of the minimum single life annuity benefit commencing at Normal Retirement Date.

C. Early Plan Termination Provisions

- (1) General Rule - In the event the Program terminates, the benefit of any highly compensated active or former Participant is limited to a benefit that is nondiscriminatory under Code section 401(a) (4).
- (2) Maximum Benefit Payable to Certain Highly Compensated Employees - For Plan Years beginning after December 31, 1991, benefits distributed to any of the 25 most highly compensated active and former highly compensated Participants of a Member are restricted such that the annual payments are no greater than an amount equal to the payment that would be made on behalf of the Participant under a single life annuity that is the actuarial equivalent of the sum of the Participant’s accrued benefit and the Participant’s other benefits under the Program. Single life annuity means an annuity payable in equal installments for the life of the Participant that terminates upon the Participant’s death.
- (3) Exception to Limit - Subsection (2) above shall not apply if: (i) after payment of the benefit to a Participant described in the preceding subsection, the value of Program assets equals or exceeds 110% of the value of current Program liabilities, as defined in Code section 412(l)(7), or (ii) the value of the benefits for a Participant so described is less than 1% of the value of current Program liabilities.
- (4) Scope of Limit - For purposes of this Section (C), the Participant’s benefit includes any periodic income, any withdrawal values payable to a living employee, and any death benefits not provided for by insurance on the Participant’s life.

D. Fresh-Start Rules

- (1) 1994 Fresh-Start
 - (a) Determination of accrued benefit - Except as otherwise limited under the Program, and subject to (b) below, each Section 401(a)(17) Participant’s accrued benefit under this Program will be equal to the sum of:
 - (i) the Participant’s accrued benefit as of December 31, 1993, frozen in accordance with section 1.401(a)(4)-13 of the Treasury Regulations, and adjusted in accordance with (b) below, and
 - (ii) the Participant’s accrued benefit determined under the Basic Benefit applicable for Plan Years beginning on or after January 1, 1994, as such formula may change from time to time, as applied to the Participant’s service taken into

account under the Program for Plan Years beginning on or after January 1, 1994, for purposes of benefit accruals.

A Section 401(a)(17) Participant means a Participant whose current accrued benefit as of a date on or after January 1, 1994 is based on Compensation for a year beginning prior to January 1, 1994 that exceeded \$150,000.

- (b) Adjustment of frozen benefit - For the purpose of applying part (a)(i) above, the portion of a Participant's accrued benefit as of the last day of a Plan Year beginning before January 1, 1994, that is related to the Participant's High-5 Compensation after such day is adjusted by multiplying such amount by the following fraction (not less than 1). The numerator of the fraction is the Participant's High-5 Compensation for the current year (as limited by section 401(a)(17)). The denominator of the fraction is the Participant's High-5 Compensation as of the last day of the last Plan Year beginning before January 1, 1994 (as limited by section 401(a)(17) as effective on that date), using the Program's current definition of High-5 Compensation.

This adjustment to reflect increases in the Participant's compensation after the fresh start date applies only if the Program satisfies the requirements of section 1.401(a)(4)-13 of the Treasury Regulations for a fresh-start as of the last day of the last Plan Year beginning before January 1, 1994. This adjustment may be made only if the adjustment will not cause the Program to fail to satisfy the consistency requirement of section 1.401(a)(4)-13 of the Treasury Regulations, as modified by section 1.401(a)(17)-1(e) of the Treasury Regulations.

(2) 1997 Fresh-Start

- (a) Determination of accrued benefit - Except as otherwise limited under the Program, and subject to (b) below, each Participant's accrued benefit under this Program will be equal to the sum of:
 - (i) the Participant's accrued benefit as of December 31, 1996, frozen in accordance with section 1.401(a)(4)-13 of the Treasury Regulations, and adjusted in accordance with (b) below, and
 - (ii) the Participant's accrued benefit determined under the Basic Benefit applicable for Plan Years beginning on or after January 1, 1997, as such formula may change from time to time, as applied to the Participant's service taken into account under the Program for Plan Years beginning on or after January 1, 1997, for purposes of benefit accruals.
- (b) Adjustment of frozen benefit - For the purpose of applying part (a)(i) above, the portion of a Participant's accrued benefit as of the last day of a Plan Year beginning before January 1, 1997, that is related to the Participant's High-5 Compensation after such day is adjusted by multiplying such amount by the following fraction (not less than 1). The numerator of the fraction is the Participant's High-5 Compensation for the current year (as limited by section 401(a)(17)). The denominator of the fraction is the Participant's High-5 Compensation as of the last day of the last Plan Year beginning before January 1, 1997 (as limited by section 401(a)(17) as effective on that date), using the Program's current definition of High-5 Compensation.

This adjustment to reflect increases in the Participant's compensation after the fresh-start date applies only if the Program satisfies the requirements of section 1.401(a)(4)-13 of the Treasury Regulations for a fresh-start as of the last day of the last Plan Year beginning before January 1, 1997. This adjustment may be made only if the adjustment

will not cause the Program to fail to satisfy the consistency requirement of section 1.401(a)(4)-13 of the Treasury Regulations.

Management of Funds

A. Funds Held in Trust

The contributions to the Program, investments and reinvestment thereof, and accruals thereto shall be held in the Trust Fund. Such funds shall be held and administered as a single trust without distinction between contributions and accruals thereto.

B. Plan Expenses

All expenses incurred in the administration of the Program shall be paid from the Trust Fund.

C. Accounting

Upon the instructions of the Committee, the Custodial Trustee shall keep separate account of all contributions received by it to provide retirement benefits.

D. Rights to Trust Fund

No person shall have any rights in or to the Trust Fund or any part thereof except as expressly provided herein.

E. Investment Policy and Funding Policy

The Committee is vested with the general authority and responsibility to periodically review and revise the funding policy and the investment policy of the Program, and to engage, terminate and monitor the performance of investment managers, other trustees and custodians. In exercising its authority and responsibilities under this paragraph the Committee shall act as a named fiduciary of the Program.

Withdrawal of A Participating Member

A. Type of Withdrawal

- (1) Voluntary Withdrawal - A Participating Member may withdraw from the Program if it (i) complies with the advance written notice requirements of Article IX.A(2) and (ii) satisfies the withdrawal liability requirements of Article VII.C. Notwithstanding the foregoing, in the event a Participating Member no longer employs Participants who are accruing Basic Benefits under the Program, then, notwithstanding the Member's failure to comply with the advance written notice requirements of Article IX.A(2), such Member is subject to withdrawal liability determined in accordance with Article VII.C, as of a withdrawal date determined by the Plan Administrator.
- (2) Involuntary Withdrawal - The Plan Administrator may partially or completely withdraw a Participating Member from the Program if (i) the Member fails to make sufficient and timely contributions to the Program as required under Articles III.A(1) and III.D(8), (ii) the Member terminates its membership in NTCA, or (iii) the Plan Administrator otherwise determines in its sole discretion that the Member shall be involuntarily withdrawn. If the Plan Administrator determines that a Member shall be completely withdrawn, the Plan Administrator shall arrange for advance notice to affected Participants in accordance with ERISA section 204(h), the Member's Adoption Agreement becomes null and void at the time provided in the notice, and the Member is subject to withdrawal liability determined in accordance with Article VII.C. If the Plan Administrator determines that a Member shall be partially withdrawn as to a specified group of Participants, the Member is subject to withdrawal liability determined and assessed in accordance with Article VII.C, calculated as if such group of Participants were the only Participants of the Member. For purposes of this Subsection (2), the Plan Administrator shall determine the date of withdrawal, which may be retroactive, for purposes of Article VII.C calculations.
- (3) Spinoff – A Participating Member may withdraw from the Program and elect a transfer to a Successor Plan if it (i) complies with the advance written notice requirements of Article IX.A(2) and (ii) satisfies the requirements of Article VII.B.

B. Right to Transfer Funds

- (1) Transfer to Successor Plans - Subject to the conditions in subsection (2) below, a Member that has withdrawn from the Program may elect to transfer to a Successor Plan its Allocable Assets and any Top-Up Contributions, as determined under this Section B, for its Transferred Participants. Such transfer shall fully discharge the obligations of the Program to provide benefits to such Transferred Participants. For purposes of this Section (B), the term "Successor Plan" means a defined benefit plan maintained by the Member which is qualified under section 401(a) of the Code, and the term "Transferred Participants" means those Participants who currently are or formerly were employed by the Member and who did not accrue benefits under the Program as a result of service with another Participating Member following their service with the Member that is withdrawing from the Program. Notwithstanding the foregoing, Transferred Participants shall not include Disabled Participants on whose behalf required contributions are being made to the Program by the NTCA Group Health Program pursuant to long-term disability coverage thereunder and in accordance with Article III.G.
- (2) Requirements for Transfer - The following conditions shall be satisfied before any transfer is made:
 - (a) Written notice to Committee - A Member must affirmatively elect a transfer under Article VII.A(1) by providing written notice to the Committee in accordance with procedures adopted by the Committee. Withdrawals and transfers may occur only as of the end of a month.

- (b) Preservation of tax-qualified status of the Program - A Member which elects a transfer shall establish to the satisfaction of the committee that the Successor Plan is tax-qualified under section 401(a) of the Code, and shall satisfy such other uniform conditions as the Committee may establish to preserve the tax-qualified status of the Program and otherwise protect the Program against unanticipated claims or other liabilities. In addition, the transfer administration charge (determined under subsection (4)(d) below) shall be paid prior to, and as a condition of, any transfer.
- (c) Satisfaction of Code section 414(l) - A transfer of assets and liabilities from the Program to a Member's Successor Plan shall be made only if, in accordance with section 414(l)(1) of the Code, each Participant in the Program would receive a benefit immediately after the transfer (determined as if the Program terminated as of such date) that is at least equal to the benefit to which each Participant would be entitled immediately before the transfer (if the Program terminated as of such date). The preceding sentence shall be applied in accordance with the following:
 - (i) Actuarial Assumptions. Liabilities shall be valued for purposes of section 414(l)(1) based on (i) the interest assumptions that would be used to value Program benefits by the Pension Benefit Guaranty Corporation applied as of the date of Member withdrawal, and (ii) such other assumptions as are used by the Program actuary to value Program benefits for purposes of applying section 412 of the Code *based on the most recent CSEC certification or ERISA valuation report at the time the calculation is made.*
 - (ii) De Minimis Method Required. Under the de minimis method, Treas. Reg. § 1.414(l)-1(n)(2)(i) requires that the value of the assets spun off must equal the present value of the accrued benefits spun off, and this requirement must be satisfied with respect to a Member's spinoff. If the Allocable Assets of the Member under Paragraph (3) are less than the amount required to be transferred under the de minimis method, then the Member must make a "Top-Up Contribution" to the Program of the additional amount necessary so that the de minimis rule is satisfied. Such a Top-Up Contribution shall be added to the amount of Allocable Assets for purposes of determining the amount of Allocable Assets to be transferred under Article VII.B(1) and shall not be taken into account for any other purpose or determination under the Program.
 - (iii) Allocable Assets Limited. Notwithstanding Article VII.B(3), if the value of the assets of the Program is less than the present value of the liabilities of the Program, then the Allocable Assets of the Member shall not exceed the present value of the liabilities of the Member. For purposes of the preceding sentence, "value" and "present value" shall be determined in accordance with Code section 414(l)(1) and this Subparagraph (c).
- (d) No subsequent increase in benefits - In electing a transfer under this section (B), a Member shall acknowledge in writing that the Accrued Retirement Benefit of each Transferred Participant of such Member shall not be increased by any amendment to the Program subsequent to the date of its withdrawal from the Program.
- (3) Allocable Assets of a Withdrawing Member - For purposes of this Section (B), a withdrawing Member's "Allocable Assets" shall equal the Member's Share of Program Liabilities multiplied by the Value of Program Assets less the sum of all balances in Member's Prefunding Accounts under Article III.K. If the Member has a Prefunding Election in effect, the "Allocable Assets" shall be increased by the balance of the Member's Prefunding Account as of the applicable determination dates. Notwithstanding the foregoing, a withdrawing Member's Allocable Assets shall not exceed either the numerator of the ratio used to determine the Member's Share of

Program Liabilities in Paragraph (a) or, if applicable, the amount in Subsection 2(c)(iii). If the amount of Allocable Assets so determined is less than the amount that must be transferred under subsection (2)(c) above, a transfer will be made under this section only if the Member makes a Top Up Contribution to the Program in such additional amount as is necessary to satisfy the requirements of subsection (2)(c) above. For purposes of this paragraph, the term "retirement benefits" refers to the benefits provided under sections (A)(1)(a), (b), (c) or (d) of Article IV. For purposes of this section –

- (a) Member's Share of Program Liabilities - The "Member's Share of Program Liabilities" is a ratio where the numerator is the value of the liabilities of the Transferred Participants with respect to such Member, excluding the pre-retirement death benefits provided under Article IV. F(2)(e), determined on the same basis that the Pension Benefit Guaranty Corporation would use in the event of plan termination as of the date of withdrawal. The denominator is the value of the liabilities of all Participants determined on the same basis as of the date of withdrawal.
 - (b) Value of Program Assets - The "Value of Program Assets" is the fair market value of Program assets as of the end of the month preceding or coincident with the date of withdrawal. For purposes of this section, the fair market value of Program assets shall not include any assets maintained in the Medical Benefits Account under Article XI, nor shall it include any amounts receivable from Participating Members on account of Prior Service Benefits and Early Retirement Incentive Benefits.
- (4) Additional Rules - The following additional rules shall be applied under this Section (B).
- (a) Applicable records - The determinations required by this Section (B) shall be made on the basis of Program records which shall be presumed to be accurate and complete except to the extent that a Member provides the Committee, at least 30 days in advance of any transfer, with written Member records that clearly establish a more complete or accurate basis for making one or more determinations.
 - (b) Timing of transfer - Transfers shall be made as soon as possible following withdrawal and timely receipt by the Committee of the notice and other information satisfying all of the conditions of subsection (2) above.
 - (c) Transfer administration charge - The Committee shall establish a "transfer administration charge" (or schedule of such charges) which takes into account the administrative, actuarial, and legal expenses of the Program associated with the determination of the Allocable Assets of a Member under this Section (B) and making such transfers. Such charge (or schedule) may be changed from time to time based on changes in the expense experience under this Section (B). A "transfer administration charge" shall be payable by any Member which elects a transfer and may, at the discretion of the Committee, be imposed on any Member which makes a written request for an estimate of its Allocable Assets.
 - (d) Transfer Following Withdrawal – Notwithstanding any other provision to the contrary, if a Member elects a transfer to a Successor Plan following its voluntary or involuntary withdrawal, in lieu of liability for the transfer determined under VII.B., the Member shall be liable to the Program in an amount equal to the excess, if any, of the present value of accrued benefits as defined in Article VII.B(2)(c) as of the transfer date over the same amount calculated as of the withdrawal date determined under Article VII.C., adjusted for benefit payments and investment earnings between the two dates and in such other manner as necessary to prevent duplicate liability. This provision shall take effect July 1, 2008, and shall not apply to a Member that withdrew from the Program prior to June 9, 2003.

C. Withdrawal Liability

- (1) Voluntary or Involuntary Withdrawal – Top-Up Contribution - In the event of the voluntary or involuntary withdrawal of a Participating Member under Article VII.A(1) or (2), the Member must make a Top-Up Contribution to the Program determined as if the Member spun off from the Program under Article VII.A(3) in accordance with Article VII.B(2)(c) or Article VII.B(3), whichever would be applicable. The Top-Up Contribution is a joint-and-several obligation of each Participating Member of the withdrawing Participating Member's Controlled Group and must be paid in full within 30 days of receipt of the Program's invoice. The Plan Administrator, in its sole discretion, may agree to an alternative payment schedule, but interest shall start to accrue from 30 days after receipt of the Program's invoice at the rate determined by the Plan Administrator.
- (2) Sale of Assets - If a Participating Member ("Seller") sells assets to a person in another Controlled Group ("Buyer") and, in connection with the asset purchase, Buyer's Controlled Group becomes the employer of 10% or more of the Seller's Participants ("Acquired Employees"), Paragraph (a) applies unless Paragraph (b) is satisfied.
 - (a) The Seller is subject to withdrawal liability with respect to the Acquired Employees determined in accordance with Article VII.C, calculated as if the Acquired Employees were the only Participants of the Seller, effective as of the date the Acquired Employees cease to be Participants based on their status as employees of the Seller.
 - (b) The employer in Buyer's Controlled Group of the Acquired Employees
 - (i) becomes a Participating Member with respect to the Acquired Employees (for purposes of both Article III.A(1)(c) and this Article VII.C) as of the first day of the month following the date their Program participation as Employees of the Seller ends, and
 - (ii) such Participating Member expressly acknowledges in an Adoption Agreement or addendum thereto that its withdrawal liability upon its subsequent withdrawal from the Program, if any, will be calculated as if such Participating Member and the Seller (with respect to the Seller, determined as if the Acquired Employees were the only Participants of the Seller) were the same entity.
 - (c) For purposes of Paragraphs (a) and (b),
 - (i) The Participating Member, and all other persons in its Controlled Group, are jointly and severally liable for any withdrawal liability, and
 - (ii) If, in connection with the sale of assets, the Seller employs no Participants who are accruing benefits under the Program, then the "Acquired Employees" also include any former Employees (and any joint annuitants or beneficiaries with respect thereto) of the Seller with an Accrued Retirement Benefit under the Program.
 - (d) This Subsection (2) does not limit the authority of the Plan Administrator to declare an involuntary withdrawal from the Program, pursuant to Article VII.A(2), of the Seller, the Buyer, or any other Participating Member.
- (3)
 - (a) Assumption of Liability of a Participating Member by Another Participating Member – If a Participating Member withdraws (such Participating Member, "Withdrawing Member") pursuant to Article VII.A(1) (date of such withdrawal, the "Withdrawal Date"), no

withdrawal liability described in Article VII.C(1), (2) and (4) will be assessed if, by written agreement with the Plan Administrator, another Participating Member in the same Controlled Group (such Participating Member, the "Assuming Member") that employs one or more Employees agrees to assume the liabilities associated with such withdrawn Participating Member's former Employees for the purposes of both Article III and Article VII.C herein ("Assumed Liabilities"). For the avoidance of doubt, for the purpose of calculating the Assumed Liabilities described in the preceding sentence, including the Assuming Member's withdrawal liability upon its subsequent withdrawal from the Program, the Assuming Member agrees to be treated as if the Assuming Member and the Withdrawing Member were the same entity.

- (b) Notwithstanding subparagraph (a), if, following such Member's withdrawal, contributions to the Program decrease by 20 percent or more of the aggregate contributions being made to the Program by the Withdrawing Member and all other Participating Members in the Withdrawing Member's Controlled Group immediately before the Withdrawal Date, the following additional conditions must be satisfied in order for subparagraph (a) to apply.
 - (i) Each member of the Assuming Member's Controlled Group on the Withdrawal Date agrees in writing to be jointly and severally liable for the Assumed Liabilities;
 - (ii) A bond is issued in favor of the Program, equal to 150% of the Assumed Liabilities that would be otherwise due as a result of the withdrawal of the Withdrawing Member, for 5 years following the Withdrawal Date, and
 - (iii) The Assuming Member and each member of the Controlled Group agree to notify the Plan Administrator, within 10 days of the occurrence of each of the following events, of the occurrence of any such event.
 - a. Bankruptcy or insolvency of the Assuming Member or any other member of the Assuming Member's Controlled Group;
 - b. The Assuming Member or any other member of the Assuming Member's Controlled Group sells substantially all of its assets;
 - c. The number of active employees of the Assuming Member or member of the Assuming Member's Controlled Group decreases by 20 percent or more as compared to the beginning of the calendar year;
 - d. The aggregate contributions required to be made to the Program for the Plan Year by the Assuming Member and other Members of the Assuming Member's Controlled Group for the Plan Year decrease by at least 20 percent as compared to the day after the Withdrawal Date.
 - (iv) In the event a bond in favor of the Program is issued under subsection (b)(ii) above, the Program may, after written notice to the Assuming Member, draw on the bond upon the occurrence of one or more of the following events in any later Plan Year.
 - a. The Assuming Member or a Controlled Group member of the Assuming Member enters a bankruptcy or insolvency proceeding;
 - b. The Assuming Member or a Controlled Group member of the Assuming Member sells substantially all of its assets; or

- c. The aggregate contributions required to be made to the Program for the Plan Year by the Assuming Member and other Members of the Assuming Member's Controlled Group for the Plan Year decrease by at least 20 percent as compared to the day after the Withdrawal Date.
- (v) For the purpose of subsection (b)(iv) above, the amount the Program may draw on the bond shall equal the Assumed Liabilities calculated on the date of the event described in (b)(iv)(a)-(c) permitting such a draw.
- (c) Notwithstanding subparagraphs (a) and (b), in the event (y) an Assuming Member assumes the Assumed Liabilities pursuant to subparagraph (a) or (b), and (z) the aggregate contributions required to be made to the Program by the Assuming Member's Controlled Group in any later Plan Year decrease by 20 percent or more as compared to the day after the Withdrawal Date (date of such decrease, "Reduction Date"), then the Assumed Liabilities shall become immediately due and payable. For the purpose of the foregoing sentence, the Assumed Liabilities shall be calculated as of the Reduction Date.
- (4) Annuity Purchase Method – In the event of the voluntary or involuntary withdrawal of a Participating Member under Article VII.A(1) or (2) after April 30, 2013, if the Member is not concurrently electing a spinoff under Article VII.B, the Member's withdrawal liability shall be determined in accordance with this Article VII.C(4) in lieu of calculating the withdrawal liability under Article VII.C(1). The withdrawal liability calculated under this Article VII.C(4) is a joint-and-several obligation of each Participating Member of the withdrawing Participating Member's Controlled Group.
 - (a) A withdrawing Member subject to this Article VII.C(4) shall fund an annuity purchase by the Program guaranteeing the benefits of all of its Transferred Participants (as defined in Article VII.B(1)) and beneficiaries of Transferred Participants, including retired Participants or beneficiaries receiving Program benefits, as of the liability assumption date under the annuity contract in accordance with the following rules ("Annuity Purchase").
 - (b) The withdrawing Member shall pay to the Program the excess, if any, of the Annuity Purchase Cost determined under Article VII.C(4)(c) over the Allocable Assets of the Member determined under Article VII.B(3) as of the Member's withdrawal date (such Allocable Assets to be adjusted for payments to participants and beneficiaries, through the date as of which the Program's liability for benefits ceases and for gains or losses in Allocable Assets, through the Provider Selection Date (as defined below)).
 - (c) The "Annuity Purchase Cost" is the premium quote accepted by the Committee on the date it selects the Annuity Provider ("Provider Selection Date") plus the Member's allocable share of the administrative, actuarial, and legal expenses of the Program associated with the Annuity Purchase as determined by the Committee in its sole discretion.
 - (d) Timing of Payment - The withdrawing Member shall pay to the Program the withdrawal liability described in (b) within 30 days of the Provider Selection Date. However, if the projected Provider Selection Date is expected to be more than 30 days from the Member's withdrawal date-
 - (i) The Member shall pay the Program, within 30 days of the date the Program provides the Participating Member a written estimate of the Annuity Purchase Cost, an amount equal to 85 percent (or a lower percentage determined by the Committee based on the particular facts and circumstances of the Participating

Member) of the excess, if any, of the estimated Annuity Purchase cost over the Program actuary's estimate of the Member's Allocable Assets ("Estimated Payment").

- (ii) The Member shall pay the Program the difference between the Member's liability under section (b) (the excess of the actual Annuity Purchase Cost and the final determination of the Allocable Assets), and the Estimated Payment, within 30 days of the Provider Selection Date.
 - (iii) The final calculation under (ii) shall take into account any changes in Allocable Assets or benefit liabilities associated with Participants and beneficiaries of the Member who received distributions or died after the Withdrawal Date and before the date as of which the Program's liability for benefits ceases.
 - (iv) Notwithstanding anything in this subsection (4) to the contrary, where a Member is expected to cease to exist as of a date concurrent with its withdrawal or in any other circumstances where the Committee deems it to be protective of the Program, the Committee may determine withdrawal liability based on up to 110% of the estimated Annuity Purchase Cost, and may affect the annuity purchase on the basis likely to ensure that the benefit liability will be transferred in substantial compliance with the requirements of this subsection under the relevant circumstances. In such case, the estimated Annuity Purchase Cost is the Annuity Purchase Cost for purposes of calculating the Member's withdrawal liability under Article VII.C(1).
 - (e) The Annuity Purchase under this Article VII.C(4) shall be subject to the requirements, and have the effects on the Program and on affected Participants, beneficiaries and other persons, benefits described in Article VII.D, except that the date of System withdrawal shall be substituted for December 31, 2012 therein.
 - (f) If the Annuity Purchase Cost increases because the Annuity Provider later requires additional premiums due to errors in information provided by the withdrawing Member in connection with the annuity pricing, the Member shall pay the additional amount to the Program.
 - (g) The Committee shall determine the timing of any Annuity Purchase under this Article VII.C(4), including but not limited to whether more than one Annuity Purchase will be made on account of Member withdrawals in a Plan Year, taking into account the number of affected Participants, the state of the annuity market and other relevant factors.
 - (h) If the Committee is unable to make an Annuity Purchase consistent with applicable law, then the Member's withdrawal liability shall be determined under Article VII.C(1).
 - (i) Article VII.B(4)(e) is inapplicable where withdrawal liability is determined under this subsection (4).
- (5) Joint and Several Liability – Notwithstanding anything herein to the contrary, any withdrawal liability assessed against a Participating Member pursuant to this Article VII.C is deemed assessed against, and is a joint-and-several obligation of, each member of the withdrawn Participating Employer's Controlled Group.

D. Annuitization of Benefits for Participants

This Section D. shall be applicable to a transfer of liability for the payment of Program benefits to an insurer through the purchase of an annuity contract pursuant to Article VII. If the purchase of annuity

contract is required under Article VII, the Committee shall, in accordance with this Section D, purchase a group annuity contract from a domestic life insurance company licensed in one or more states ("Annuity Provider") that assumes the Program's liability for, and fully guarantees payment of, the entire benefit rights of each affected Participant. The Annuity Provider shall furnish each Participant or beneficiary whose Program benefit is transferred pursuant to this Article VII.D an annuity certificate that describes the benefits to which he is entitled and that provides for all benefits of the Program that are protected under section 411(d)(6) of the Code or otherwise required by the Code or ERISA to be incorporated into a distributed annuity. Such benefits shall include any benefits attributable to Participant Contributions made under the Program.

Notice to Participants – The Program shall furnish notice to affected Participants and beneficiaries that the liability for payment of their Program benefits has been transferred to the Annuity Provider. The notice shall identify the Annuity Provider and inform Participants and beneficiaries that the Annuity Provider will provide each Participant or beneficiary with a certificate of coverage. A Participant or beneficiary is not required to consent to receipt of the annuity.

- (1) Program Liability for Benefits Extinguished – Notwithstanding any other provision of the Program, the transfer of liability for payment of Program benefits to an Annuity Provider under this Article VII shall fully discharge the liability of the Program and the Participating Member with respect to Participants whose Plan benefits are so transferred and their beneficiaries, who shall no longer be Participants or beneficiaries of the Program and shall have no further recourse against the Participating Member, Program, NTCA, the Committee, the Program Administrator or any of their employees, officers, directors or affiliates.
- (2) A Participant (or beneficiary) receiving Program benefits on the effective date of the Program's transfer of liability for his benefits to the Annuity Provider, shall continue to receive benefits from the Annuity Provider under the annuity certificate reflecting the transfer of liability to the Annuity Provider in the form and manner such benefits were being paid by the Program as of such date (with no new election or consent of his spouse required or permitted).
- (3) Subsequent Participation in the Program – If a Participant whose benefit has been transferred to an Annuity Provider in accordance with this Article VII is subsequently rehired by any Participating Member, the following rules shall apply:
 - (a) The rehired Participant shall have the right to repay the transferred benefit to the Program, and have the portion of his Accrued Retirement Benefit corresponding to such repayment restored, in accordance with Article IV.G(3).
 - (b) Article V.A (limitation on benefits) shall be applied by taking into account the rehired Participant's transferred benefit.
 - (c) The rehired Participant's transferred benefit shall not be taken into account for purposes of Article V.B (top-heavy requirements).
 - (d) A Participant shall not be deemed to be receiving benefits (including for purposes of Article XI) merely because he has received an annuity certificate.
- (4) The Committee shall utilize a competitive bidding process or other reasonable method under the circumstances to select an Annuity Provider. The Committee's selection of an Annuity Provider shall be final and conclusive as to all persons.
- (5) If the Committee is unable to make an Annuity Purchase consistent with applicable law, then this Article VII.D shall be of no further force or effect.

E. Annuitization of Certain Additional Participants

If a Participating Member and the other members of its Controlled Group, if any, are not making contributions to the Program for any Participant as of December 31, 2012 or such other date as described in the Committee's notice to the Board, the Committee shall, in accordance with Article VII.D purchase a group annuity contract from an Annuity Provider that assumes the Program's liability for, and fully guarantees payment of, the entire benefit rights of each Transferred Participant (as defined in Article VII.B(I)) and beneficiary of a Transferred Participant including a retired Participant or beneficiary receiving Program benefits, of such Participating Member or such subset of Transferred Participants and beneficiaries as shall be determined as of the effective date of the amendment (except where a Participating Member retains a right to spin off its Participants at a future date under the Program pursuant to a written agreement between the Participating Member and NTCA entered into before December 31, 2012).

F. Certain Additional Annuity Purchases

The Committee shall transfer liability for Program benefits to an insurer through the purchase of an annuity contract pursuant to this Article VII for the Participants described in the following circumstances (1) or (2) below –

- (1) a former Member withdrew from the Program and, subsequent to its withdrawal (or the effective date of an associated spin-off or annuity purchase), one or more of its Participants (or their beneficiaries) commenced the receipt of monthly benefits or is no longer employed by any Member; or
- (2) the Participating Member has retired Participants or beneficiaries with monthly benefits in an amount specified by the Program Actuary.

Any purchase under this subsection is subject to the terms and conditions of subsections C and D, and to the Committee's determination (acting in a settlor capacity as delegate of the Board) as to the timing and amount of the purchase in light of the number of affected Participants and beneficiaries, the state of the annuity market and other factors taken into account by the Program Actuary in specifying the benefit amount described in paragraph (2).

Administration of the Program

A. Committee

General administration of the Program shall be placed in the Committee. The Committee shall have authority to decide all issues arising in connection with the Program, including its interpretation and may adopt rules for the procedure of the Committee. The Committee shall act by a majority of its membership and the action of such majority expressed by a vote at a meeting, or in writing without a meeting, shall constitute the action of the Committee. The decision or action of the Committee with respect to all matters within the scope of its authority shall be conclusive and binding on all persons. The Committee is empowered to allocate and delegate, in writing, specific administrative and operational duties as the Committee may deem appropriate, to such persons as the Committee may select.

The Committee shall retain such administrators, consultants, actuaries, counsel, and other service providers as it deems necessary for the administration and operation of the Program, except the Program auditor and Custodial Trustee shall be designated by the Board.

B. Disbursements

Disbursements shall be made from the depository referred to in Article III(D)(5) only upon order of the Committee, and only for the reasons described in Article X(C), in a transaction described in Article VII(B), or for the payment of expenses and benefits incurred in the proper administration of the Program.

C. Plan Terms Control

In the event of any conflict between provisions of these Specifications and the terms of contract, agreement, or provisions in the Policy Manual, the terms of these Specifications shall control.

D. Claims for Benefits

All claims for benefits under the Program shall be submitted in writing in accordance with procedures established by the Plan Administrator. Any denial by the Plan Administrator or its delegate, in whole or in part, of a claim for benefits under the Program shall be made in writing and shall fully explain the reasons and justifications for the denial. The decision shall be reasonably calculated to be understood by the claimant. Any denial shall inform the claimant of the procedure by which review of the denial may be sought. The complete claims review procedure shall be set forth in the Program Policy Manual and the Summary Plan Description for the Program.

Claimants must follow the claims procedures adopted by the Plan Administrator before taking action in any other forum regarding a claim for benefits under the Program. Any suit or legal action initiated by a claimant under the Program must be brought by the claimant no later than one year following a final decision on the claim for benefits under these claims procedures. The one-year statute of limitations on suits for benefits applies in any forum where a claimant initiates such suit or legal action. If a civil action is not filed within this period, the claimant's benefit claim is deemed permanently waived and abandoned.

Any other claims that arise under or in connection with the Program, even though not claims for benefits, must be filed with the Plan Administrator and are considered in accordance with the Program's claims and appeals procedures.

E. Indemnification

The Program shall indemnify and hold harmless, to the maximum extent permitted by law, each member of the Committee, the Association each member of the board, and the Contract Administrator and its directors, officers and employees (the "indemnities"), against any and all liabilities, including compromise of asserted liabilities, and expenses, including reasonable attorney's fees and defense costs, incurred in any civil, criminal, administrative or other proceeding as a result of or in connection with the discharge of duties with respect to the Program, except any liability or expense resulting from breach of fiduciary duty, bad faith, willful misconduct or gross negligence. The Program shall advance to any indemnitee the expenses reasonably and actually incurred in the defense of any claim for which the Program would have an obligation to provide indemnity under this provision, upon request and upon receipt of a satisfactory undertaking to repay any expenses so advanced should it be determined that the indemnitee is not entitled to indemnity hereunder. The indemnity provided herein shall not be available with respect to any liability or expense covered by any policy of fiduciary liability insurance.

F. Electronic Administration

Any action required by law or necessary or desirable for the administration of the Program (including, without limitation (1) directions, elections, or other actions by Participants, (2) the delivery of statements and other disclosure materials to Participants, (3) the delivery of Program administrative materials to or by Participating Members, the Trustee and Committee, (4) any decision, direction or action by the Committee and (5) the authorization and/or adoption of specification amendments) may be taken by means of electronic communications and media to the maximum extent permitted by law.

G. Contributions and Associated Funding Determinations

The Committee shall determine the amount of Employer contributions, Surcharge Contributions and any other contributions required for each Plan Year based on the recommendation of the Program Actuary consistent with the funding policy of the Program. Such determinations shall be applicable to a Member on the basis of the Basic Benefit and other elections made by the Member in its Adoption Agreement, and shall be communicated to the Member a reasonable time before the beginning of each Plan Year.

Amendments and Termination

A. Right of Participating Member to Amend or Withdraw

- (1) **Withdrawal or Change in Adoption Agreement** - It is the intention of each Participating Member to continue the Program in effect. Each Participating Member reserves the right, however, solely in accordance with Article VII.A(1) or (3), to withdraw or spinoff from the Program on behalf of its Participants. Further, subject to such restrictions as are otherwise imposed under the Program, a Participating Member may execute a successor Adoption Agreement to (i) alter its election of the Program's eligibility funding in year of retirement, contributions for Disabled Participants and contributions for Reservist Participants provisions, as well as its election to use Effective Salary under Article I(8)(b), effective January 1, or (ii) alter the election of any of the other provisions under the Program, effective as of the first day of any month.
- (2) **Notice to Plan Administrator and Affected Participants** - Notwithstanding Subsection (1), a successor Adoption Agreement, or a withdrawal or spinoff from the Program under Article VII.A(1) or (3), shall not take effect unless the Plan Administrator has received such Agreement, or written official notice of the withdrawal or spinoff in advance of its proposed effective date, in accordance with procedures adopted by the Plan Administrator. In addition, in the case of such a withdrawal or spinoff, or a successor Adoption Agreement that would involve a significant reduction in the rate of future benefit accrual, in an early retirement benefit, or in an early retirement subsidy, such withdrawal, spinoff, or successor Agreement shall not take effect unless and until it is established to the satisfaction of the Plan Administrator that affected Participants, and each employee organization representing affected Participants of such Member, received written notice of such withdrawal, spinoff, or successor Adoption Agreement at least 45 days in advance of its proposed effective date.
- (3) **Amendment of Plan Language** - A Participating Member may amend the Program by adding overriding Program language to the Adoption Agreement where such language is necessary to satisfy sections 415 and 416 of the Code because of the required aggregation of multiple plans or the need to coordinate minimum benefits under these sections. If a Participating Member otherwise amends any provision of the Program, such amendment will be treated as an involuntary withdrawal from the Program under Article VII.A(2), including the Member's obligation to satisfy the withdrawal liability requirements of Article VII. C.

B. Right of Association to Amend or Terminate

- (1) **Amendment Authority** - The Program may be amended at any time by action of the Board, but no such amendment shall become effective (except as provided in subparagraph (3) of this Section) until at least 60 days after each Participating Member has been notified of the amendment. A Participating Member may file with the Association written notice objecting to such amendment, which must be received at least twenty days prior to the expiration of the 60-day period in order to be considered by the Board. Any amendments to this Program may be withdrawn by the Board at any time prior to the date upon which said amendment would otherwise become effective. In such case, Participating Members will be notified of the withdrawal of such amendment.
- (2) **Limit on Amendment Authority**
 - (a) **No decrease of accrued benefits** - No amendment to the Program (including a change in the actuarial basis for determining optional or early retirement benefits) shall be effective to the extent that it has the effect of decreasing a Participant's Accrued Retirement Benefit. Notwithstanding the preceding sentence, a Participant's Accrued Retirement Benefit may be reduced to the extent permitted under section 412(c)(8) of the Code. For purposes of this paragraph, a Program amendment which has the effect of (1)

eliminating or reducing an early retirement benefit or a retirement-type subsidy, or (2) eliminating an optional form of benefit, with respect to benefits attributable to service before the amendment, shall be treated as reducing Accrued Retirement Benefits. In the case of a retirement-type subsidy, the preceding sentence shall apply only with respect to a Participant who satisfies (either before or after the amendment) the preamendment conditions for the subsidy. In general, a retirement-type subsidy is a subsidy that continues after retirement, but does not include a qualified disability benefit, a medical benefit, a social security supplement, a death benefit (including life insurance) or a plant shutdown benefit (that does not continue after retirement age).

- (b) Exclusive benefit of Participants - Further, no amendment to this Program shall make it possible for any part of the contributions or accruals of the Trust to be used for or diverted to purposes other than the exclusive benefit of the Participants or their beneficiaries prior to the satisfaction of all liabilities with respect to such Participants and beneficiaries.
- (3) Retroactive Amendments - Notwithstanding any other provision of this Program, any amendment of same may be made retroactively and immediately if necessary or appropriate to conform the Program to any governmental or judicial law, regulation or ruling, or, in the sole discretion of the Board, to provide for increased benefits or effect such other action as it reasonably determines to be in the interests of Participants and beneficiaries.
- (4) Termination of Program - If the Program is terminated, the following provision shall apply:
 - (a) Allocation of assets under ERISA Section 4044 - First, Program assets shall be allocated in accordance with section 4044 of the Employee Retirement Income Security Act of 1974, as amended.
 - (b) Allocation of remaining assets - Second, any remaining Program assets shall be allocated among the Members participating in the Program on the date of termination in a manner consistent with the principles for determining Allocable Assets under Article VII(B)(3).
 - (c) Increase in Participant benefits - Third, any Program assets which are determined to be Allocable Assets with respect to a Member under (b) above shall be applied to increase the benefits of Participants of such Member (other than Participants who are not actively participating in the Program on the date of termination) on a basis which is proportionate to the Accrued Retirement Benefits of such Participants on the day before the date of termination.

In the event the Program is to be terminated, the Board, in its sole discretion, may provide written notice to Participating Members that Member elections to transfer assets under Article VII(B) which were made on or after a date which is less than 90 days before the date of the Board notice will not be given effect (notwithstanding any other provision of this Program), unless the transfer has actually been made prior to the date of such Board notice. Notwithstanding any other provision of this Program to the contrary, in the event of a termination (or spin-off) of this Program within 5 years of the date of a merger described in Article IV(A)(1)(f), Program assets shall be allocated first to the benefits of the Participants in the pre-merger plan to the extent of the present value of their benefits as of the date of such merger.

- (5) Amendment of Vesting Schedule - If any amendment changes any vesting schedule under the Program, any Participant with a period of service of three or more years may, by filing a written request to such effect with the Committee within sixty days after receiving notice of such amendment, elect to have his vested percentage computed under the vesting provisions in effect prior to the amendment.

Miscellaneous Provisions

A. Governing Law

- (1) The Program shall be construed and enforced according to the laws of the Commonwealth of Virginia but only to the extent that such laws are not preempted by the Employee Retirement Income Security Act of 1974, as amended ("ERISA").
- (2) Effective January 1, 2014, the Program is intended to satisfy the requirements to be a Cooperative and Small Employer Charity ("CSEC") Pension Plan under section 414(y) of the Code that is subject to the minimum funding standards under section 433 of the Code, and which is exempt from the benefit restriction provisions of section 436 of the Code.

B. Nonalienation

A Participant's interest in the Program may not be assigned, transferred or alienated, either voluntarily or involuntarily. The preceding sentence shall also apply to the creation, assignment, or recognition of a right to any benefit payable with respect to a Participant pursuant to a domestic relations order, unless such order is determined to be a qualified domestic relations order, as defined in section 414(p) of the Code, or any domestic relations order entered before January 1, 1985. Notwithstanding any other provision of this Program, the distribution of all or any portion of a Participant's interest in the Program pursuant to a qualified domestic relations order shall be made as soon as practicable, provided the order does not prohibit such a distribution and both the Participant and the beneficiary of the order consent in writing to such distribution. Program benefits payable to an alternate payee under a qualified domestic relations order may be made in any of the forms described in Article IV(C)(3) except any form of joint and survivor annuity.

C. Return of Contributions to Employer

- (1) Mistakes of Fact - Any contribution made by the Participating Member because of a mistake of fact must be returned to the Member within 1 year of the date of the contribution.
- (2) Contributions Conditioned on Initial Qualification of the Program - In the event that the Commissioner of Internal Revenue determines that the Program is not initially qualified under the Code, any contribution made incident to that initial qualification by the Participating Member must be returned to the Member within 1 year after the date the initial qualification is denied.
- (3) Contributions Conditioned on Deductibility - In the event contributions to the Program by Employers are disallowed under section 404 of the Code, such contributions (to the extent disallowed) shall be allocated and returned to Employers within one year of the disallowance. The Committee may adopt such procedures as it deems necessary to allocate the disallowed contributions among Employers.
 - (a) The Program amendment is submitted to the Internal Revenue Service for qualification within 1 year from the date the amendment is adopted and,
 - (b) Such contribution that was conditioned upon Program re-qualification is returned to the Member within 1 year after the date the Program's re-qualification is denied.

D. Merger, Transfer of Assets, Or Consolidation

In the event of a merger or consolidation with a transfer of assets to any other plan, each Participant shall receive a benefit (computed as if the Program were then terminated) immediately after such merger or consolidation, which is at least equal to the benefit he was entitled to immediately before such merger or consolidation.

E. Exclusive Benefit of Participants

The corpus or income of the Trust may not be diverted to, or used for, purposes other than the exclusive benefit of the Participants or their beneficiaries.

F. Plan Interpretation

The masculine pronoun whenever used shall include the feminine, and the singular, when the context so indicates, shall include the plural.

G. Impact of Plan on Employment Rights

The adoption of this Program by a Member shall not be construed as creating or modifying any contract between the Member and any of its Employees.

H. Missing Participants

The Committee shall take reasonable steps to locate any Participant or beneficiary to whom Program benefits are payable. In the event a Participant or beneficiary cannot be located, his Program benefits shall be forfeited. In the event the Participant or beneficiary subsequently files a claim for benefits, the forfeited benefit shall be reinstated, without interest.

I. Reemployment after Retirement

The benefits of a Participant who has received, or is receiving, benefits by reason of retirement under Article IV of this Program shall not be suspended or reduced because the Participant returns to service with a Participating Member. Notwithstanding any other provision of this Program, a Participant receiving retirement benefits (or who has received a distribution of his entire interest in the Program by reason of the requirements of Article IV) shall not be credited with any additional benefits under this Program unless the Participant is receiving benefits by reason of the requirements of Article IV.E. (minimum distributions) or Article IV.G(2)(a) (mandatory small distributions). In the latter case, appropriate actuarial adjustment shall be made so as to reflect the Participant's receipt of the benefits.

Notwithstanding the prior paragraph, if a Participant's accrued benefit under the Program is attributable to employment with more than one Member, the Participant may continue to be credited with additional benefits under the Program even if he is receiving a distribution of benefits, provided that the benefits being distributed are attributable to employment with a Member outside of the controlled group of the Member for which he would be credited with additional benefits.

J. Incapacitated Distributees

If the Committee determines that a person entitled to receive any benefit payment is under a legal disability or is incapacitated in any way so as to be unable to manage his financial affairs, the Committee may direct the Custodial Trustee to make payments to such a person's legal representative, or to a relative or other individual for such a person's benefit, or to otherwise apply the payment for the benefit of such person, subject to such conditions as the Committee deems appropriate. Any payment of a benefit in accordance with the provisions of this Section shall be a complete discharge of any liability by the Program to make such payment.

K. Correction of Errors

Notwithstanding any other provision of this Program, in accordance with procedures approved by the Plan Administrator, the Contract Administrator may correct any mistake in amounts accrued, credited or paid to a Participant in any reasonable manner, including but not limited to, crediting additional accruals to a Participant, making a payment to a Participant to reflect an underpayment, requiring the repayment

of an overpayment, or adjusting the amount of future Plan distributions paid to a Participant who received an overpayment, and shall periodically report on corrections to the Plan Administrator.

Each Participating Member agrees to hold the Program, the Committee, NTCA and the Contract Administrator harmless for any liability or loss arising out of the Participating Member's provision of inaccurate, incomplete or untimely information to the Program, such loss to include, for example, the amount of a benefit overpayment paid to a Participant or beneficiary, regardless of whether that overpayment may have been recoverable from the Participant or beneficiary.

L. Qualified Military Service

Notwithstanding any provision of this Program to the contrary, contributions, benefits and service credit with respect to qualified military service will be provided on or after December 12, 1994 in accordance with section 414(u) of the Code.

M. Headings

Any headings used in this document are for convenience of reference only and are to be ignored in the construction of any provision hereof.

Post-Retirement Medical Benefits Account

A. Medical Benefits Account

There is hereby established under the Program a Medical Benefits Account for the purpose of providing for the payment of certain medical expenses to eligible retired Participants of Participating Members and their eligible dependents and beneficiaries pursuant to section 401(h) of the Code.

B. Medical Benefits

A Participant's interest in the Program may not be assigned, transferred or alienated, either voluntarily or involuntarily.

- (1) In General - The medical benefits payable on behalf of an eligible retired Participant and his eligible dependents and beneficiaries ("Medical Benefits") shall be specified by the Member in its Supplemental Adoption Agreement either directly or by reference to a separate written plan or plans ("Retiree Medical Plan"). Such specifications also shall include eligibility criteria for retirees and their dependents and beneficiaries; such criteria which may not discriminate, within the meaning of applicable provisions of the Code, in favor of Highly Compensated Employees. To the extent provided in the Supplemental Adoption Agreement, a Member's Retiree Medical Plan, as in effect from time to time, is incorporated herein by reference. For purposes of this Article, "Medical Benefits" may include medical, dental and vision care benefits to the extent defined as "medical care" in section 213 of the Code, and "Participant" may include an individual who is a former Participant.
- (2) Limitation on Benefits - The Medical Benefits payable at any time with respect to a Member shall be limited to the amount in the Member's Medical Benefits Subaccount. Prior to the satisfaction of all liabilities regarding the payment of Medical Benefits, no amounts credited to the Member's Medical Benefits Subaccount shall be used for, or diverted to, any purpose (including the provision of any retirement benefits under the Program) other than providing Medical Benefits or defraying the reasonable expenses attributable to the Medical Benefits Subaccount.
- (3) Impact on Retiree Medical Plan - This Article shall not provide greater rights to benefits than those provided under the Member's Retiree Medical Plan.

C. Separate Subaccounts

A Medical Benefits Subaccount shall be maintained for bookkeeping purposes for each Member. In addition, separate subaccount(s) shall be maintained within each Member's Medical Benefits Subaccount for contributions attributable to periods during which any covered Employee is a Key Employee (as defined in Article V(B)(1)(a)); Medical Benefits payable with respect to a Key Employee and his eligible dependents and beneficiaries shall be paid solely with funds from such separate subaccount.

D. Collective Investment

Amounts credited to the Medical Benefits Account may be invested by the Committee in common with other assets of the Program and with assets of the Medical Benefit Account established under the NTCA Savings Plan. Income, gains and losses associated with the investment of such amounts shall be allocated proportionately to each Medical Benefits Account (and Member subaccounts) as determined by the Committee.

E. Funding Method and Policy

- (1) Contributions - Medical Benefits shall be funded through contributions made by the Member. Subject to the restrictions of this Section and Section F below, each year the Member may contribute to the Medical Benefits Subaccount, in one or more installments as determined by the Committee, an amount which satisfies the general requirements and does not exceed the limitations applicable to deductions allowable under section 404 of the Code for contributions pursuant to section 401(h) of the Code. The total cost of providing Medical Benefits shall be determined in accordance with any generally accepted actuarial method which is reasonable in view of the associated benefits and coverage, the funding medium, and other applicable considerations.
- (2) Forfeitures - In the event an individual's interest is forfeited prior to the termination of the Member's Medical Benefits Subaccount, the amount of the forfeiture shall be applied as soon as practicable to reduce any future contributions to be made by the Member pursuant to this Article.
- (3) Contributions Not Required - Notwithstanding anything in the Program to the contrary, the Member shall not be required to make annual or regular contributions to the Medical Benefits Account.

F. Subordination to Retirement Benefits

- (1) In General - The Medical Benefits provided under this Article, when added to any Life Insurance Protection provided under this Program, shall be subordinate to the retirement benefits provided under this Program. Accordingly, the sum of aggregate contributions for Medical Benefits (made after the effective date of this Article) and the aggregate contributions for Life Insurance Protection (made after such date) shall at no time exceed 25 percent of the sum of the aggregate contributions for pension benefits (excluding contributions for past service credits) made after the effective date of this Article, the aggregate contributions for Medical Benefits (made after such date), and the aggregate contributions for Life Insurance Protection (made after such date).
- (2) Determination of Retirement and Non-Retirement Benefits - For purposes of this Section: (1) both Member and Participant contributions to the Program shall be taken into account; (2) all Member and Participant contributions to the Program (including the Medical Benefits Account) shall be aggregated; and (3) "Life Insurance Protection" shall mean the excess, if any, of (a) over (b):
 - (a) 100 times the monthly pension - 100 times the monthly pension that would have been payable, had such Participant survived until his Normal Retirement Date and retired at that time with benefits payable in the form of a single life annuity with ten years certain.
 - (b) Present value of retirement benefits - The present value of the Participant's Accrued Retirement Benefit, computed using the actuarial assumptions described in Article IV.C(3)(f).

Contributions for Life Insurance Protection shall be actuarially determined for the Program as a whole based on the actuarial methods and assumptions used to determine contributions for pension benefits under the Program as a whole.

- (3) Annual Limit on Contributions - Pursuant to rules of uniform application, the Committee shall determine each year the maximum amount each Participating Member may contribute pursuant to the limitations of this Section and section 401(h)(1) of the Code.

G. Administration

- (1) **Participating Member's Responsibility** - A Participating Member shall retain full responsibility for the determination and payment of Medical Benefits pursuant to this Article.
- (2) **Disbursements** - Upon submission of adequate proof of payment of Medical Benefits, the Committee shall disburse an equivalent amount of funds to the Member from the Member's Subaccount (including payment from any special subaccount for Medical Benefits paid with respect to a Key Employee).
- (3) **Separate Accounting** - The Custodial Trustee shall account for the Account and Subaccounts established under this Article separately from the single fund established for the payment of retirement benefits under this Program. All expenses associated with the Account shall be charged to and allocated among the Subaccounts as determined by the Committee.
- (4) **Committee's Authority** - The Committee may enter into such agreements, and adopt such uniform policies and procedures, as it deems necessary to provide for proper administration of the Account established under this Article.

H. Withdrawal and Termination

- (1) **Withdrawal of Member** - In the event that a Member withdraws from participation in the Program under Article VII(A), no further contributions to the Member's Medical Benefit Subaccount shall be accepted. In the event that the Member also elects a transfer to a Successor Plan under Article VII(B), the amount of the Member's Medical Benefits Subaccount shall be transferred to a section 401(h) account maintained under the Successor Plan.
- (2) **Termination of Medical Benefits Subaccount** - Notwithstanding any contrary provision of the Program (including Section X(E)), upon the satisfaction of all liabilities for the payment of Medical Benefits from a Member's Medical Benefits Subaccount (including by reason of termination of the Member's plan of Medical Benefits or the discharge of plan liabilities by operation of state or federal law), any remaining amounts credited to the Subaccount shall be returned to that Member. Termination of the Medical Benefits Subaccount shall not result in the vesting of any Participant's rights.

I. Effective Date

This Article shall take effect as of June 22, 1993, but only if the Committee determines (prior to June 21, 1993) that it will not adversely affect the qualification of the Program under section 401(a) of the Code. Such determination shall be based on an IRS opinion or determination letter or on a written opinion of legal counsel to the Committee.

**ADOPTION AGREEMENT
RETIREMENT & SECURITY PROGRAM
FOR THE EMPLOYEES OF NTCA
AND ITS MEMBERS**

The _____ (hereafter referred to as the 'Participating Member' or 'Member') hereby adopts for its Employees the Retirement & Security Program ('Program') sponsored by NTCA. The following elections are an integral part of this Adoption Agreement. Capitalized terms in this Adoption Agreement are defined in the Specifications for the Retirement & Security Program.

A. EFFECTIVE DATE

Please check only one of the following two boxes:

- ☐ This is a new Adoption Agreement effective as of _____.
- ☐ This is a successor Adoption Agreement effective as of _____ and replaces all earlier Agreements.

B. COMPENSATION

Please check appropriate boxes below:

- ☐ This Agreement covers a non-union group and we recognize that Compensation is defined as Compensation as described in Article I(8)[except paragraph (b)].
- ☐ This Agreement covers both union and non-union groups and we irrevocably elect to define Compensation as Compensation as described in Article I(8)[except paragraph (b)] for all Employees.
- ☐ This Agreement covers a union group. As such, we elect to define Compensation as:
- ☐ Compensation as described in Article I(8)[except paragraph (b)]
- or-
- ☐ Effective Salary as described in Article I(8)(b)
- ☐ Compensation of a Highly Compensated Employee shall not include the distribution of deferred compensation (including associated amounts, such as income attributable to the cost of insurance protection) from or under a split dollar plan or arrangement.

C. RULE-OF-85 PROVISION

Please check only one of the following two boxes:

- ☐ Retirement benefits will be provided under the Rule-of-85 Provision as of _____ (Note: This date cannot be earlier than January 1, 1982, nor later than the effective date of this agreement.) Selection or non-selection of this option means that the Member has read the explanation of Rule-of-85 in the plan document and understands the information.
- ☐ No Retirement benefits will be provided under the Rule-of-85 Provision.

D. ELIGIBILITY

Please check the appropriate boxes:

- ☐ An Employee shall begin participating in the Program on the January 1st, April 1st, July 1st, or October 1st coincident with or next following date of employment.
- ☐ An Employee shall begin participating in the Program on the January 1st, April 1st, July 1st, or October 1st coincident with or next following the date three months after date of employment.
- ☐ An Employee shall begin participating in the Program on the January 1st, April 1st, July 1st, or October 1st coincident with or next following the date six months after date of employment.
- ☐ An Employee shall begin participating in the Program on the January 1st, April 1st, July 1st, or October 1st coincident with or next following the date one year after date of employment.
- ☐ An Employee shall begin participating in the Program on the January 1st, April 1st, July 1st, or October 1st coincident with or next following the date two years after date of employment.
- ☐ In addition to the service requirement elected above, an Employee will be required to meet a minimum age requirement of 21.

OR

- ☐ Notwithstanding any eligibility election in a Member's Adoption Agreement, an Employee hired or rehired on or after _____, or who has not otherwise satisfied the above eligibility requirements as of such date, shall be excluded from Program participation. See Article III.M of the program specifications for limited exceptions for certain terminations and reemployments within a controlled group or before a Period of Severance.

E. COVERAGE OF PART-TIME EMPLOYEES

Please check only one of the following two boxes:

- ☐ The Participating Member will allow all otherwise eligible Employees to participate in the Retirement & Security Program without regard to hours worked during the Plan Year.
- ☐ The Participating Member will allow otherwise eligible Employees to participate in the Retirement & Security Program in a Plan Year only after the Employee is scheduled to work at least (or, if earlier, after the Employee completes) 1000 Hours of Service during a Year of Service.

F. COVERAGE OF HIGHLY-COMPENSATED EMPLOYEES

Please check only one of the following two boxes:

- ☐ The Participating Member will allow any highly compensated employees as defined under Section 414(q) of the Internal Revenue Code to participate in the Retirement & Security Program.
- ☐ The Participating Member will not allow any highly compensated employees as defined under Section 414(q) of the Internal Revenue Code to participate in the Retirement & Security Program.

G. BENEFIT FORMULA FOR ACTIVE EMPLOYEES

Please fill in the blanks below:

Schedule I

Basic Benefit Rate

The Participating Member agrees to contribute the amount required to fund a basic benefit of ____% (expressed in .10 (one-tenth) increments), but not less than 0.5% and no more than 4.5% of a Participant's High-5 Compensation.

Participant Contributions

As a condition of participation in this Program, each Participant must contribute annually ____% of Compensation. Such Participant Contributions may not constitute more than one-half of the aggregate Member and Participant Contributions under this Schedule I for the year, and must be made on an after-tax basis.

Schedule II

Notwithstanding Schedule I, for employees hired on or after _____:

Basic Benefit Rate

The Participating Member agrees to contribute the amount required to fund a basic benefit of ____% (expressed in .10 (one-tenth) increments), but not less than 0.5% and no more than 4.5% of a Participant's High-5 Compensation.

Participant Contributions

As a condition of participation in this Program, each Participant must contribute annually ____% of Compensation. Such Participant Contributions may not constitute more than one-half of the aggregate Member and Participant Contributions under this Schedule I for the year, and must be made on an after-tax basis.

Actuarial upcharge applies. See Appendix B in the NTCA Retirement & Security Program specifications for details. Schedule II contribution rate applies to benefits accrued after the effective date of this Adoption Agreement.

Note that, pursuant to Article III.A.1 of the Specifications, the Participating Member Contribution noted above is deemed to be reduced by a percentage, not to exceed one-quarter of one percent, designated by the NTCA Board and required to be paid directly by each Employer to NTCA to defray certain costs associated with the Program. (The unreduced Employer Contribution Percentage will continue to be used to calculate the amount of any required Surcharge Contributions.) Under the Program Specifications, contributions required to fund the Basic Benefit or any other benefit elected in this Adoption Agreement are determined by the Trust Committee based on the recommendations of the Program Actuary and shall be binding on the Participating Member.

H. CONTRIBUTIONS FOR DISABLED EMPLOYEES

The Participating Member may elect either option described below. Unless this is the Member's initial Adoption Agreement, its election may be effective only as of the first day of a Plan Year. The elected option must remain in effect for at least 5 years and will apply only to Participants becoming Disabled after the election becomes effective. An election will not become effective unless the Member has provided the Committee with at least 30 days advance notice of its election. The Participating Member's election is effective as of _____.

Please check only one of the following two boxes:

- ☐ The Participating Member elects to continue to make contributions (subject, if applicable, to the Participant continuing to make required contributions and other conditions in the Specifications) to provide basic benefits on behalf of a Participant who becomes Disabled (as defined under the Program) while employed by the Participating Member and participating in the Program. Such contributions will be based on the Basic Benefit rate and Compensation in effect when the Participant became Disabled. To the extent any waiver contributions from the NTCA Group Health Program are insufficient to fund these contributions, the Participating Member must make the additional contributions.
- No contribution will be made under this option with respect to a Participant who was employed by a Member that elected long-term disability waiver coverage from the NTCA Group Health Program if the Participant had no such coverage as of the date he became Disabled because he did not make contributions required for long-term disability waiver coverage.**
- ☐ The Participating Member elects not to continue to provide Basic Benefits Member contributions on behalf of a Participant who is Disabled.
- If this option is elected and the Participant is covered under the long-term disability waiver portion of the NTCA LTD Program, no Retirement & Security Program Contributions will be made by the waiver program on behalf of any Participant who first becomes Disabled after the date of this election.**

I. PARTICIPANT CONTRIBUTIONS FOR MILITARY RESERVISTS

The Participating Member may elect separately either option described below for pre- and post-December 11, 1994 military service. Unless this is the Member's initial Adoption Agreement, the election may be effective only as of the first day of a Plan Year. The elected option must remain in effect for at least 5 years and will apply only to Employees returning to employment from a period of qualified military leave after the election becomes effective. An election will not become effective unless the Member has provided the Committee with at least 30-days advance notice of its election. The Participating Member's election for post-December 11, 1994 military service is effective as of _____; its election for pre-December 11, 1994 military service is effective as of _____.

Post-December 11, 1994 Active Military Service Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)

Please check only one of the following two boxes:

- ☐ The Participating Member elects to make the applicable Participant Contributions for a period of military service for an Employee who is entitled under the Uniformed Services Employment and Reemployment Rights Act of 1994 to Program coverage for such period of military service.
- ☐ The Participating Member elects not to make the required Participant Contributions on behalf of a Participant who has qualified military service under the Uniformed Services Employment and Reemployment Rights Act of 1994.

Pre-December 11, 1994 Contributions for Military Reservists

Please check only one of the following two boxes:

- ☐ The Participating Member elects to make the required Participant Contributions on behalf of a Participant who is a reservist called to active military duty and who is not a Highly Compensated Employee under Code Section 414(q).
- ☐ The Participating Member elects not to make the required Participant Contributions on behalf of a Participant who is a reservist called to active military duty.

J. ACCRUAL IN YEAR OF RETIREMENT

The Participating Member may elect one of the three options described below. Unless this is the Member's initial Adoption Agreement, an election may be effective only as of the first day of a Plan Year. The elected option must remain in effect for at least 5 years and will apply only to non-Highly Compensated Employees age 55 or older who were actively accruing a Retirement & Security benefit at the time of separation from employment. An election will not become effective unless the Member has provided the Committee advance notice of its election. The Participating Member's election is effective as of _____.

Please check only one of the following boxes:

- ☐ The Member elects to fund its share of the Basic Benefit elected in **G** on behalf of Participants described above in **J**, for the entire calendar year in which separation of employment occurs, provided the Employee pays any required Participant Contributions for the same period.
- ☐ The Member elects to fund its share of the Basic Benefit elected in **G** on behalf of Participants described above in **J**, for the entire calendar year in which separation of employment occurs; the Member also agrees to pay the required Participant Contributions (if any) starting with the month the Participant terminates employment with the Participating Member through the end of the calendar year.
- ☐ The Member elects to fund its share of the Basic Benefit elected in **G** on behalf of Participants described above in **J**, only through the month in which an Employee separates from service; the Employee's required Participant Contributions (if any) continue only through that month also.

K. PURCHASE OF PRIOR SERVICE BENEFITS

(Complete as appropriate; note that "prior service benefits" refers to benefits for service before an individual became a Participant in the Program or for benefits over and above benefits already provided for credited years of service.) Under Article IV.A(1)(a), the Member agrees to purchase Prior Service Benefits in the amount specified below; if none are purchased, write "Not Applicable or N/A".

L. MERGER BENEFITS

(Complete as appropriate; note that "merger benefits" refers to benefits payable under other pension plans which were merged into this Program.) Under Article IV.A(1)(f), the following benefits for the Participants named were earned under other pension plans and merged into the Program; if none are involved, write "Not Applicable or N/A".

M. SPECIAL BENEFIT ADJUSTMENT

In any year in which the Participating Member becomes top-heavy, within the meaning of Article V.B(1)(c), the minimum allocation requirements of Article V.B(2) shall be satisfied by contributions under:

- ☐ The NTCA Retirement & Security Program
- ☐ The NTCA Savings Plan
- ☐ other qualified plan. Name of Plan: _____

We agree to be bound by the terms of the Program Specifications, as they may be amended periodically, and the Participating Member agrees to hold harmless the Program, the Trust Committee, and Services Management Corporation, the Contract Administrator, (the "Indemnified Persons") from any liability for (i) a financial loss that the Participating Member may incur as a result of implementing specific, individualized advice or information that an Indemnified Person(s) provided in response to a request from the Participating Member for assistance or a response provided based on inaccurate or incomplete information provided by the Participating Member to such Indemnified Persons or (ii) a Participating Member's failure to satisfy the Internal Revenue Code's nondiscrimination rules, including but not limited to the cost of correcting such failure through an IRS filing. In addition, we agree to hold the Program, the Committee, NTCA and the Contract Administrator harmless for any liability or loss arising out of the Participating Member providing inaccurate, incomplete or untimely information to the Program.

Note: This particular Adoption Agreement may only be used and is only valid when it is used by a Participating Member to adopt the Retirement & Security Program sponsored by NTCA.

In witness whereof, the Participating Member, by its duly authorized officer, has caused this agreement to be executed this ____ day of _____, 20__.
